PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

Atwima Nwabiagya Municipal Assembly is one of the forty-three (43) Administrative Municipals in Ashanti Region. Formally, it was Atwima Nwabiagya District Assembly; however, in 2018, it was upgraded to Municipality status by Legislative Instrument (LI 2298). It has about 64 settlements with Nkawie as the administrative capital with about 35.3 percent being urban and 64.7 being rural.

ATWIMA NWABIAGYA MUNICIPAL MAP

Population Structure

According to the 2020 Population and Housing Census, the Atwima Nwabiagya Municipal has a population of 161,893 aggregated into 78,334 for Males and 83,559 for Females with an annual growth rate of 2.6%. And projected to grow in 2023 at 180,356 Age and Sex Composition

The population of the Municipality has been grouped into age and sex cohort. Thus 0-14 age group constitutes 56,647 (35%), 15-64 age group is 99,554 (61.50%) and 64+ is also 3,320 (3.50%).

Vision

The vision of the Assembly is to become a world class leader in local governance, committed to creating a happy, healthy and self-sufficient Municipality with resilient infrastructure base.

Mission

The Atwima Nwabiagya Municipal Assembly exists to ensure equitable provision for the citizenry through effective utilization of available resources within the context of good governance.

Goals

The development goal of the Atwima Nwabiagya Municipal Assembly is to ensure that the socio-economic wellbeing of the people is enhanced. Below are the districts goals

- a. To improve the quality of life of the people through the provision of basic social amenities and services.
- b. To promote and support productive activity and social development and remove any obstacles to initiate development,
- c. To bring up strategies to effectively mobilize resources necessary for the overall development of the district.

Core Functions

- The Assembly exercises deliberative, legislative and executive functions.
- Exercise political and administrative authority in the municipality.
- Be responsible for the overall development of the municipal.
- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the municipal.
- Sponsor the education of students from the municipal to fill particular manpower needs of the municipal especially in the social sectors of education and health, making sure that the sponsorship is fairly and equitably balanced between male and female students.
- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the municipality.
- Be responsible for the development, improvement and management of human settlements and the environment in the municipality

District Economy

The main economic activities in the Municipality include farming, livestock rearing, teaching, trading, construction, dress making, hairdressing, wood work, metal fabrication, repair works, food processing, distilling of alcoholic beverages and soap making.

Although the Municipality is sixty-eight (68) percent rural and thirty-two (32) percent urban, generally it will be expected that agriculture dominates the economy, however it should be noted that most of the settlements are closer to the urbanized communities and so are mostly engaged in services and trade activities.

The economically active population (age 15-64) is estimated at 93,906. Out of this, 49,304 (52.5%) are females whiles 44,602 (47.5%) are males. The female population is engaged mainly in generally low-income earning activities such as food crop farming (i.e. cassava, plantain, cocoyam and local vegetables), petty trading, dress making, hairdressing, small scale food processing and soap making. Whiles their male counterparts are engaged mainly in relatively high incoming earning activities like, cash and food crops (cocoa, citrus, oil palm, maize, exotic vegetables, ginger, rice,), livestock rearing, metal fabrication, repair works, construction, wood work and large-scale trading activities (Wood, building materials, etc.).

There is the need to put in place specific measures to support the various activities of female and male. There is also the need to encourage more female (through skills training, education, credit support, etc.) to venture into male dominated trades, such as metal fabrication, cash crop farming, repair works and large-scale trading activities.

• Agriculture

There is the availability of large tracks of fertile agriculture lands in the Municipality for commercial farming. These lands can be located at Amanchia, Kobeng, settlements for crops and livestock production, the Municipality has comparative advantage in the following crop production areas. These are arranged in order of priority;

- i. Maize production, plantain, Cassava Yam and in-land rice
- ii. Cocoa, Oil palm and Citrus.

The Municipality can boast of a number of poultry farms and livestock rearing which promotes job creation. Construction of warehouse under One - Municipal - one - Warehouse is underway. This will provide storage facilities for maize and other products.

