Petroleum Receipts

16. GNPC lifted five parcels of crude oil (i.e. the 25th–29th liftings) on behalf of the State between January and September 2015. This involved 4,781,972 barrels of oil, down from 4,824,715 barrels in the corresponding period in 2014.
17. Total petroleum receipts (i.e. proceeds from Jubilee liftings and other petroleum receipts) as at the end of the third quarter of 2015 was US\$341.50 million (GH¢1,243.65 million).

Allocation of 2015 Petroleum Receipts

18. Out of the total petroleum revenue of US\$341.50 million received in the first nine months of 2015,
 - US\$98.30 million was allocated to GNPC (the NOC) as its share of Equity Financing Cost (US\$38.66 million) and Net Carried and Participating Interest (US\$59.64 million).
 - A total of US\$16.60 million (GH¢67.06 million) was transferred into the GPF, of which US\$4.98 million or GH¢20.17 million was transferred to the GHF while US\$11.62 million or GH¢46.89 million was transferred to the GSF.
19. Total ABFA amounted to US\$227.47 million (GHS834.76 million) between January and September 2015, of which US\$39.81 million was transferred to the Ghana Infrastructure Investment Fund (GIIF).

THEME: "Consolidating Progress towards a Brighter Medium Term".

Utilisation of the 2015 Annual Budget Funding Amount

20. Actual utilisation of ABFA amounted to GHS84.52 million, GHS576.0 million, and GHS353.57 million at the end of the first, second and third quarters of 2015, respectively. Utilisation of the ABFA by the priority areas as shown in **Table 2**.

Developments in Public Debt

21. Provisional debt stock as at September, 2015, stood at GH¢92,161.84 million (US\$24,285.07), made up of GH¢54,488.26 million (US\$14,357.91million) for external debt and GH¢37,673.58 million (\$9,927.16 million) for domestic debt.
22. In terms of GDP, the public debt stood at 69.12 percent at the end of September, 2015 from 70.15 percent in December, 2014 as shown in Figure 3.

Figure 3: Trend in Public Debt/GDP (2009 –Sept2015)

THEME: "Consolidating Progress towards a Brighter Medium Term".

MACROECONOMIC TARGETS FOR THE MEDIUM-TERM AND 2016

23. Fiscal policy over the medium-term will aim to progressively reduce the fiscal deficit from 5.3 percent of GDP in 2016 to 3.0 percent of GDP by 2018. This reduction will be driven by revenue and expenditure through revenue administration reforms, improved public financial management and expenditure rationalization to enhance the efficiency of public spending, as well as the implementation of new debt management strategies.
24. The following revenue enhancing and expenditure rationalization measures, among others, will be reinforced over the short to medium term to ensure the achievement of the nation's fiscal objectives:
 - The Income Tax Act, 2015 (Act 896) will be fully implemented in January 2016. The new Act which replaces Act 592 seeks to simplify the income tax regime and improve tax compliance, is expected to yield additional revenue equivalent to 0.3 percent of GDP.
 - Realignment of Statutory Funds: To address the increasing rigidities in the budget, Statutory Funds expenditures totaling GH¢564.6 million will be realigned to the central Government budget.
25. Based on the medium term macroeconomic framework, the specific macroeconomic targets to be pursued for the medium term (2016-2018) include the following:
 - An average real GDP (including oil) growth rate of at least 8.2 percent;
 - An average non-oil real GDP growth rate of 6.9 percent;
 - An inflation target of 8 percent with a band of ± 2 percent;
 - An overall Budget Deficit of 3.0 percent by 2018; and
 - Gross International Reserves to cover not less than 4 months of imports.
26. The specific macroeconomic targets for 2016 are as follows:
 - Overall real GDP (including oil) growth of 5.4 percent;
 - Non-oil real GDP growth of 5.2 percent;
 - An end year inflation target of 10.1 percent;
 - Overall budget deficit equivalent to 5.3 percent of GDP; and
 - Gross international reserves of not less than 3 months of import cover.

