PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

The Awutu Senya East Municipal was carved out of the former Awutu Senya District in 2012 and established as a Municipality by Legislative Instrument (L.I) 2025 with Kasoa as its capital. The rationale was to facilitate government's decentralization programs and local governance system. The Municipal population currently stood at 236,527 according to 2021 Population Census and has 64 settlements with most of them being nucleated urban settlements, hence population sizes are very large. This is about 4.9 percent of the Central region's population. The Municipality is mainly urban. Results of the 2021 Population and Housing Census indicate that the Municipality has few rural settlements. The Municipality is headed by a Municipal Chief Executive appointed by the President with approval by at least two-thirds of the Assembly Members. It has a presiding member who always chairs General Assembly meetings. There are nineteen (19) Assembly Members with six (6) appointed and thirteen (13) elected. The Municipality has six (6) zonal councils, namely: Zongo, Ofaakor, Akweley, Opeikuma, Walantu, and Kpormetey. It is one constituent made up of fourteen electoral areas.

The indigenous people of the Municipality are mainly of Guans tribe of Awutu and they speak the guan language or "obutu" as the Gas called it. Due to the proximity of the Municipality from Accra people of different tribes of Ghana such as the Gas, Akans, Ewes, Walas/Dagartis, Moshies, Basares and other numerous smaller tribes have moved in and turned it into the cosmopolitan Municipality. Most of these settlers are of Akan origin and consequently made the Akan language the main Ghanaian language spoken in the Municipality.

Population Structure

Location and Size

The Awutu Senya East Municipal is located in the Eastern part of the Central Region. It shares common boundaries with Ga South Municipal Assembly (in the Greater Accra Region) at the East, Awutu Senya District at the North and Gomoa East District at the West and South respectively. The Municipality covers a total land area of about 108.004

sq. km, about 1.1 percent of the total land area of the Central Region. Kasoa, the Municipal capital, is located at the South-Eastern part, about 24 km from Accra, the national capital. The major settlements of the municipal are Opeikuma, Adam Nana, Kpormertey, Ofaakor, Akweley, Walantu and Zong

SPATIAL ANALYSIS OF SETTLEMENT SYSTEMS

The Municipal population currently stood at 236,527 according to 2021 Population Census and has 64 settlements with most of them being nucleated urban settlements, hence population sizes are very large. Kasoa, Akweley Nkwanta, Ofaakor and Akweley have much population compared to the other settlements. Communities and their respective Zonal Council are shown below;

In all 40 services were considered from the various sectors of the Municipal economy namely Education, Health, Agriculture, Commerce, Communication, and Market. The distribution of these services over the 21 major settlements, as well as the spatial location are shown in figure. The analysis revealed four levels of settlements within the Municipal. The fourth order settlements offer the lowest services such as nursery and primary schools, streams and dugouts. Most of the settlements were found outside the functional region, which is an indication that they are cut-off from enjoying socio-economic services.

DEMOGRAPHY

The total population in the Municipality stood at 236,527, with a male population of 115,530 and a female population of 120,997 as at 2021. The population of Municipality is 8.2 percent of the Central region's population (2,859,821). The Awutu Senya East Municipality is mainly urban with a population of 229,701 and a rural population of 6,826. The people of the Municipality are mainly Guans. There are other settler tribes of different ethnic backgrounds. These include the Gas, Akans, Ewes, Walas/Dagartis, Moshies, Basares and other numerous smaller tribes. Due to the cosmopolitan nature of the Municipal, the main languages spoken are Akan and English.

Vision

To become a well-developed Municipal Assembly that provides and facilitates excellent services to its people to ensure improvement in the quality of life of its people.

Mission

The Awutu Senya East Municipal Assembly exists to facilitate the improvement in the quality of life of the people in close collaboration with the private sector and other development partners in the Municipality through the mobilization and the judicious use

of resources and provision of Basic Socio-Economic Development within the context of commitment to Equity, Accountability, and Excellence.

Goals

To improve the quality of life of the people of the Municipality through mobilization and utilization of resources to create prosperity and equal opportunity for all.

Core Functions

These are deliberative, legislative, and executive. According to section 12 of the Local Governance Act (2016) Act 936 stipulates the functions as follows:

- Responsible for the overall development of the Municipality and shall ensure the preparation and submission to the Central Government for approval the development plan and budget for the Municipality.
- Formulate programmes and strategies for the effective mobilization and utilization of human, physical, financial and other resources of the Municipality.
- Promote and support productive activity and social development in the Municipality and remove any obstacles to initiative and development.
- Responsible for the development, improvement and management of human settlements and the environment in the Municipality.
- Initiate programmes for development of basic infrastructure and provide municipal works and services in the Municipality.
- In cooperation with appropriate national and local security agencies be responsible for the maintenance of security and public safety in the Municipality.
- Ensure ready access to the courts in the Municipality for the promotion of justice.

The Municipality has 21 KG facilities, 25 primary school facilities, 26 JHS school facilities and 1 Senior High School facilities which are all public institutions. The map below indicates the geographical spread of these public educational facilities within the Municipality.