It is an undeniable fact that agriculture is one of the most important economic activities in the Municipality. Agriculture Extension Services are quite predominant in the Municipality. The Municipality has been divided into three Zones and each zone is further demarcated into operational areas for efficient and effective service delivery. The operational areas also consist of communities. The Municipality therefore has six operational areas. These operational areas are manned by 4 Agriculture Extension Agents (AEAs), whilst the zones are supervised by Zonal Supervisors.

Road Network

Roads are very important determinant of the accessibility of people to services and facilities. It is therefore necessary to analyze the road network and their conditions.

Two trunk roads within the Municipality are the 16km stretch of Abuakwa – Wioso road and the 5 kilometers stretch of Abuakwa – Mfensi road. In all, the Municipality has 109.5

kilometers of Bitumen surfaced road. The remaining road network (137.2 km) is graveled roads. The total bitumen surfaced roads in the Municipality in 2005 was about 82.2km. These roads provide surface access to services in the Municipality and also link the Municipality to other parts of the country.

Accessibility in the remote Cocoa and food crop growing communities of Nyamebekyere, Apuayem, etc. is still poor. Some of the roads linking these communities become almost impassable during the rainy season. This makes movement to and from such areas still very difficult.

Farmers in these areas face a lot of transportation difficulties, some of which include unreliability means of transport and high transport fares. Most of their produce go bad or are bought at very low prices by middlemen. The people in these areas are unable to access some basic social and economic services. The completion of Kyereyaase -Nkontomire road would significantly improve accessibility in most of the communities which are currently in this situation.

• Energy

The electricity coverage in the Municipal is about 70%. Most of the bigger towns have access to electricity. Twenty-four communities do not have electricity and some of the communities are as follows: Bankyease, Akwapim Ntabanu, Ahwiaa, Ntabanu, Fankamawe, Sewua, Anyamesm etc. Plans are underway to extend electricity to those communities that do not have electricity.

The Federal Ministry of Education and Research of Germany (BMBF) in collaboration with Ministry of Environment, Science, Technology and Innovation (MESTI) of Ghana

through West African Science Service Centre on Climate Change and Adapted Land Use (WASCAL) in Accra conducted feasibility studies on renewable energy resources in Ghana under the supervision of CSIR-Ghana. The result of it is the construction of Hybrid Waste-to-Energy and Solar PV system at Gyankobaa. The first of its kind in Ghana.

The objective of the project is expected to improve sanitation in Kumasi by converting the ever-increasing municipal waste into energy for productive uses and contribute to sustainable industrial development. The energy generated is expected to feed into the Military Hospital project and other government installations in the Gyankobaa enclave. Ultimately this venture will also promote government plans of increasing the use of renewable energy resources to reduce the effects of climate change.

Health

The Municipality has only one (1) Hospital. With the current projected population of 103,698 as at 2017, the Municipality required about 2 hospitals. The current hospital gap is being managed by two (2) Health Centres, one (1) Private Maternity Home and one (1) private clinic, which are located in Abuakwa, Nkawie-Toase, and Afari. The Hospital is located at Nkawie / Toase. Table 1.34 shows the distribution of health facilities in the Municipality.

The Municipal hospital is still housed in the old Municipal Assembly building. However, the hospital still lacks basic facilities like blood bank; X-ray department, Kitchen, Laundry, Mortuary etc.

A modern theatre has been constructed with funding from ANESVAD, a Non-Governmental Agency from Spain to facilitate the management of surgical cases, especially Buruli Ulcer.

A fence wall has been constructed to provide security to the hospital. The hospital is therefore still exposed to all sorts of vices. The Abuakwa Health Centre is a 10-bed facility, with an average of 100 patients a day. Most clients are seen as out-patients, and those needing admission are referred to other facilities. Attendance is very high at the health centre; there is the need for expansion of infrastructure and posting of a Medical Doctor to reduce the client load of the Chief Medical Assistant. None of the institutions has decent residential accommodation for the staff.

