PART A: STRATEGIC OVERVIEW OF THE MINISTRY OF FOOD AND AGRICULTURE

1. NMTDPF POLICY OBJECTIVES

The NMTDPF contains Seven (7) Policy Objectives that are relevant to the Ministry of Food and Agriculture (MoFA). These are as follows:

- Promote demand-driven approach to agricultural development
- Ensure improved public investment
- Improve production efficiency and yield
- Improve post-harvest management
- Enhance the application of Science, Technology and Innovation
- Promote agriculture as a viable business among the youth
- Promote livestock and poultry development for food security and income generation.

2. GOAL AND LINKAGE TO THE SDGs

The Ministry exists to promote sustainable agriculture and thriving agribusiness through research and technology development, effective extension and other support services to farmers, processors and traders for improved livelihood.

The priorities of the sector contribute to the 2030 Sustainable Development Goals (SDGs). Particularly, Goal 1 which aims at ending poverty in all its forms; Goal 2 which assures to end hunger and ensure access by all people to safe, nutritious and sufficient food all year round; and Goal 8 which promotes sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all. It further strives to achieve higher levels of economic productivity through high value added and labour intensive sectors as agriculture.

Further, the sector priorities are also in line with the 2014 Maputo Declaration by the AU Presidents and Heads of State on accelerated Agricultural growth and transformation for shared prosperity. Key commitments of the declaration include increased investment finance in agriculture, reducing postharvest losses and boosting intra Africa trade.

3. CORE FUNCTIONS

The core functions of MoFA are to:

- Plan and advise the Government on agricultural development policies, administration and management of the agricultural sector of Ghana's economy
- Monitor and evaluate the agricultural sector on developments in crops, livestock, irrigation and mechanization
- Develop agricultural programmes and projects
- Collaborate in agricultural research

4. POLICY OUTCOME INDICATORS AND TARGETS

| Outcome Indicator Description (with | Unit of | Base | line | Late | st Status | Т | arget |
|--|---|------|---------|------|-----------|------|---------|
| corresponding SDG indicators) | Measurement | Year | Value | Year | Value | Year | Value |
| Contribution of Agriculture to GDP | Percentage | 2016 | 2.9 | 2018 | 4.8 | 2023 | 7.0 |
| Self-sufficiency in staples | | | | | | | |
| Maize | (%) | 2017 | 98 | 2018 | 97 | 2023 | 100 |
| Rice | (%) | 2017 | 44 | 2018 | 39 | 2023 | 100 |
| Sorghum | (%) | 2017 | 100 | 2018 | 100 | 2023 | 100 |
| Increase National Meat production | Metric tons (MT) | 2017 | 164,124 | 2018 | 168,291 | 2023 | 231,166 |
| Increase vegetable production through greenhouse technology | | | | | | | |
| Onion | Metric tons (MT) | 2017 | 10,000 | 2018 | 19,680 | 2023 | 35,000 |
| Pepper | Metric tons (MT) | 2017 | 60,000 | 2018 | 58,000 | 2023 | 70,000 |
| Tomato | Metric tons (MT) | 2017 | 40,000 | 2018 | 142,750 | 2023 | 200,000 |
| Increased access to farm mechanization services | Number of mechanizations centres | 2018 | 168 | 2019 | 200 | 2023 | 290 |
| Increased Fertilizer usage | Fertilizer application rate (kg/ha) | 2016 | 13 | 2019 | 20 | 2023 | 25 |
| Agric. Extension Agent/ farmer ratio | The ratio of the total extension officers to total farmer population | 2016 | 1:1,908 | 2019 | 1:706 | 2023 | 1:500 |
| Improved access to Irrigation facilities (SDG Indicator 2.4.1) | Area developed - hectare (Ha) | 2017 | 12,003 | 2019 | 13,009 | 2023 | 34,934 |
| Irrigated Land use efficiency | Land intensification ratio. | 2017 | 1.78 | 2019 | 1.8 | 2023 | 1.8 |

5. EXPENDITURE TREND FOR THE MEDIUM-TERM

The Ministry was allocated a total budget of GHC501.502million in 2016, GHC759.680million in 2017, GHC900.420million in 2018 and GHC1,186,521 in 2019. The allocations for 2018 and 2019 are the revised amounts of the first approved appropriation figures of GHC598.620 and GHC967.845 respectively. The details are indicated in the table below.

| SOURCES | 2016 (m | illion) | 2017 (m | illion) | 2018 (m | illion) | 2019 as @ 22 nd M | November ,2019 |
|----------|--------------------|---------------|--------------------|---------------|--------------------|---------------|------------------------------|----------------|
| OF FUNDS | APPROVED BUDGET | ACTUAL EXP | APPROVED BUDGET | ACTUAL EXP | APPROVED BUDGET | ACTUAL EXP | APPROVED BUDGET | ACTUAL EXP |

| TOTAL | 501.502 | 413.468 | 759.646 | 368.758 | 900.420 | 834.487 | 1186.53 | 971.892 |

Budget allocation against actual expenditures (2016-2019)

Apart from 2017 in which expenditure performance was below 50%, the actual expenditures for 2016, 2018 and 2019 were all above 80%. Total GOG allocation has seen an average increase of 30% over the period under review. The GOG allocation in 2016 was GHC326.160. In 2019 the total GOG allocation was GHC689.912, an increase of 111% over the 2016 figure. Donor expenditures in 2016 and 2018 exceeded the expected inflows. Proportion of approved budget expended in 2016, 2017, 2018 and 2019¹ were 82.4% (GHC413.468), 48.5% (GHC368.758), 89.3% (GHC534.487) and 82.8% (971.892) respectively (See table 1).

In 2019, the Ministry was allocated a total budget of GHC967.845million, which was revised upward to GHC1,186.521million at mid-year budget review. The revision was to accommodate payments for fertilizer and seed subsidies that was oversubscribed. As at 22nd November 2019, a total of GHC1,039.521million was released of which GHC971.892million representing 93.47% was expended during the same period as indicated in the table below.

¹ Expenditure as at November

| Funding Source | Approved Budget (million) | Releases @ Sept. | %Release of Approved Budget | Actual Expenditure | %Exp. of Release |
|-------------------|------------------------------|---------------------|--------------------------------|-----------------------|---------------------|
| GOG | 607.258 | 494.501 | 81.43 | 438.359 | 88.65 |
| ABFA | 80 | 70.194 | 87.74 | 69.68 | 99.27 |
| IGF | 2.645 | 2.201 | 83.21 | 0.918 | 41.71 |
| DONOR | 496.618 | 472.935 | 95.23 | 462.935 | 97.89 |
| TOTAL | 1,186.521 | 1,039.831 | 87.64 | 971.892 | 93.47 |

2019 Approved Budget, Releases and Actual Expenditure

For 2020, the Ministry was allocated a total budget of GHC965,131,569, of which the contribution of Government of Ghana is GHC580,491,120, representing 60% and donors contribute the remaining 40 percent (GHC384,640,448). The Government of Ghana's contribution included consolidated fund -GOG (GHC350,946,937); Annual Budget Funding Amount-ABFA (GHC225,978,000) and Internally Generated Fund-IGF (GHC3,566,183).

Out of the total budget of GHC965,131,569, Compensation of Employees is 86,319,789 Goods & Services is GHC267,103,515, Capital Expenditure is GHC611,708,265. Out of the Capital budget of GHC611,708,265, GoG is GHC227,067,817 and the remaining GHC384,640,448 is donor as indicated in the table below.