Geographical Distribution of Public Educational Facilities

Market Centres

The type of industry that employs majority of the population 15 years and older in the Municipality is the Wholesale and retail, repair of motor vehicles and motorcycles. The industry employs 35.7 percent of the employed population 15 years and above in the Municipality. In addition, more females are found in the wholesale and the retail industry as compared to the other industries in the Municipality. It can be observed that 46.8 percent of the female population 15 years and older are in wholesale and retail industry compared to 24.4 percent males. Water supply; sewage waste management and remediation activities and real estate activities was the industry that employed least in the municipality as they were both 0.1 percent.

• WATER AND SANITATION

There are 13 major sources of drinking water within the Municipality. Sachet water and pipe-borne are the major sources of water representing 36.5 percent and 30.9 percent respectively and more than two-thirds of households' drink from these two sources. 9.5 percent of the drinking water comes from the water tankers and vendors and 6.5 percent access water from the public stand pipe. The rain water, borehole/pump/tube wells and protected wells are used by 6.4 percent of the households.

For domestic purposes, pipe-borne outside the dwelling unit serves the highest proportion of household representing 48%, followed by the water tankers and vendors representing 14 percent. In all, 43.8 percent of the households within the Municipality have access to portable water.

SOLID AND LIQUID WASTE DISPOSAL

The commonest form of solid waste disposal among household in the Municipality is burning, which constitute (43.4 percent) followed by collection by waste management companies which represents 29.9 percent. Public dump using container and open space representing 8.3 percent and 7.4 percent respectively.

Loitering (54.7 percent) is the main liquid waste disposal method used by households in the Municipality. The other means of the disposing liquid waste include; throwing on the street/outside compound (25 percent), throwing into gutters (11.3 percent) and throwing into pit (soak away) (3.2 percent)

• TOURISM

Awutu Senya East is abounding with tourist attractions through quite undeveloped. It hosts the first post office in Ghana and the first and national office of the UGCC in Kasoa, the first political party in Ghana. The municipality has the first oil rig in Kasoa where oil was first exploited/ drilled in Ghana. Colonial relics and landmarks as Fort Amsterdam built by the Netherlands in 1631- 1638 and Fort Williams (Anomabo) built by the British in 1753- 1770 are all located in Abandze and Anomabo respectively in the Awutu Senya East Municipality

11

• Environment

Some communities within the Municipality comprising Gada, Semenhyia, Amuzukope, Bentum, Zakarikope and Opeikuma areas are considered the poorest areas in the Municipality and also have the most degraded environments. Similarly, they are among areas that are most vulnerable to the estimated effects of climate change due to many negative environmental practices being perpetuated by the people and companies over the years for economic gains.

Accordingly, this therefore makes it somewhat obligatory or necessary for the Assembly to commit special resources and attention to reverse the effects of climate change in the area.

- Thus, in order to make sure the situation does not escalate in the near future, there is the need for the Municipal Assembly as a matter of priority and urgency; enforce all environmental laws in the Municipality.
- Anyone caught breaking such laws should be prosecuted and punished severely to serve as deterrent to others.
- Assembly will also ensure that residents reduce or curtail the use of charcoal and tree cutting for fuel wood and use energy efficient stoves like Gyapa Stove and solar stoves
- The Assembly will embark on tree planting.
- The dams within the Municipality will be protected from encroachment in order to store more water for dry season farming/gardening.

Climate change in Kasoa area has become a threat to properties and livelihoods. Drought and over flooding in parts of Municipality has become a yearly worry to the people and government. People along the banks of the Okrudu River are constantly displaced, and homeless. The Municipal Assembly in close collaboration with NADMO has started desilting the Okrudu River to allow free flow of water.

Below are some communities which are yearly affected by flood whenever it rains due to the following reasons.

- The entire Municipality is low lying area
- Most of the houses are haphazardly built on water ways
- Houses are also built close to the Okrudu River.

- There are inadequate storm drains systems in place, therefore making it difficult for free-flow of water whenever it rains.
- People building on water ways

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- To exercise Municipal-wide responsibility in planning, management and promotion of harmonious, sustainable and cost effective development of human settlements in accordance with sound environmental and planning principles.
- To provide socioeconomic infrastructure and ensure periodic review of plans & programmes for construction and general maintenance of all public properties and drains

Budget Programme Description

The programme is responsible for provision of physical and socioeconomic infrastructure while promoting a sustainable human settlement development on principle of efficiency, orderliness, safe and healthy growth of communities. Key departments in carrying the programme include the Physical Planning Department, the Municipal Works Department and Urban Roads.

The physical planning is responsible for:

- Planning and management of human settlements; provision of planning services to public authorities and private developers;
- Development of layouts plans (planning schemes) to guide orderly development;
- Collaboration with survey department, prepare acquisition plans when stool land is being acquired;
- Responsible for physical/spatial planning of customary land in conjunction with the stool/skin; and responsible for development control through granting of permit.

The Municipal Works department carry out such functions in relation to feeder roads, water, rural housing etc.