According to the physical accessibility to health map, all the major health facilities are located at Nkawie, Abuakwa, Afari, Makro and Amanchia. People who are able to access health facilities in 30 minutes are assumed to have access to health facilities. An additional

CHPs Compound has been constructed at Asakraka to serve the surrounding communities. Last year, the Assembly constructed a 30 Bed Capacity Ward to improve service delivery at the CHPs Compound. Plans are underway to add more improvements to the facility to upgrade it to the status of a Health Centre to cater for the health needs of the surrounding communities. This year, the Assembly plans to construct an additional health facility at Besease to cater for the health needs of the people of Hiawu, Amoabeng and surrounding communities.

The total number of people in the reproductive age 10- 19 in 2017 is estimated at 38,188. Out of this 34,273 (89.8%) are females, whiles 3,914 (10.2%) are males. Five years on. this category of female population is are still in their reproductive years and are exposed to reproductive health and social risks such as, still births, abortions, anaemia, maternal mortalities, HIV/AIDS/STIs, teenage pregnancy and associated teen motherhood/school drop outs.

Therefore, the need to increase reproductive health care services/facilities in the Municipality, to improve and protect the health status and development of women in this category of population (15-44), cannot be left to chance. General health education on drug abuse, HIV/AIDs/STIs and excessive intake of alcohol has also been targeted at this category, which constitutes about 40% of the total population of the Municipality.

• Education

The important role that education plays in the social, cultural, and economic development of a country as a whole and the Municipal in particular cannot be over-emphasized. In a developing peri-urban municipality like Atwima Nwabiagya, the need for skilled manpower is important.

On public schools, there are thirty (30) kindergarten/nursery schools, thirty-seven (37) primary schools, twenty-seven (27) Junior High Schools, and two (2) Senior High Schools in the Municipality. The private schools are twenty-five (25) kindergarten/nursery schools, thirty-seven (37) primary schools, twenty-seven (27) Junior High Schools, two (2) Senior High Schools and four (4) vocational schools in the Municipality. One of the Senior High Schools provides technical courses. There are also four (4) Vocational Schools and one (1) Theological University in the Municipality. The Assembly is constructing one additional senior high school at Abuakwa which will serve day students.

School Performance at Basic Education Certificate Examination (BECE) Level

An observation of BECE results in the municipality may reveal a beautiful picture in terms of school participation rate which is over 98%. However, a critical analysis of the picture indicates that schools that are closer to peri-urban communities have the tendency of contributing to the high performance. On the other hand, the performances of public schools in remote communities usually obtain low pass rate mainly due to negligence in supervision, inadequate logistics and poor teaching and learning materials.

• Market Centres

Abuakwa market in the Municipality is a major marketing centre. Again, the Abuakwa market is a centre where commodities produced outside the district are imported into the district. This indicate that the market at Abuakwa has a huge potential which when

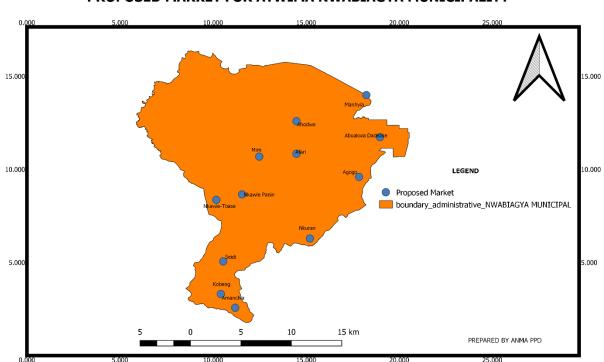

harnessed properly can help immensely in the revenue mobilization effort of the Municipality and to accelerate the development of the district.

The Municipality has other additional markets. There is a market day at Nkawie where commodities produced inside and outside the district are displayed. Several sellers and buyers converge at Nkawie on every Wednesday to engage in marketing activities.