Breakdown of 2020 approved budget.

| Expenditure Item | GoG (GHC) | ABFA(GHC) | IGF(GHC) | DONOR(GHC) | TOTAL(GH¢) |
|---------------------------|-------------|-------------|-----------|-------------|-------------|
| Compensation of Employees | 86,319,789 | - | - | - | 86,319,789 |
| Goods & Services | 264,627,148 | - | 2,476,367 | - | 267,103,515 |
| CAPEX | | 225,978,000 | 1,089,817 | 384,640,448 | 611,708,265 |
| Total | 350,946,937 | 225,978,000 | 3,566,183 | 384,640,448 | 965,131,569 |

6. SUMMARY OF KEY ACHIEVEMENTS IN 2019

Introduction

In the medium term, the Ministry of Food and Agriculture continued the roll out of activities in the National Agricultural Investment Plan - Investing for Food and Jobs (IFJ) (2018-2021). The key initiatives being implemented are: Planting for Food and Jobs (PFJ); Rearing for Food and Jobs (RFJ); Planting for Export and Rural Development (PERD); Greenhouse Villages; and Agricultural Mechanization. Other complementary interventions include: Irrigation and Water management, Agricultural Marketing and Post-Harvest Management.

Agricultural Sector Growth

Through intensification of agricultural activities, the sector has recorded significant growth in the last two years. Real Agricultural GDP increased from 2.9% in 2016 to 6.1% in 2017, recorded a growth of 4.8% in 2018 and is projected to grow at 6.9 percent in 2019.

Crops and Livestock Development Programme

Crops Development

Under the Planting for Food and Jobs campaign, the Ministry continued to support farmers with fertilizers, improved seeds and extension services to increase productivity. In 2018, yields of targeted crops continued to record significant improvements over 2016 levels: maize yield increased by 89% percent from 1.8mt/ha to 3.4mt/ha; rice yield increased by 48 percent from 2.7mt/ha to 4.0mt/ha and soya yield increased by 200 percent from 1mt/ha to 3.0mt/ha.

A total of 707,150mt of cereals and legumes, 110,000mt of vegetables with a total value of GHC1,552,110,000 were produced in 2017. Likewise, 798,700mt of cereals and legumes, 295,630mt of vegetables with a total value of GHC3,426,983,000 were also realized in 2018. This is against the government subsidy cost of GHC248,175,615 and GHC365,965,367 in 2017 and 2018 respectively for both seeds and fertilizers.

The programme also created significant jobs along the activity levels of commodity value chains as described in table below. The total estimated jobs created for 2017 and 2018 were 746,601 and 794,944 respectively. About 94% of the jobs were linked to farm level employment, 4% for value

addition and postharvest service provision and the remaining 2% was covered by extension delivery and ICT.

| JOB ACTIVITY | 2017 | 2018 |
|---|---------|---------|
| Input distribution | 13,093 | 18,137 |
| Production | 703,764 | 766,666 |
| Post-harvest | 11,640 | 11,640 |
| Haulage | 12,953 | 23,785 |
| Extension (AEAS + NSS + NABCO - FEED GHANA) | 2,270 | 12,000 |
| E- agriculture | 864 | 216 |
| Total no. of jobs created | 746,601 | 794,944 |

Summary of Jobs Created (2017-2018)

In 2019, the Ministry added cowpea and orange flesh sweet potatoes to the rice, maize, soya bean, sorghum, groundnut, cassava and vegetables promoted previously. On distribution of inputs, the Ministry distributed 81 percent of the targeted 19,533mt of seeds, 86 percent of the targeted 342,200mt of fertilizers to 92 percent of the targeted one million beneficiary farmers as at September 2019 as indicated in the table below.

Quantity of Seeds Distributed (2017 - 2019)

| ITEM | 2017 | | 2018 | | 2019 | | |
|-------------------|--------|----------|--------|----------|--------|-------------------|---|
| SEED | TARGET | ACHIEVED | TARGET | ACHIEVED | TARGET | ACHIEVED Sept. | @ |
| MAIZE HYBRID (MT) | 700 | 427.6 | 1,500 | 742.87 | 4,122 | 3,071 | |
| MAIZE OPV (MT) | 2,960 | 1,942 | 4,000 | 3,286.36 | 5,206 | 4,283 | |
| RICE (MT) | 2,198 | 1,698 | 3,000 | 2,399.14 | 7,105 | 6,106 | |
| SOYBEAN(MT) | 148 | 147 | 1,000 | 338.98 | 2,951 | 2,268 | |
| SORGHUM(MT) | 180 | 169 | 200 | 35.13 | 250 | 126 | |
| VEGETABLES (MT) | 14 | 4 | 48 | 9.35 | 34 | 22 | |
| TOTAL (MT | 6,200 | 4,400 | 9,798 | 6,821.83 | 19,668 | 15,876 | |

| FERTILIZER (MT) | | | | | | |
|---------------------------------------|---------|---------|---------|---------|---------|---------|
| NPK (Blended/Compound Fertilizers) | 224,000 | 194,012 | 188,000 | 167,187 | 248,100 | 209490 |
| UREA/SOA/Yara legume | 112,000 | 97,009 | 97,000 | 75,830 | 82,900 | 78,250 |
| Organic (granular) | - | - | 4,000 | 1998 | 4,000 | 3,977 |
| Organic (liquid) | - | - | 12,000 | 267 | 2,200 | 771 |
| Organic (compost) | - | - | 4,000 | 1812 | 5,000 | 3102 |
| Total | 336,000 | 291,021 | 305,000 | 247,094 | 342,200 | 295,590 |

Quantity of Fertilizers Distributed (2017 - 2019)

In 2020, the Ministry under the Planting for Food and Jobs (PFJ) Program will procure and distribute 364,233mt of organic and inorganic fertilizers to farmers at 50 percent subsidy. In addition, 24,032mt of improved seeds of cereals, legumes and vegetables, 100,000 cassava bundles (for 27,230 hectares) and 320,000 vines (for 500 hectares) of Orange Flesh Sweet Potato will be procured and distributed to 1.2million beneficiary farmers, an increase of 20 percent over the one million targeted in 2019. The seeds and fertilizers intervention is expected to contribute to production of 1,860,000mt of maize, 720,000mt of rice, 150,000mt of soya, 36,000mt of sorghum, 15,000mt of cowpea, 8,800mt of groundnut, 15,000mt cassava, 1,500mt of sweet potato and 326,678mt of assorted vegetables.

Fall Army Worm Control

In 2019, the Ministry maintained vigilance for sustainable management of Fall Army Worm (FAW). The Ministry procured 79,560 litres and 20,662kg of strategic stock of insecticides for the control of FAW. A total of 140,000ha of farmland was sprayed and recovered. This intervention saved 434,000mt of crop output, valued at GHC694.4million from being destroyed. In 2020, the ministry will procure 120,494 litres and 90,500 kg of insecticides to control the menace. Screen houses and equipment for mass rearing of 831 million parasitoids will also be procured for the biological control of Fall Army Worm. In addition, the Ministry will establish and operate Plant Clinics in all 16 Regions.