- The department advises the Assembly on matters relating to infrastructure in the Assembly;
- Assist in preparation of tender documents for building and civil works projects;
- Facilitate the construction of public roads and drains;

- Advice on the construction, repair, maintenance and diversion or alteration of street;
- Assist to inspect projects under the Assembly with departments of the Assembly;
- Provide technical advice for the machinery and structural layout of building plans to facilitate escape from fire, rescue operation and fire management; and
- Provide technical and engineering assistance on works undertaken by the Assembly and owners of premises.

TheUurban Roads Department is also seeks to provide technical support for maintenance and reconditioning of road networks within the municipality

There are total of 26 staff to carry out the infrastructure delivery and management programme (5 from Physical Planning, 5 with Urban Roads and 16 at Works). The programme will be funded with funds from IGF, DACF, DDF, GOG and GSCP.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development

Budget Sub-Programme Objective

• To facilitate the implementation of such polices in relation to physical planning, land use and development within the framework of national polices.

Budget Sub- Programme Description

This bub-programme seeks to ensure planning, management and promotion of harmonious, sustainable and cost effective development of human settlements in accordance with sound environmental and planning principles. Specific functions of the sub-programme include;

- ✓ Preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the Assembly.
- ✓ Identify problems concerning the development of land and its social, environmental and economic implications;
- ✓ Advise on setting out approved plans for future development of land at the Assembly level;
- ✓ Advise on preparation of structures for towns and villages within the Assembly;
- Assist to offer professional advice to aggrieved persons on appeals and petitions on decisions made on their building;
- ✓ Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;
- ✓ Assist to provide the layout for buildings for improved housing layout and settlement;
- Ensure the prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly;
- ✓ Advise on the acquisition of landed property in the public interest; and
- ✓ Undertake street naming, numbering of house and related issues.

The organizational unit that will be involved is the Physical Planning unit.

The sub-programme is funded through the DACF, IGF, DDF and GSCP. The larger community and other departments of the Assembly stand to benefit greatly in this sub-programme.

4 staffs will be executing this sub programme. The main challenge confronting the subprogramme is the inadequate staff to assist in the implementation of programme and projects under the sub-programme. Inadequate resource both financial and in human resource to prepare base maps.

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management

Budget Sub-Programme Objective

• To facilitate the implementation of such polices in relation to feeder roads, water and sanitation, infrastructure and civil works within the framework of national polices.

Budget Sub- Programme Description

The sub-programme is delivered through facilitating the construction, repair and maintenance of project on roads, water systems, building etc. The sub-programme also prepare project cost estimates on roads, buildings, water and sanitation for award of contract; supervise all civil and building works to ensure quality, measure works for good project performance. The Department also checks quality performance and recommends claims for preparation of payment Certificate/Fluctuations and Variations; rehabilitation and construction of boreholes, reshaping of feeder roads and street lightening across the Municipality; and facilitate the identification of Communities to be connected on to the National Grid.

The Department of Works of the Municipal Assembly is a merger of the Public Works Department, Department of Feeder Roads and Assembly Water and Sanitation Unit, Department of Rural Housing and the Works Unit of the Assembly. The beneficiaries to the sub-programme include the general public, contractors and other departments of the Assembly.

There are 16 staffs in the Works Department executing the sub-programme and comprises of 1 senior quantity surveyor, 1 Assistant quantity surveyor, 1 Chief Technician Engineer, 1 Assistant Chief Technician Engineer,3 Technical engineers, 4 Engineers, 1 Technician Eng., 1 Stenographer, 1 Assistant Architect, 1 works superintendent and 1 Plumber . Funding for this programme is mainly DACF- RFG, DACF, GOG, IGF and GSCSP.

Key challenges of the department include delay in release of funds, limited capacity (water and sanitation engineers, hydro geologists) to effectively deliver water and sanitation project, difficult hydro-geological terrain results in low success rate in borehole drilling, inadequate personnel and logistics (vehicle etc.) for monitoring of operation and maintenance of existing systems and other infrastructure. This leads to wrong timing of operations and projects thereby affecting implementation of projects and operations

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

SUB-PROGRAMME 5.1 Disaster Prevention and Management

Budget Sub-Programme Objective

- To enhance the capacity of society to prevent and manage disasters
- To improve the livelihood of the poor and vulnerable in communities through effective disaster management, social mobilisation and income generation.

Budget Sub- Programme Description

The sub-programme seeks to promote disaster risk reduction and climate change risk management. It is also to strengthen Disaster Prevention and Respond mechanisms of the Assembly. The sub-programme is delivered through public campaigns and sensitisations; assisting in post-emergency rehabilitation and reconstruction of efforts; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department is responsible for executing the sub-programme. The larger public at the community levels are the beneficiaries of this sub-programme.

Funds will be sourced from IGF, DACF and Central Government supports. Challenges which confront the delivery of this sub-programme are lack of adequate funding, low and unattractive remunerations, and unattractive conditions of work.

A total of seven (7) professional officers and 7 field staff (including 2 veterinary staff) would be implementing the sub-programme and they will be supported by three (3) supporting staff.