In addition, all the other satellite areas do not have adequate market infrastructure. This situation has limited organised trading activities in the Municipality. Moreover, a lot of revenue is also lost since economic activities are not regulated by the assembly. In order to solve this problem, the Municipal Assembly is looking to establish market infrastructure in these communities to help enhance the economic potentials of the Municipality. For instance, in the 2023 budget the Assembly will commence the construction of 1No. 1 storey 26unit Lockable Stores at Nkawie Market. The procurement process has been completed.

The below shows these satellite markets that are to be provided with the needed market infrastructure.

Water and Sanitation

Water

Results from the 2010 Population and Housing Census revealed that 16.5 percent of households in Atwima Nwabiagya Municipal Assembly use pipe-borne water (inside dwelling) as main source of drinking water while 23.1 percent use pipe-borne outside dwelling. A proportion of 29.8 percent of households use borehole and 16.1 percent use protected well. Abuakwa, Asenemaso, Manhyia, Nkawie, Toase, Sepaase, Mim, Afari, Makro and their immediate environs mainly depend on pipe borne water, but some of the people in these areas do not have access to potable water due to the fact that new developments have sprang up and also the supply is irregular especially during the dry

season. There is the need to rehabilitate and re-align the service lines and also expand them to the newly developed areas in these settlements so as to improve access.

The proportion of households who use borehole as their source of drinking water is higher in rural areas (36.4%) than in urban areas (15.8%). On the other hand, more households in urban localities (21.8%) than in rural localities (13.4%) use protected well as their source of drinking water. The pattern is similar to sources of water for other domestic uses. A sizeable proportion of households depend on pipe-borne water, boreholes and protected wells for other domestic purposes. Some smaller communities¹ continue to rely on streams and rivers as their source of water supply.

Sanitation

The majority of households in the Municipality use public toilet (42.2%), followed by Pit latrine (24.2%) and KVIP (10.3%). Only 5.2 percent of the households use the bush as place for toilet.

The proportion of households using public toilet is higher in rural areas (44.1%) than in urban areas (38.2%). However, the percentage of households who use W.C. in urban areas (24.6%) is higher than those in rural areas (14.5%).

Majority of households in the district (66.5%) dispose of their solid waste in open space at public dumps. Less than one tenth (8.6%) of households in the district dispose-off their solid waste in public containers. Close to 10 percent (9.2%) dispose of solid waste through open burning. The proportion of households who dispose solid waste in open space at public dumps is greater in rural areas (69.9%) than in urban areas (59.3%).

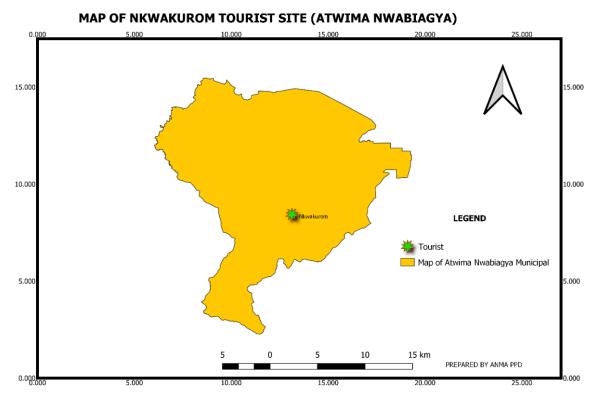

A little over one-third (36.9%) of households in the district throw their liquid waste onto the compound of their homes. A third (33.2%) of the households throws their liquid waste either onto the street or outside their houses, while 8.8 percent of households throw their liquid waste into gutters. A higher percentage of households in rural areas (40.3%) than in urban areas (29.9%) throw their liquid waste onto the compound of their homes. Another 33.4 percent in rural and 32.6 percent in urban areas throw their liquid waste either onto the street or outside their houses.

• Tourism

Tourism potential exists in the Municipality. Komfo Anokye footprint at Nkaakom is one of the notable tourist potentials in the Municipality. The Municipality can also boast of the presence of an Agriculture Fair site located at Nkawie. It has conference room, restaurant, and bar facilities.