Tree Crops Development

The Planting for Export and Rural Development (PERD) programme which was launched in April 2019 by His Excellency President Nana Ado Dankwa Akufo Addo will be rolled out in earnest in 2020. The programme aims at diversifying exports and income sources through promotion of cashew, coffee, coconut, oil palm, mango, rubber and sheanut. When fully established, each tree crop is expected to generate US\$2bn export earnings to the country.

As at end of September 2019, Twenty-nine (29) million certified seedlings of Cashew, Coffee, Coconut and Oil Palm were distributed to 91,292 farmers from 4,777 communities in 199 districts across twelve (12) regions. This will cover a total of 88,918ha of the targeted crops. As part of efforts to strengthen the institutional structures of the industry, a Bill for the establishment of Tree Crop Development Authority in under consideration by Parliament.

In 2020, the Ministry will distribute a total of 11,740,000 seedlings comprising 5million cashew, 100,000 coffee, 40,000 coconut, 5million oil palm, 100,000 mango and 1.5million rubber for establishment of 88,917.71 hectares of plantations across the project districts.

Livestock Development

The livestock subsector contributes significantly to the agricultural GDP, 14% in 2018. It is an integral part of the Ghanaian farming system and has a huge import substitution potential. The full potential of the sector is however not exploited due to myriad of challenges.

To address the challenges of the livestock sector and exploit its potential, the "*Rearing for Food and Jobs*" (**RFJ**) *programme* was launched in Wa by His Excellency President Nana Addo Dankwa Akuffo-Addo in June, 2019. The main objective of the initiative is to develop a competitive and more efficient livestock industry that will increase domestic meat production, reduce importation of livestock products and contribute to improved livelihood of actors in livestock value chains. The initiative covers small ruminants, cattle, poultry and pigs.

In 2019, the Ministry procured and distributed 7,500 improved breeding stock of sheep to 750 farmers in Upper West, Northern and Oti regions. In addition, 30,000 cockerels were raised and distributed to 3,000 farmers in Upper West, Eastern, Ashanti, Northern and Greater Accra regions. Distribution of improved breeds of livestock to farmers for increased productivity is on-going. The Ministry conducted effective disease surveillance, and this led to the detection of thirteen (13) scheduled disease outbreaks. The timely surveillance contributed to reduced mortality and morbidity in poultry and livestock.

In 2020, the initiative will continue to improve local breeding stock by distributing:

- 14,000 small ruminants to 1,400 livestock farmers in 35 districts in the Savannah regions;
- 18,000 piglets to 1,800 farmers in 45 districts in the Southern regions;
- 105,000 guinea fowls to 5,250 farmers in 35 districts of the Savannah regions;
- 80,000 cockerels will be distributed to 4,000 farmers.

• 182,000 layer pullets to 1,400 women farmers in 14 regions.

In addition, the Ministry will also procure 70 small scale chicken processing units for medium scale poultry farmers in 35 districts of the Savannah regions as well as restock 11 livestock breeding stations with 5,500 small ruminants and mechanized boreholes for animal watering and irrigation.

Again, five Hundred (500) doses of Friesian semen and 20 sets of artificial insemination kits will be procured for the promotion of dairy farming, 75 million doses of NDI-2 and 10 million doses of Anthrax spore vaccines will be produced for prevention of in poultry and livestock respectively.

To improve animal health infrastructure to support the Rearing for Food and Jobs programme, 10 existing regional veterinary laboratories will be refurbished, and 6 new ones initiated in the newly created regions for efficient diagnosis of animal diseases.

Agricultural Mechanization

In 2019, the Ministry under the second tranche of the Brazilian More Food Programme facility, imported a total of 230 tractors with accompanied implements, 1000 power tillers, 70 planters, 70 boom & orchard sprayers, 30 cereal combine harvesters, 400 shellers, 100 threshers, 300 irrigation kits, 20 seed cleaners, 20 silo dryers, 100 greenhouses for sale at 40% subsidized prices to farmers and service providers across the country. This is to enhance farmers' timely access to mechanized services to enhance productivity.

In 2020, Government will facilitate importation of the last tranche (3rd) of agricultural machinery/equipment under the Brazilian facility and take delivery of simple hand-held farm equipment worth €10,000,000 under a Czech Republic facility. This will further improve small scale farmers' access to agricultural mechanization equipment. In addition, Government will complete the importation of assorted agricultural machinery for the establishment of Agricultural Mechanization Services Centres (AMSECs) under an Indian USD150 million Exim facility. Capacities of 500 machinery operators, mechanics and managers will be built on proper handling and maintenance of agricultural machinery.

Irrigation Development

In 2019, the Ministry through Ghana Irrigation Development Authority (GIDA) completed the construction of Mprumem Irrigation Dam (phase I) and developed a total irrigable area of 31ha in Piiyiri and Guo Irrigation Schemes for all year-round cropping. The following irrigation projects are also at various stages of completion: Tamne (phase II) 42 percent and Mprumem (Phase II) 90 percent. These projects when completed will make available a total area of 375ha for irrigated cropping with an expected output of 1,560mt of rice and 10,000mt of vegetables per annum.

Contracts have been awarded for construction of 14 small earth dams in the Upper West, Upper East, Northern and Savannah Regions in support of One-Village One-Dam initiative. These dams are located at Douse, Dengri, Duong, Ko, Tokun, Sentu and Kataa in Upper West Region, Vunania and Namoligo in Upper East Region, Kachilendi, Jayindo, Sangbaa and Dagbuni in Northern Region and Sunyeri in the Savannah Region. The projects are expected to improve water availability for livestock watering, domestic use and irrigated crop production.

Work has also commenced on the rehabilitation and modernization of the Kpong Irrigation Scheme (2,276ha). Rehabilitation of Tono (2,490ha) and Kpong left Bank (2,000ha) irrigation schemes are 41 and 31 percent complete respectively. In all, 6,766ha of irrigable land will be available when rehabilitation is completed while newly area developed will increase by 1,500ha. Rehabilitation of these schemes is expected to improve irrigated land use efficiency.

The Ministry with support from the Volta River Authority has conducted feasibility studies for the development of 24,000ha for irrigation under the Pwalugu Irrigation Project. In 2020, the Ministry will complete the construction of Tamne and Mprumen phase II irrigation projects and 14 small earth dams. One hundred boreholes fitted with solar powered pumps will be sunk for small scale irrigation at selected locations. Construction of a small dam for greenhouse village at Dawhenya Irrigation Scheme will also be carried out. Kaniago irrigation scheme(60ha) in the Bono East Region and Ohawu Agric College Dam (20ha) in the Volta region will also be rehabilitated.

Post-Harvest Management

To improve post-harvest management, create employment opportunities and reduce poverty, four 6 out of 30 warehouses of 1,000mt capacity under construction were completed whiles the remaining twenty-24 are 80 percent complete. By the middle of 2020, all 24 will be completed.

Plant Protection and Regulation Services

In 2019, the Ministry maintained vigilance for sustainable management of Fall Army Worm (FAW). The Ministry procured 100% of the targeted 79,560 litres and 20,662kg of strategic stock of insecticides for the control of FAW. A total of 140,000ha of farmland was sprayed and recovered. This translated in the protection of 434,000mt of crop output with a value of GHC694.4million that would have been loss due to FAW infestation.

In 2020, 120,494 litres and 90,500 kg of insecticides will be procured for control of the menace. Screen houses and equipment for mass rearing of 831 million parasitiods will also be procured for management of Fall Army Worm. In addition, the Ministry will establish and operate Plant Clinics in all 16 Regions.