POLICY INITIATIVES FOR 2016

27. Update on the status of policy initiatives implemented in the past few years is presented as follows;

Public Financial Management Reforms

28. A comprehensive PFM Strategy with accompanying action plan and results framework has been approved by Cabinet to further enhance the efficiency, transparency and accountability of the Public Financial Management Systems.
29. A new overarching PFM Bill which is currently being drafted is expected to be passed into law in 2016, to provide a stronger regime for budget planning and formulation, execution and monitoring. The law is intended to provide a comprehensive approach to macro-fiscal management, budgeting, treasury and debt management, accounting and reporting of the use of all public resources.

FISCAL POLICY

Tax Policy and Administration

30. The following tax measures was introduced to create additional fiscal space for sustainable budget expenditures:
- Parliament passed the law to increase excise tax rate from 150 percent to 175 percent;
 - GRA insist on importers to quote TIN and tax office quotes at the ports;
 - NHIS Act amended to ensure that transfers to the NHIF conforms to the taxable base of the VAT Act 2013 (ACT 870); and
 - GRA reviewed and harmonized various tax laws. This includes the Income Tax Act, passed in 2015 to complement the Value Added Tax Act, the Customs Act and the Excise Law. The Revenue Administrative Bill is expected to be laid in Parliament in 2016.
31. For 2016 and the medium term, Tax Policy will focus on measures that will ensure tax compliance and improve revenue administration rather than introduce new taxes. These measures include the following:
- moving all processes to an electronic platform and accelerating the shift to a functional form of administration in all tax offices;
 - review the current thresholds for classification of persons as large, medium or small to reflect current trends;
 - establish joint audit/investigation teams to conduct audits and investigations;
 - intensify the monitoring of Free Zones Enterprises by rolling out the Integrated Free Zones Unit in line with the 2nd GRA Strategic Plan 2015 - 2017;
 - implement the Electronic Point of Sale project; and
 - rollout fully the excise tax stamp project;

THEME: "Consolidating Progress towards a Brighter Medium Term".

Non-Tax Revenue

32. Non-Tax Revenue/Internally Generated Funds (NTR/IGF) performance grew at an annual average rate of 22.7 percent over the past three years. In 2016, the Ministry will continue to implement policy initiatives to further improve performance. Among the new initiatives will be, the
- Wean-off the Driver and Vehicle Licensing Authority (DVLA); Environmental Protection Agency (EPA); Energy Commission (EC); Data Protection Commission (DPC); Gaming Commission (GC); and Securities and Exchange Commission (SEC) and eventually convert them into Companies in accordance with the Statutory Corporation (Conversion to Companies) Act, 1993, (Act 431);

EXPENDITURE MANAGEMENT INITIATIVES

Payroll Management

33. Government will manage the impact of the compensation bill in 2016 by the continuation of the following measures:
- Electronic-Payroll Input Forms (e-Forms);
 - Interfacing Payroll Database with SSNIT Biometric data: Nationwide Pension Payroll Head Count;
 - Enhancing control and oversight; and
 - The progressive roll out of the Human Resource Management Information System (HRMIS).

Cash Management

34. To effectively manage public expenditure and make funds available in a timely manner to meet planned expenditures, a number of Policy initiatives are being undertaken to strengthen the cash management system. These include the B-Tracking, e-Travel Card, e-Fuel Card, and the Treasury Single Account.

Sustainable Debt Management

35. To ensure that Government's financing needs and payment obligations are met at the lowest possible cost over the medium to long term, a debt management strategy was developed to provide a more cost-efficient access to the international and domestic capital markets. Progress made on implementing the strategy includes the following:
- **On-lending and Escrow Arrangements:** Government has made significant progress in ensuring that loans contracted for SOEs and MDAs

THEME: "Consolidating Progress towards a Brighter Medium Term".

for commercial projects are done with on-lending agreements to ensure recovery;

- **Interest rate Hedging:** The Ministry of Finance will strengthen public debt management policy and operations by implementing the Interest Rate Hedging Policy through swap arrangements to allow for enhanced predictability of debt service;
- **Sovereign Guarantees:** Government will limit the use of Sovereign Guarantees, encourage the ring-fencing of SOE's receivables for debt repayments including utilities payments.