Not all these tourism potentials in the Municipality have been developed. Measures should be put in place by the Municipality Assembly, Ministry of Agriculture, Traditional Authorities and other stakeholders to conserve the historical sites.

Key Issues/Challenges

- Poor sanitation
- Poor drainage system
- Deplorable road infrastructure
- Poor street lighting system
- Poor market infrastructure
- Inadequate toilet facilities (Public and households)
- Low Entrepreneurial Skill Development
- Inadequate access to electricity at remote rural and isolated communities
- Poor Quality ICT services

Key Achievements in 2023

The mandate of the Atwima Nwabiagya Municipal Assembly as expressed in the Local Governance Act, is to facilitate the improvement in the quality of life of the people in the district through the provision of basic social amenities and services and the promotion of socio-economic development within the context of good governance. With this at the back of our mind, the assembly has been able to achieve some successes in the year 2023. These include;

- Procured furniture and computers for Nkawie Circuit Court
- Supplied 600No. streetlights municipal wide.
- Supplied of mono desks for basic schools within the municipality
- Rehabilitated 1No. 4-Unit Classroom Block at Agogo (On-going-80% Completion)
- Constructed Ambulance Bay (Completed)
- Constructed Lorry Terminal (On-going-75% Completion)
- Constructed 30 Bed Capacity Ward at Asakraka (On-going -90% Completion)
- Constructed Police Station at Sepaase (Completed and handed over)
- Constructed 1No. 18-Unit Classroom Block at Abuakwa (On-going-65% Completion)

SOURCE: Financial Statements for December 2021, 2022 and August 2023

From the table, it could be seen that in 2021 the Assembly could not meet its revenue target. Out of a Budget of Three Million One Hundred Thousand Ghana Cedis (3,100,000.00) the Assembly only realized One Million Seven Hundred and Twenty-Two Thousand Six Hundred and Sixty Ghana Cedis (GH¢1,722,660.00) which is 55.57% of the total budgeted figure. We missed all the revenue targets and it was due to the after effects of COVID 19 with its attendant slow in business activities. In 2023, as at August the Assembly has realized Two Million One Hundred and Thirty-Four Thousand Nine Hundred and Sixteen Ghana Cedis Fifty-Eight Pesewas (GH¢ 2,134,916.58) out of a budget Three Million Three Hundred and Thirty-One Thousand Seven Hundred Ghana Cedis (GH¢ 3,331,700.00). The Assembly has adopted some strategies to mop up resources for the 3rd and 4th Quarters of the year and also stringent measures have been put in place to deal with defaulters. This we believe will lead the Assembly to achieve its target for the year.

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- 1. To provide support services, effective and efficient general administration and organization of the Municipal Assembly.
- 2. To ensure sound financial management of the Assembly's resources.
- 3. To coordinate the development planning and budgeting functions of the Assembly.
- To provide human resource planning and development of the Municipal Assembly.
 Budget Programme Description

The program seeks to perform the core functions of ensuring good governance and balanced development of the municipality through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Program is being implemented and delivered through the offices of the Central Administration. The various units involved in the delivery of the program include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Internal Audit and Records Unit.

A total of one hundred and sixty (160) staff are involved in the delivery of the programme. They include Administrators, Budget Analysts, Accountants, Planning Officers, Revenue Officers, Statisticians and other support staff (i.e. Executive officers, drivers and cleaners). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfer such as the District Assemblies' Common Fund (DACF) and District Development Facility (DDF).

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

Budget Sub-Programme Objective

- 1. To provide administrative support and ensure effective coordination of the activities of the various departments and quasi-institutions under the Municipal Assembly.
- 2. To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

Budget Sub- Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the Municipal Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the Municipal Security Committee (MUSEC) is mandated to initiate and implement programmes and strategies to improve public security in the municipality.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

The procurement unit under this sub-programme leads the processes of acquiring Goods, Services and Assets for the Assembly and bears the duty of ensuring inventory and stores management.