Agribusiness Development Programme

Promotion of Greenhouse Technology

To continue strengthening agribusinesses in the horticultural sector, the Ministry in 2019 continued the development and promotion of greenhouse villages that was started in 2017. A second greenhouse village with commercial production unit and a training centre has been completed at Akumadan in the Ashanti region. Construction of a third facility with similar structures at Bawjiase in Central region is at 90 percent complete and will be ready for operations before the end of the year. These facilities will increase production of high-value vegetables for local and international markets and help train youth in greenhouse technology. So far, a total of 238 agricultural graduates comprising 168 males and 70 females have received training on greenhouse technology in the facilities. First batch of 51 graduate youth trained in Israel returned to Ghana in September 2019 and a second batch of 71 youth are currently in Israel receiving similar training. The training will equip the youth to start their own greenhouse businesses. In 2020, the facilities will train 240 youths in greenhouse production technology.

Farm Access Roads

Availability of motorable roads and farm tracks helps reduce transaction cost, reduce post-harvest losses, enhance market access and promote private sector investment in agriculture. The Ministry in 2019 started construction and rehabilitation of 72km feeder roads and farm tracks in 20 communities under Ghana Agricultural Sector Investment Project- GASIP. In 2020, the Ministry will continue to partner with the Department of Feeder Roads and complete the construction of these feeder roads and commence the construction of additional 100km feeder roads and farm tracks across the country.

Sustainable Management of Land and Environment Programme

In 2019, the Ministry through the Sustainable Land and Water Management (SLWM) project supported 10,394 farmers (male – 5092, female – 5302) from 12 Districts (Wa East, Daffiama-Bussie-Issa, Sissala East, Sissala West, Kasena Nankana West, Builsa South, Talensi, Bawku West, Mamprugu-Moagduri, West Mamprusi, West Gonja and Sawla-Tuna-Kalba) to implement and adopt various SLWM technologies to support sustainable production of land resources. In addition, the ministry initiated the development of Climate-Smart Agriculture Investment Plan (CSAIP) implement the Agriculture and Food Security component of the National Climate Change Policy. The Savannah Zone Agricultural Productivity Improvement Project (SAPIP) also trained 1,300 smallholder farmers in various Climate Smart Agricultural Technologies to equip them with information and skills to address emerging climate change issues.

In 2020, the ministry will train 2,000 farmers on emerging climate change issues, monitor environmental compliance of agricultural investments, increase sensitization of policy makers on Climate Change and sensitize farmers on natural resource based alternative livelihoods.

PART B: BUDGET PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

1. Budget Programme Objectives

- To improve institutional coordination within MOFA and other relevant Ministries, Departments and Agencies (MDAs)
- To strengthen institutions within the Ministry
- To strengthen policy, planning, monitoring and evaluation in the agricultural sector

2. Budget Programme Description

The Management and Administration Programme provides cross-cutting services required for other Programmes to succeed in achieving their objectives. The Programme is responsible for:

- Setting the MDA's policy direction through the reviews, formulation and coordination of policies and programmes.
- Managing human resource, budget, finance, central procurement, stores and logistics, Information Communication Technology (ICT) Services, public relations, organizational development and corporate training.

This programme is executed through the following key operations:

- Manage Assets and Liabilities;
- Procurement processes;
- Policy development processes and related issues;
- Audit financial transactions;
- Provision of legal services.
- Conduct tracer studies and outreach programmes;
- Conduct monitoring and evaluation of all policies/ programmes/ projects;
- Develop and implement Policies, Plans and Annual Budgets:
- Prepare investment guide for the agricultural sector in Ghana;
- Coordinate programmes/projects implementation in the agricultural sector.
- Collect, process and analyse crop production related data;
- Collaborate with relevant stakeholders to collect, process and analyse livestock and poultry data;
- Monitore agricultural trade statistics, producer prices, farm input prices and transport charges for agricultural commodities;
- Collect and analyse of weekly market prices of various agricultural produce at wholesale and retail levels;
- Prepare annual crop budget for major crops; and
- Establish and maintain a national operational and geo database.

The organizational units responsible for delivering this programme are Finance and Administration, Policy Planning Monitoring and Evaluation Directorate (PPMED), Human Resource Development and Management Directorate (HRDM) and Statistics, Research and Information Directorate (SRID) with a total number of 492 staff.

The beneficiaries of this programme are the Ministry and other key stakeholders in the agricultural sector. This programme is funded mainly by GoG and Donor support. The donor support mainly comes from Global Affairs - Canada (GAC), World Bank (WB), and United States Agency for International Development (USAID).

The main challenge faced in the delivery of this programme is weak collaboration in planning and execution of policies and programmes among key stakeholders.

BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 1: SECTOR MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.1: Finance and Administration

1. Budget Sub-Programme Objectives

- To effectively coordinate the activities of the Ministry and its Agencies
- To ensure the provision and maintenance of adequate logistics
- To establish and implement an effective and efficient financial management system within the Ministry.

2. Budget Sub-Programme Description

This sub-programme seeks to support an effective and efficient financial and administrative management framework within the Ministry. This will be done by developing an effective electronic framework for financial, asset management and administrative reporting. It also seeks to ensure the provision of adequate logistics for implementation of planned activities. The organizational units responsible for delivering this sub-programme is Finance and Administration with a total staff Strength of 83.

The beneficiaries of this programme are the Ministry and its agencies in the agricultural sector. This sub-programme is funded mainly by GoG and Donor support. The donor supports mainly come from Global Affairs-Canada (GAC) and Japan International Cooperation Agency (JICA).

The main challenge faced in the delivery of this sub-programme is the high attrition rate of staff.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 1: SECTOR MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.2: Human Resource Development and Management

1. Budget Sub-Programme Objective

To improve human resource capacity of all directorates of MOFA and relevant Agencies.

2. Budget Sub-Programme Description

This sub-programme seeks to manage and improve the human resource capacity for all MoFA directorates and agencies through capacity building to enhance agricultural productivity. In addition, the sub-programme will support the training of middle level personnel and vocational training. It will also ensure collaboration between HRDMD and other Tertiary institutions on graduate and post-graduate training.

The organizational unit responsible for delivering this sub-programme is the Human Resource Development and Management Directorate with a total of staff strength of 351. The beneficiaries of this programme are the staff of the Ministry, farmers and the youth. This Sub-programme is funded mainly by Government of Ghana (GoG) and donor support. The donor supports are Global Affairs-Canada (CIDA). The main challenge faced in the delivery of this sub-programme is the high attrition rate of staff and inadequate capacity building programmes.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Past | Years | | Projections | | | |
|--|----------------------------|------|----------------|------------------------|-------------------------|-----|-------------------------|--|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | | Indicative Year 2023 | |

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 1: SECTOR MANAGEMENT AND ADMINISTRATION

SUB-PROGRAMME 1.3: Policy, Planning, Budgeting, Monitoring and Evaluation (PPBME)

1. Budget Sub-Programme Objective

- To improve planning, policy analysis, monitoring and evaluation in the agricultural sector.
- To strengthen the platform for engagement between MOFA and DPs, Civil Society Organizations, the Private Sector and other MDAs.

2. Budget Sub-Programme Description

This sub-programme aims at improving planning, policy formulation and implementation in the agricultural sector. It seeks to strengthen engagements among stakeholders to enhance monitoring & evaluation, and coordination of policies and programmes that address issues and mitigate risks in achieving the sector objectives. The organizational unit responsible for delivering this sub-programme is the Policy Planning Monitoring and Evaluation Directorate with total staff strength of 74.