FINANCIAL SECTOR INITIATIVE

36. Financial Sector Initiatives includes:

- **Capital Market Development:** The Ghana Fixed Income Market (GFIM) Governing Committee was established with oversight responsibility of facilitating the secondary trading of fixed income securities through greater efficiency, better price discovery, increased liquidity and greater transparency.
- **Dormant Assets Scheme:** Government in 2016 will revisit the initiative to implementing a dormant asset scheme to improve the tracking of beneficiary owners of dormant account unclaimed dividends, interest payments and insurance benefits to provide for a sound investment of scheme assets.

Infrastructure Development Initiatives

37. Government recognizes infrastructure development as a key ingredient in its development agenda. Over the past three years the following initiatives have been implemented.

- **National Infrastructure Plan:** A draft National Infrastructure Plan has been developed.
- **Public Private Partnerships:** Government has adopted a new approach to financing infrastructure development. A number of PPP projects will be implemented in the course of the year. Feasibility studies have been conducted on at least 18 PPP projects whilst a number of them are at various stages of implementation.

OTHER INITIATIVES

38. **Job Creation/ Youth Employment Initiatives:** Following the passage of the Youth Employment Act, 2015 (Act 887) a total of 100,000 youth will be engaged in six different areas including: Waste and Sanitation; Security Services; Community Teaching Assistant; Community Health Assistant; Youth in

THEME: "Consolidating Progress towards a Brighter Medium Term".

Afforestation; and Youth in Apparel under the Community Improvement Programme. An additional 1,000 persons with disabilities are expected to be engaged.

39. **Green House Project:** Government will establish Green House capacity building and training centres to train farmers, youth, women and agricultural graduates in commercial, modern greenhouse vegetable production in the country.

SOCIAL PROTECTION/PRIORITY INTERVENTION PROGRAMMES

40. To eradicate extreme poverty, under the LEAP programme, bi-monthly cash grants were disbursed to a total of 116,000 households in 180 Districts across the 10 Regions. Cash grants per head was increased from GH¢36.00 to GH¢44.00.
41. Under the LEAP 1000 project, enrolment of an additional 6,006 beneficiary households was completed in the Northern and Upper East regions, whilst about 382 children in Children's Homes, 12 elderly persons in Elderly Homes, 405 lepers in various Leprosaria and 751 persons in Witches Camps received LEAP grants.
42. In 2016, Government will expand the LEAP to cover over 250,000 beneficiary households and strengthen the institutional arrangements for social protection.

2015 SECTORAL PERFORMANCE AND OUTLOOK FOR 2016

MINISTRY OF FOOD AND AGRICULTURE

43. The Ministry as part of its agricultural modernization and food security programme assembled and sold to farmers, 77 SAME tractors, 49 power tillers, 20 rice threshers, eleven rice reapers and six rice mills with their respective components.
44. In 2016, the Ministry will procure 50 tractors with components to support Agricultural Mechanization Services Enterprise Centres (AMSECs).
45. The Ministry in collaboration with the private sector established 2,500ha of cotton farms with an expected yield of 1,500mt of seed cotton. The Cotton Development Board was also inaugurated to regulate activities in the industry to improve cotton production in the country.
46. In 2015, the Ministry facilitated the production of 16 million doses of ND1-2 vaccines out of a target of 32 million for the control of Newcastle disease in poultry. A total of 5,750,000 doses were also distributed countrywide. Government will continue to produce doses of ND1-2 vaccines to increase the poultry population in 2016.
47. Government in 2015 reviewed upward the producer price of cocoa by 21.74 percent, from GH¢5,520.00 per tonne to GH¢ 6,720.00 per tonne for the 2015/16