The number of staff delivering the sub-programme is eighty-one (81) with funding from GoG transfers (DACF, DDF etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The table below indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- 1. To ensure sound financial management of the Assembly's resources.
- 2. To ensure timely disbursement of funds and submission of financial reports.
- 3. To ensure the mobilization of all available revenues for effective service delivery.

Budget Sub- Programme Description

This sub-programme provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921) and Financial Administration Regulation, 2004. It also ensures that financial transactions and controls are consistent with prevailing financial and accounting policies, rules, regulations, and best practices.

A total budget of Three Hundred and Thirty-Three Thousand Ghana Cedis (GH¢333,001.00) has been allocated to carry out the activities under this program.

The sub-program operations and major services delivered include: undertaking revenue mobilization activities of the Assembly; keep, render and publish statements on Public Accounts; keep receipts and custody of all public and trust monies payable into the Assembly's Fund; and facilitates the disbursement of legitimate and authorized funds.

The sub-programme is manned by Thirty-Three (33) officers comprising of Six (6) Accounts staff including the District Finance Officer, five (7) Revenue Officers and twenty (20) Commission collectors.

The beneficiaries of this sub- program are the departments, allied institutions and the general public. This sub-programme in delivering its objectives is confronted by

39

inadequate office space for accounts officers, inadequate data on ratable items and inadequate logistics for revenue mobilization and public sensitization.

The table below indicates the main outputs, its indicators and projections by which the District Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-Programme Objective

- 1. To manage, develop capabilities and competencies of staff of the Assembly
- 2. To coordinate the human resource management programmes of the Assembly
- To Ensure inter and intra departmental collaboration to facilitate staff performance and development

Budget Sub- Programme Description

The Human Resource Management seeks to improve the departments, division and unit's decision making and build capacity of the manpower which will ultimately improve the workforce and organizational effectiveness. It has a total budget of Four Million, Nine Hundred and Thirteen Thousand, Seven Hundred Fifty-Seven Ghana Cedis (GH¢4,913,757) as carry out its core mandate.

In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the district.

Under this sub-programme, six (6) staff will carry out the implementation of the subprogramme with main funding from DACF, DPAT Fund and Internally Generated Fund. The work of the human resource management is challenged with inadequate staffing

42

levels and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

The table below shows the main outputs, its indicators and projections by which the Subprogramme's performance is measured. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.4 Planning, Budgeting, Coordination and Statistics Budget Sub-Programme Objective

- 1. To provide technical guidance to Management on budgetary matters;
- 2. To establish database for financial planning and resource mobilization;
- To lead in strategic planning, efficient integration and implementation of public policies and programmes to achieve sustainable economic growth and development

Budget Sub- Programme Description

The sub-programmes coordinate policy formulation, preparation and implementation of the District Medium Term Development Plan, Monitoring and Evaluation Plan as well as the Composite Budget of the Municipal Assembly. The two (2) main unit for the delivery is the Planning and Budget Unit. The main sub-program operations include;

- Preparing and reviewing District Medium Term Development Plans, M& E Plans, and Annual Budgets.
- Managing the budget approved by the General Assembly and ensuring that each program/project uses the budget resources allocated in accordance with their mandate.
- Co-ordinate and develop annual action plans, monitor and evaluate programmes and projects
- Periodic monitoring and evaluation of entire operations and projects of the Assembly to ensure compliance of rules, value for money and enhance performance.
- ✓ Organizing stakeholder meetings, public forum and town hall meeting.

This sub-programme will be delivered by fifteen (15) officers comprising of ten (10) Budget Analysts and four (4) Planning Officers. The budget for the execution of this subprogramme is Two Hundred and Seventeen Thousand, Four Hundred Thirty - Eight Ghana Cedis (GH¢ 217,438.00) and it is to be funded from District Assemblies' Common Fund (DACF) and the assembly's own Internally Generated Funds. Beneficiaries of this sub- program are the departments, allied institutions and the general public.