The beneficiaries of this programme are the Ministry, its agencies and other stakeholders. This programme is funded mainly by GoG, Donor (GAC, USAID, etc.)

The main challenge faced in the delivery of this sub-programme is the high attrition rate of staff.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Past ` | Years | Projections | | | | |
|---------------------------------|---|--------|----------------|---------------------|-------------------------|-------------------------|-------------------------|--|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 | |
| Monitoring and evaluation | MoFA Annual Performance Reports Produced (APR) | 1 | 1 | 1 | 1 | 1 | 1 | |
| reports | MoFA Joint Sector Review conducted | 1 | 1 | 1 | 1 | 1 | 1 | |

| | Number of Sector monitoring conducted on projects and programmes | 6 | | 10 | 10 | 10 | 10 |
|---|---|-----------|----------|----------|----------|----------|----------|
| Annual Budget prepared and implemented | Internal Budget hearing organized | September | August | August | August | August | August |
| | MoFA Annual Budget Prepared | November | November | November | November | November | November |

4. Budget Sub-Programme Operations and Projects

The table below lists the main Operations and Projects to be undertaken by the Sub- programme.

| Operations | Projects |
|---|---|
| Budget Preparation and implementation | |
| Budget Performance Reporting | |
| Planning and Policy Formulation | Refurbishment of Conference room, toilets |
| Publication and dissemination of Policies and Programmes | Purchase of office equipment e.g laptops |
| Planning, development and review all policy Documents | |
| Management and Monitoring Polices, Programmes and Projects | |
| Prepare MoFA Annual Performance Report | |
| Conduct Joint Sector Review (JSR) | |
| Evaluation and impact assessment activities | |

BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 1: SECTOR MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.4: Research, Statistic, Information and Communication

1. Budget Sub-Programme Objective

To provide relevant, timely and reliable data for policy formulation and decision making.

2. Budget Sub-Programme Description

This sub-programme seeks to provide, timely and reliable data for policy formulation and decision making. This will be done through establishment and maintenance of a computer database for the agricultural sector; collaborating with relevant institutions to provide statistics; promoting E-agriculture to support operations of the agricultural sector; and strengthen the convergence of agricultural information to improve knowledge sharing and public access to information.

The organizational units responsible for delivering this sub-programme are the Statistics Research and Information Directorate (SRID), Information Communication Technology (ICT) Unit and the

Information Resource Centre (MOFAIR) with a total staff Strength of 64.

The beneficiaries of this sub-programme are the Ministry, its agencies and other stakeholders. The programme Stakeholders. The sub-programme is funded mainly by GoG, Donor (GAC, USAID, etc).

The main challenge faced in the delivery of this sub-programme is the high attrition rate of staff.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Past Years | | Projections | | | |
|--|--|------------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| | Number of | | | | | | |
| | website (MoFA) hits | 55,522 | 180,833 | 120,000 | 120,000 | 120,000 | 120,000 |
| Reliable and timely information | Number of hits at E- Agriculture web portal | 120 | 74,313 | 480 | 560 | 560 | 560 |
| mormation | Number of hits at Interactive (IVR) | 18 | 5,409 | 1,140 | 1,184 | 1,184 | 1,184 |
| Agricultural Facts and Figures disseminated | Number of copies | 100 | 100 | 500 | 500 | 500 | 500 |
| Intranet established in all directorates | Number of Directorates connected | 4 | 0 | 12 | 12 | 12 | 12 |
| Capacity of MOFA staff in ICT upgraded | Number of staff trained | 1 | | 5 | 5 | 5 | 5 |

4. Budget Sub-Programme Operations and Projects

The table below lists the main operations to be undertaken by the sub-programme.

| Operations | Projects |
|--|-------------|
| Research and Development. | No Projects |
| National operational and geo data database. (E.g. Create National Farmer Database) | |
| Assessment of food outlook (production prospects, demand, supply etc.). | |
| Personnel and staff Upgrading | |
| Updating of MoFA website daily | |
| Manage ICT infrastructure and e- agriculture services of MoFA | |
| Dissemination of information to MoFA staff and the general public | |
| Upgrade capacity of MoFA staff on information /knowledge management | |

BUDGET PROGRAMME SUMMARY

PROGRAMME 2: CROPS AND LIVESTOCK DEVELOPMENT

1. Budget Programme Objectives

- To reduce food and nutrition insecurity through modernized agriculture
- To maintain national strategic stocks for emergencies
- To establish effective early warning systems
- To ensure adequate availability and accessibility of food and raw materials through increased productivity;
- To provide job opportunities for the teeming youth in agriculture and allied sectors; and
- To increase productivity through the adoption of improved technology

2. Budget Programme Description

This programme seeks to increase agricultural productivity through modernization of the agricultural sector resulting in increased food production, improved incomes and jobs. As part of the strategies to achieve these, the government will facilitate farmers access (i) to improved technologies, certified seeds, fertilizers, improved livestock and poultry breeds through the implementation of all Government flagship programmes in the agricultural sector. These flagship programmes are Planting for Food and Jobs Campaign (PFJ), Rearing for Food and Jobs (RFJ), Planting for Export and Rural Development (PERD) and Green House Villages.

The PFJ programme is structured around five (5) pillars namely access to improved seed, fertilizer, extension services, marketing and E-agriculture.

The RFJ Pillars are (1) Breeding stocks; (2) Feed and Nutrition; (3) Housing Structures, Plants and Equipment; (4) Animal health (5) Marketing.

PERD seeks to promote rural economic growth and improve household income of rural farmers through the provision of certified improved seedlings, extension services, business support and regulatory mechanisms. PERD is to develop Nine (9) commodity value chains namely cashew, coffee, cotton, coconut, citrus, oil palm, mango, rubber and shea. Six commodities have already been prioritized for support.

Green house villages seek to create employment opportunities for not only agricultural graduates but the youth in general through sustainable production of high value and quality vegetables for local and international markets.

The government, through this programme is also committed to creating an enabling environment for more farmers to invest in the sector by subsidizing agricultural input (fertilizer, vaccines and seeds), provision of extension services, mechanization services, irrigation services and ready markets for the produce, through License Buying Companies (LBCs) and National Food Buffer Stock Company (NAFCO).

The programme also seeks to improve warehousing and cold chain facility with the focus on reducing postharvest loses. Nutrition sensitive agriculture and livelihood diversification options will also be promoted through this programme.

This programme consists of five (5) sub-programmes as follows:

- Productivity Improvement
- Mechanization, Irrigation and Water management;
- Postharvest Management and Agricultural Marketing;
- Nutrition Sensitive Agriculture; and
- Emergency Preparedness.

The organizational units responsible for delivering this programme are the Directorate of Agricultural Extension Services (DAES), Directorate of Crops Services (DCS), Policy Planning Monitoring and Evaluation Directorate (PPMED), and Statistics Research and Information Directorate (SRID), Women in Agricultural Directorate (WIAD), Ghana Irrigation Development Authority (GIDA), Agricultural Engineering Services Directorate (AESD), Grains and Legumes Development Board (GLDB), Plant Protection and Regulatory Services Directorate (PPRSD), Veterinary Services Directorate (VSD) and Animal Production Directorate (APD) with a total number of 2,549 staff.