Challenges that are impeding the efforts of this sub-programme include lack of vehicle for monitoring and evaluation of projects, inadequate data on ratable items and inadequate logistics for public education and sensitization.

The table below shows the main outputs, its indicators and projections by which the performance of this sub-programme would be measured. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 1.5 Legislative Oversights

Budget Sub-Programme Objective

- 1. To perform deliberative and legislative duties of the Assembly to ensure full participation of the citizenry in decision making.
- 2. To Ensure ready access to the courts and public tribunals in the municipality for the promotion of justice

Budget Sub- Programme Description

This sub-programme formulates appropriate specific district policies and implements them in the context of national policies. These policies are deliberated upon by its Zonal/Town/Area Councils, Sub-Committees and the Executive Committee. The report of the Executive Committee is eventually considered, approved and passed by the General Assembly into lawful policies and objectives for the growth and development of the municipality.

The office of the Honourable Presiding Member spearheads the work of the Legislative Oversight role and ably assisted by the Office of the Municipal Coordinating Director. The main unit of this sub-programme is the Zonal/Area Councils, Office of the Presiding Member and the Office of the Municipal Coordinating Director.

The budget for the activities of this sub-programme is One Hundred and Ten Ghana Cedis (GH¢ 110,000.00) would be financed through the IGF, and DACF funding sources available to the Assembly. The beneficiaries of this sub-programme are the Zonal Councils, local communities and the general public.

Efforts of this sub-programme are however constrained and challenged by the inadequate logistics to the Zonal Councils of the Assembly.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

- To formulate and implement policies on Education in the Municipal within the framework of National Policies and guidelines.
- 2. To formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health.
- 3. To accelerate the provision of improved environmental sanitation service.
- 4. To assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Budget Programme Description

The Programme seeks to take an integrated and holistic approach to the development of the district. That is, it seeks to harmonize the activities and functions of the following agencies Education and Youth Development, Health Service Delivery and Social Welfare and Community Development.

The programme sees to the formulation and implementation of policies on education within the framework of national policies and guidelines. It is responsible for pre-school, special school, Basic Education, posting and retention of teachers and youth and sports development.

To improve health and environmental sanitation services, the programme aims at providing facilities, infrastructural services and programmes for effective and efficient health and waste management services for the protection of the environment and the promotion of public health. It is estimated that about 18% of Ghanaians live under extreme poverty conditions. This means that they are neither able to afford daily subsistence requirement nor afford education and basic health for themselves and their children. The programme therefore intends to make provision for community care services including social welfare services and implement social protection systems and measures so as to ensure equitable distribution of national resources.

The various organizational units involved in the delivery of the program include; Ghana Education Service, Municipal Health Services, Environmental Health Unit and Social Welfare & Community Development Department.

The programme has a budget of Six Million, Two Hundred and Forty – Seven Thousand, Two Hundred and Eleven Ghana Cedis (GH¢ 6,247,211.00) to be funded from GoG transfers, DACF, DPAT Fund and Internally Generated Funds from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the Municipality. Total staff strength of thirty (30) from the Social Welfare & Community Development Department and Environmental Health Unit with support from staffs of the Ghana Education Service, Ghana Health Service who are schedule 2 departments is delivering this programme.

SUB-PROGRAMME 2.1 Education, Youth and Sports Services

Budget Sub-Programme Objective

- 1. To ensure inclusive and equitable access to education at all levels
- 2. To formulate and implement policies on education in the municipality within the framework of national policies and guidelines.
- 3. To ensure teacher development, deployment and supervision at the basic level.