The beneficiaries of this programme are the Ministry and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG, and Donor support. The donor supports are CIDA, WB and USAID.

BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 2: CROPS AND LIVESTOCK DEVELOPMENT SUB-PROGRAMME 2.1: Production and Productivity Improvement

1. Budget Sub-Programme Objectives

- To increase productivity of priority commodities through the use of improved agricultural inputs and Good Agricultural Practices (GAP).
- To ensure multiplication of improved seed/planting material and breeding stock in the Agricultural Stations and other locations throughout the country.
- To improve seed quality assurance and certification in the seed industry.
- To promote the use of certified seed, fertilizers and improved breeding stock by farmers.
- To improve production of livestock through supply of improved breeding stock, disease control and surveillance
- To promote utilization and production of veterinary vaccines locally
- To intensify food safety through effective public education

2. Budget Sub-Programme Description

The agricultural value chain players require the use of improved technology to enhance productivity. Quality agricultural inputs such as certified seeds, fertilizers and improved livestock breeds are major determinants of high productivity in the agricultural sector. The high cost coupled with limited access to improved agro-inputs including seeds and fertilizers constrained farmers to low adoption of these inputs. Inadequate number of Agricultural Extension Agents is also a challenge to value chain development.

Under the sub-programme, farmers' access to improved inputs will be increased through provision of subsidies to farmers and enhanced capacity of certification agencies. The Government will improve extension service delivery through: the provision of knowledge packages such as Information Education and Communication (IEC) materials on basic know-how to enhance the capacity of smallholder farmers; the use of e-Agriculture; recruiting more AEAs to improve on technical service provision and technology dissemination to farmers; and building capacities of actors along the value chain.

The main operations under this sub-programme are as follows;

- Enhance farmers' access to agro inputs (fertilizers, certified seeds, agro-chemicals)
- Enhance farmers' access to improved livestock breeding stocks, veterinary drugs and vaccines;
- Enhance disease control and surveillance
- Promote the production and use of quality feed;
- Promote cost effective technology development and adaptation; and
- Promote technology dissemination.
- Promote food safety through public health education

The organizational units responsible for delivering this sub-programme are Directorate of Crop Service (DCS), Plant Protection and Regulatory Service Directorate (PPRSD), Animal Production Directorate (APD), Grains and Legumes Development Board (GLDB), Veterinary Services Directorate (VSD), Women in Agricultural Directorate (WIAD) and Directorate of Agricultural Extension Services (DAES) with total staff strength of 2,485. The beneficiaries of this sub-programme are farmers and other stakeholders. The programme is funded mainly by GoG and Donor support. The donor supports are CIDA, WB, USAID, International Fund for Agricultural Development (IFAD), African Development Bank (AfDB), JICA, GIZ, CABI, AGRA, FAO

The main challenges faced in the delivery of this sub-programme are high cost and assess to agricultural inputs, limited infrastructure for processing and storage, limited sensitization on the use of certified seeds/planting materials and absence of a harmonized regulatory framework.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| M | | Past Yea | rs | Projections | | | | |
|--|---|-----------|----------------|---------------------|-------------------------|-------------------------|-------------------------|--|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 | |

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 2: CROPS AND LIVESTOCK DEVELOPMENT

SUB-PROGRAMME 2.2: Mechanisation, Irrigation and Water Management

1. Budget Sub-Programme Objectives

- To provide access to efficient mechanized services along the value chain
- To accelerate the development and management of irrigation schemes.
- To improve productivity through increased land intensification ratios on water management schemes.
- To reorganize farmlands into clusters to ease access to mechanization service delivery
- To promote mechanization service enterprises
- To promote farm and post-farm machinery manufacturing
- To promote demand-driven irrigation
- To promote the development of irrigation infrastructure

2. Budget Sub-Programme Description

Agricultural mechanization is essential for increased production and productivity. However, the spatial arrangement and fragmented nature of the farmlands are not conducive for mechanization service delivery. As part of a broad strategy to intensify the usage of mechanisation services, Government will support the re-organisation of farmlands into clusters to facilitate their access to agricultural machinery and thus create a thriving market for mechanization services. Government will also facilitate the establishment of Farm Service Centres which will provide services along the value chain (land preparation to post harvest) as well as backup spare parts for all agricultural machinery and equipment, in line with the Ghana Agricultural Engineering Policy (GAEP). It is expected that about 1 million additional hectares will be put under mechanization through this process by 2021.

Agriculture in Ghana is predominantly rain-fed which contributes to low productivity in the crop sub-sector. This sub-programme seeks to expand access to irrigated agriculture. In order to ensure sustainability and efficiency of irrigation schemes, farmer participation in scheme management (operation and maintenance) will be encouraged; expansion and improvement in irrigation infrastructure; facilitation of the setting and collection of irrigation service charges; sensitization, formation and capacity building of water users association (WUAs) will be undertaken and strengthening of the irrigation value chain.

Government will also incentivize the private sector to invest in irrigation development through: de-risking investment in irrigation; using innovative financing schemes such as taxation and insurance of bonds; using Public-Private-Producer-Partnership (PPP) arrangement, joint ventures; strengthening governance in the irrigation sector; and support effective linkages between actors in the irrigation value chain.

The sub-programme is implemented through the following key operations:

- Promoting Agricultural Mechanization; and
- Promoting Irrigation and Water Management.

The organizational units responsible for delivering this sub-programme are Ghana Irrigation Authority (GIDA) and Agricultural Engineering Services Directorate (AESD) and with a total staff strength of 261. The beneficiaries of this sub-programme are farmers and other stakeholders. The programme is funded mainly by GoG and Donor support. The donor supports are CIDA, WB, USAID, International Fund for Agricultural Development (IFAD), African Development Bank (AfDB), JICA, GIZ, CABI, AGRA, FAO

The main challenges faced in the delivery of this sub-programme are high cost and assess to agricultural inputs, high electricity tariff for irrigation farmers, encroachment on public irrigation schemes and absence of a harmonized regulatory framework.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Past | Years | Projections | | | |
|--|--|------------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| Irrigation schemes developed | Area developed (ha) | 12,978 | 13,009 | 14,934 | 18,934 | 26,934 | 34,934 |
| Enhanced Farmers Access to Irrigation Services | Percent of cultivated land under irrigation | 3.18 | 3.18 | 3.21 | 3.27 | 3.38 | 3.50 |
| Increased public finance mobilized for irrigation facilities | Value of public investments in irrigation | 94,695,078 | 49,357,840 | 68,000,000 | 851,835,852 | 745,356,600 | 532,397,394 |
| Increased participation by communities in the management of small and medium scale irrigation schemes | Number of WUAs established and functional | 2 | 25 | 43 | 53 | 73 | 93 |
| Increase investments in irrigation development with market oreintation | Proportion of expected irrigation service charges that is actually collected | 46.27 | 50.91 | 65.52 | 68.37 | 70.02 | 72.12 |

| | | Past | Years | | Projections | | | |
|---|---|------|----------------|------------------------|----------------------------|----------------------------|----------------------------|--|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 | |
| Private sector mechanization centers established | | 168 | 200 | 230 | 260 | 290 | 290 | |
| | Number of individuals/ent erprises supported to provide mechanization services | 110 | 200 | 200 | 200 | 200 | 200 | |
| Increased access to mechanization services | Number of operators, mechanics and AMSEC Managers trained on proper use of farm machinery and equipment | 300 | 400 | 500 | 500 | 500 | 500 | |

4. Budget Sub-Programme Operations and Projects

The table lists the main Operations and Projects to be undertaken by the sub-programme

| Operations | Projects |
|--|---|
| Agricultural Facilities and Infrastructure | Rehabilitation of irrigation infrastructure |
| Promoting Agricultural Mechanization; | |
| Sensitization, capacity building and formation of WUAs | |
| Rehabilitation of irrigation infrastructure | |

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 2: CROPS AND LIVESTOCK DEVELOPMENT

SUB-PROGRAMME 2.3: Postharvest Management and Marketing

1. Budget Sub-Programme Objectives

- To create awareness on food fortification and food-based nutrition interventions
- To reduce post harvest losses and improve storage and distribution systems.
- To promote quality control, processing, packaging and marketing of agricultural produce.

2. Budget Sub-Programme Description

Government recognises that reducing post-harvest losses is critical for the development and profitability of value chains and thereby promoting access to markets. In order to increase farmers' access to markets, government must promote the aggregation of smallholder farmers into upgraded value chains. This will provide the value chain players access to the goods and services they need, including seed money subsidy in a commercially viable way. This enhanced system will reduce their cost of production and consequently increase their competitiveness and wealth. It is also important to develop feeder roads and other infrastructure specifically the geographic areas where value chain clusters are located to reduce transaction cost, post-harvest losses and drive private sector investment.

To foster the penetration of produce into the market, this sub-programme will: create a national market information system to gather, analyse and disseminate relevant information for agricultural sector; promote farmers' and community markets; promote SPS measures; quality foods and establish quality assurance certification process in food production, processing and distribution.

The sub-programme is implemented through the following key operations:

- Value Chain Development;
- Market Intervention Schemes; and
- Promotion of Quality Measures.

The organizational units responsible for delivering this sub-programme are the Women in Agricultural Development (WIAD), Agricultural Engineering Services Directorate (AESD), Plant Protection and Regulatory Services Directorate (PPRSD) and Directorate of Agricultural Extension Services (DAES) with a total staff number of 872. The beneficiaries of this sub-programme are farmers and other stakeholders along the value chain. The main sources of funding are GoG and Donor support. The donor supports are CIDA, WB, USAID, International Fund for Agricultural Development (IFAD), African Development Bank (AfDB), JICA, GIZ, CABI, AGRA, FAO

The challenges faced in the delivery of this sub-programme are:

- Inadequate warehousing facilities.
- Low integration of commodity markets.
- Inadequate drying facilities.
- limited infrastructure for processing and storage
- Inaccessible feeder roads to the production centers.

3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimate of future performance.

| | | Past | Years | | Pro | jections | |

| Enhanced commodity grades and standards for quality assurance | Number of products that have SPS standards developed and disseminated | 15 | 16 | 16 | 16.08 (0.5%) | 16.08 | 16.08 |
| Increased investment in food fortification related activities | Number of people that benefitted from food fortification demonstrations | 43,300 | | 47,200 | 49,000 | 50,000 | 50,000 |

4. Budget Sub-Programme Operations and Projects

The table lists the main Operations to be undertaken by the sub-programme.

| Operations | Projects |
|---|---|
| Agricultural Facilities and Infrastructure | Construction of Warehouses and provision of drying facilities |
| Promote varieties that have good shelf life | |
| Production and acquisition of improved planting materials | |
| Implementation of Food Fortification measures | |
| Promote measures to strengthen dietary diversity | |

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 2: CROPS AND LIVESTOCK DEVELOPMENT

SUB-PROGRAMME 2.4: Nutrition Sensitive Agriculture

1. Budget Sub-Programme Objective

• To improve access and consumption of high-quality diet for all household members

2. Budget Sub-Programme Description

Ghana continues to make progress in improving nutritional status of children. In recent times, Ghana has not suffered widely from food insecurity due to improved food production. The domestic production of selected staples continues to exceed national requirements. However, there is household food insecurity in some parts of the country. There is also high child malnutrition and prevalence of micro and macro nutritional deficiencies and increased incidence of diet-related non-communicable diseases.

This sub-programme seeks to sustain and improve upon the gains made over the years with regard to nutrition and address the associated challenges. Over the medium-term, this sub-programme aims at addressing prevalence of hunger; weak nutrition-sensitive food production system; infant and adult malnutrition, inadequate public education and communication on nutrition.

The sub-programme is implemented through key operations as follows:

- Promotion of nutrition rich foods
- Implementation of food fortification measures
- Promotion of measures to strengthen dietary diversity
- Enhancing the production and consumption of improved livestock breeds

The organizational units responsible for delivering this sub-programme are the Directorate of Crops Services (DCS), Plant Protection and Regulatory Services Directorate (PPRSD), Grains and Legumes Development Board (GLDB), Women in Agriculture Directorate (WIAD), Animal Production Directorate (APD), National Buffer Stock Company (NAFCO), Veterinary Services Directorate (VSD) with a total staff number of 1,706.

The beneficiaries of this sub-programme are farmers and other stakeholders along the value chain. The main sources of funding are GoG and Donor.

The donor supports are CIDA, WB, USAID, International Fund for Agricultural Development (IFAD), African Development Bank (AfDB), JICA, GIZ, CABI, AGRA, FAO

The challenges faced in the delivery of this sub-programme are:

- Weak collaboration among key stakeholders.
- Inadequate warehousing facilities.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimate of future performance.

| | | Past | Years | Projections | | | |
|---|---|------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| | Number of nutrient-specific fortification programs | N/A | 2 | 2 | 4 | 4 | 4 |
| Increased investment in food fortification- related activities | Number of demonstrations conducted on food fortification | N/A | 240 | 350 | 350 | 400 | 400 |
| | Number of people that benefited from food fortification demonstrations | N/A | 51,960 | 54000 | 56000 | 58000 | 60000 |

4. Budget Sub-Programme Operations and Projects

The table below lists the main Operations to be undertaken by the sub- programme.

| Operations | |
|---|--|
| Implementation of food fortification measures | |
| Promotion of measures to strengthen dietary diversity | |

BUDGET PROGRAMME SUMMARY

PROGRAMME 2: FOOD SECURITY AND EMERGENCY PREPAREDNESS

SUB-PROGRAMME 2.5: Early Warning Systems and Emergency Preparedness

1. Budget Sub-Programme Objective

• To reduce risks associated with natural disasters and disease/pests' outbreaks and ensure availability of adequate food stocks.

2. Budget Sub-Programme Description

Emergency preparedness describes the country's readiness to respond to need of victims of natural hazards and other calamities such as floods, pest and disease outbreaks, climate change etc. This can be attained by building capacities to respond to such emergencies. This sub-programme aims at ensuring appropriate and efficient emergency preparedness and response in-country with respect to agricultural commodity supply.

The sub-programme is implemented through the following key operations:

- Emergency Readiness such as;
- Surveillance and prevention of pest and diseases.
- Collaborating with relevant agencies to identify early warning signs for natural disasters.
- Knowledge dissemination measures and training of farmers in disaster preparedness methods
- Promotion of seed and grazing reserves, and storage facilities.

Emergency Response.

- Rapid response and control of pest and diseases.

The organizational units responsible for delivering this sub-programme are the Directorate of Crops Services (DCS), Plant Protection and Regulatory Services Directorate (PPRSD), Grains and Legumes Development Board (GLDB), National Food Buffer Stock Company (NAFCO), Veterinary Services Directorate (VSD) with a total staff number of 2,218.