Budget Sub- Programme Description

The Education and Youth Development sub-programme is responsible for pre-school, special school, basic education, youth and sports development or organization and library services at the municipal level. Key sub-program operations include;

- Advising the Municipal Assembly on matters relating to preschool, primary, junior high schools in the district and other matters that may be referred to it by the Assembly.
- ✓ Facilitate the supervision of pre-school, primary and junior high schools in the Municipality
- ✓ Facilitate the appointment, disciplining, posting and transfer of teachers in the Municipality.
- ✓ Liaise with the appropriate authorities for in-service training of pupil teachers and encouraging teachers to undergo further studies relevant to their field.
- Co-ordinate the organization and supervision of training programmes for youth in the district to develop leadership qualities, personal initiatives, patriotism and community spirit.

 Advise on the provision and management of public libraries and library services in the district in consultation with the Ghana Library Board.

✓ Advise the Assembly on all matters relating to sports development in the municipal. Organizational units delivering the sub-programme include the Ghana Education Service, District Youth Authority, Youth Employment Agency (YEA) and Complementary Education Agency (CEA) formally Non-Formal Education Unit. With funding from the GoG, DACF, DPAT Fund and Assembly's Internally Generated Fund, the sub-programme has a total budget of One Million, Nine Hundred Fifty-Eight Thousand, Five Hundred and Fifty Ghana Cedis (GH¢ 1,958,550.00).

Major challenges hindering the success of this sub-programme includes poor registration and documentation of school lands leading to encroachment, poor and inaccessible roads network which hinders monitoring and supervision, inadequate staffing level, delay and untimely release of funds, inadequate office space and logistics. Beneficiaries of the subprogramme are urban and rural dwellers in the municipality.

The table below indicates the main outputs, its indicators and projections by which the Municipal Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

SUB-PROGRAMME 2.2 Public Health Services and Management

Budget Sub-Programme Objective

- 1. To formulate, plan and implement municipal health policies within the framework of national health policies and guidelines provided by the Minister of Health.
- 2. To achieve a healthy population that can contribute to socio-economic development of the district and Ghana as a whole.
- 3. To advise and ensure that Environmental Sanitation facilities are constructed to specifications and standards.

Budget Sub- Programme Description

The sub-programme aims at providing and prudently managing health services with special emphasis on primary health care at the district, sub-district and community levels in accordance with national health policies. It also seeks to coordinate the works of health centers or community-based health workers and facilitates collection and analysis of data on health. In addition, emphasis will be placed on supporting high-risk groups to prevent the spread of HIV/AIDS, TB, and Malaria among others.

In the area of environmental health, the sub-programme aims at facilitating improved environmental sanitation and good hygiene practices in both rural and urban dwellers in the district. It provides, supervises and monitors the execution of environmental health and sanitation services as well as undertaking regular inspection of the district for detection of nuisance or any condition likely to be offensive or injurious to public health or a source of danger to the public. It also aims at empowering individuals and communities to analyse their sanitation conditions and take collective action to change their environmental sanitation situation. The sub-program operations include;

- Assist in the operation and maintenance of all health facilities under the jurisdiction of the district.
- Advising the Assembly on all matters relating to health including diseases control and prevention.
- ✓ Undertaking health education and family immunization and nutrition programmes.
- Preventing new transmission, including awareness creation, direct service delivery and supporting high risk groups.
- ✓ Providing support for people living with HIV/AIDS (PLWHA) and their families.
- ✓ Conduct health screening exercise for food vendors
- ✓ Supervise and control slaughter houses and pounds and all such matters and things as may be necessary for the convenient use of such slaughter houses.
- ✓ Has the responsibility of burying paupers and those whose families could not be identified?

The sub-programme would be delivered through the offices of the District Health Directorate and of twenty (20) officers from the Environmental Health Unit. The sub-programme has a total budget of One Million, Five Hundred and Eighty Thousand, Four Hundred and Seventy-Four Ghana Cedis (GH¢ 1,580,474.00) with funding for the delivery of their operations coming from DACF, DACF-RFG, GoG transfers, Donor Support and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate staffing levels, inadequate office space, inadequate equipment and logistics at the health facilities. The table below shows the main outputs, its indicators and projections by which the performance of this sub-programme would be measured.