The beneficiaries of this sub-programme are farmers and other stakeholders along the value chain. The main sources of funding are GoG and Donor. The donor supports are CIDA, WB, USAID, International Fund for Agricultural Development (IFAD), African Development Bank (AfDB), JICA, GIZ, CABI, AGRA, FAO

The challenges faced in the delivery of this sub-programme are:

- Weak collaboration among key stakeholders
- Inaquate logistics for all year-round monitoring and early warning system
- Non availability of strategic stocks of agricultural inputs.

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimate of future performance.

| | | Past Y | <i>l</i> ears | Projections | | | |

BUDGET PROGRAMME SUMMARY

PROGRAMME 3: AGRIBUSINESS DEVELOPMENT

1. Budget Programme Objectives

- To diversify into cash crops and livestock as a business.
- To add value to commodities being produced and develop new products.
- To find market for existing products and diversify new ones.
- To promote small holder livestock business enterprises.

2. Budget Programme Description

Agriculture in Ghana is Private sector led. The key role of the public sector, therefore, is to create an enabling environment for private sector to invest and grow in the Agricultural sector. This Programme is mainly aimed at achieving this goal by facilitating access to appropriate/innovative agricultural finance; investing in adequate public infrastructure to leverage private sector investment in the sector; and promoting agricultural trade.

This programme consists of two (2) Sub-programmes as follows:

- Promotion of Private Sector Investment in Agriculture;
- Agricultural Financing.

The organization units responsible for delivering this programme are the Directorate of Crop Services, Policy Planning Monitoring and Evaluation Directorate (PPMED), Women in Agricultural Directorate (WIAD), Animal Production Directorate (APD), Plant Protection and Regulatory Directorate (PPRSD) and Veterinary Services Directorate with a total staff number of 2,407 staff.

The beneficiaries of this programme are the Ministry and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG and Donor support. The donor supports are CIDA, WB and USAID.

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 3: AGRIBUSINESS DEVELOPMENT

SUB-PROGRAMME 3.1 Promotion of Private Sector Investment in Agriculture

1. Budget Sub-Programme Objective

To improve private sector investment in agriculture

2. Budget Sub-Programme Description

The role of private sector in agricultural development in Ghana cannot be over emphasized. Majority of investment in the sector is borne by the private sector. In order to take advantage of public sector investments and optimize returns, the private sector needs accurate and timely information. The sub-programme will also facilitate coordination among private sector operators.

The sub-programme is implemented through the following key operations:

- Provide agribusiness information and expertise to the private sector
- Facilitate investment into the agricultural sector

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| Main Output Outputs Indicator | | Past Years | | | Projections | | |
|--|--|------------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| | | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |

BUDGET SUB-PROGRAMME SUMMARY

PROGRAMME 3: AGRIBUSINESS DEVELOPMENT

SUB-PROGRAMME 3.2: Promotion of Appropriate Agricultural Financing

1. Budget Sub-Programme Objective

To increase access to innovative and sustainable agricultural financing

2. Budget Sub-Programme Description

This sub programme aims at ensuring increased and sustainable access to innovative financing by agribusinesses along commercially viable and competitive agricultural value chains. The focus of this sub-programme is to de-risk and eliminate bottlenecks regarding financing of agricultural sector using innovative instruments.

The sub-programme is implemented through three (3) key operations as follows:

- Agricultural Risk Sharing;
- Agricultural Finance and Credit Facilities; and
- Capital Market Instruments for Agriculture

3. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| Main Outputs | Output | Past Years | | Projections | | | |
|--|--|------------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Indicator | | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| A - 1 ¹ -14-14-1 - 14-14-14-14-14-14-14-14-14-14-14-14-14-1 | Number of beneficiary's banks of GIRSAL | 0 5 | 5 | 5 | 5 | 5 | |
| Agricultural sector de- risked | Volume of guarantee provided by GIRSAL | | n/a | n/a | n/a | n/a | n/a |
| Improve capacity of value chain actors in contracting and contract management | Number of actors trained | 0 | 0 | 20 | 30 | 30 | 30 |

4. Budget Sub-Program Operations and Projects

The table below lists the main Operations to be undertaken by the sub- programme

Operations and Projects

| Operations | Projects |
|---|--------------------|
| Agricultural Risk Sharing | GIRSAL |
| Agricultural Finance and Credit Facilities | OVCF, GASIP, GCAP, |
| Capital Market Instruments for Agriculture | |
| Promotion of specific market and production contracts | |
| Promoting warehouse receipts system | SAPIP, GGC, GCX |

BUDGET PROGRAMME SUMMARY

PROGRAMME 4: SUSTAINABLE MANAGEMENT OF LAND AND ENVIRONMENT

1. Budget Programme Objective

- To promote land management for sustainable agriculture.
- To increase the resilience of agricultural production systems against global climate change.
- To promote sustainable exploitation of all water bodies.

2. Budget Programme Description

Agricultural activities including mechanization and the use of agro-chemicals to enhance agricultural productivity has an implication on the land and environment. This programme seeks to facilitates the implementation of Sustainable Land and Environmental Management (SLEM) practices in agriculture. This involves promoting SLEM technologies; creating awareness; and building institutional capacity.

This programme is delivered through the following sub-programmes:

- Conservation of Natural Resources/ Management of environment and natural resources; and
- Climate Change Resilience and Mitigation.

The programme is implemented through the following operations:

- Conservation Agriculture/ Sustainable Management of Land and Water
- Climate Change Resilience and Mitigation

The organizational unit responsible for delivering this programme is Directorate of Crops Services with a total number of 104 staff.

The beneficiaries of this programme are farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG and Donor (Global Affairs Canada, Food and Agriculture Organization, World Bank etc).

- Main challenges in delivery of this programme are:
- Weak policy environment for sustainable land and Environmental Management (SLEM) at community level;
- Low capacity at all levels for implementation of SLEM policies;
- Low adoption of SLM technologies at community level;
- Weak collaboration of relevant agencies to ensure SLEM mainstreaming;
- Weak technical capacity of staff on Climate Change Adaptation and Mitigation practices and
- Non-reporting of implementation of Climate Change activities in the field.

BUDGET PROGRAMME SUMMARY

PROGRAMME 4: SUSTAINABLE MANAGEMENT OF LAND AND ENVIRONMENT

SUB-PROGRAMME 4.1: Conservation of Natural Resources/Management of

Environment and Natural Resources

1. Budget Sub-Programme Objectives

• To promote sustainable management of environment and natural resources

2. Budget Sub-Programme Description

This sub-programme seeks to promote sustainable management of environment, protect biodiversity and ensure sustainable management of natural resources through awareness creation and collaboration among relevant agencies to mainstream good environmental and natural resource management practices

The sub-programme is implemented through an operation as follows:

- Sustainable Management Land and Water
- Support sound environmental management of agriculture sector activities

The organizational unit responsible for delivering this programme is Directorate of Crops Services with a total number of 104 staff.

The beneficiaries of this programme are technical staff at all governance levels, farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG and Donor (Global Affairs Canada, Food and Agriculture Organization, World Bank etc).

3. Budget Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Pa | ast Years | | Pro | ojections | |
|---|---|------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| Agriculture Policies and strategic documents reviewed for environmental compliance | number of agriculture policies and strategic documents reviewed | 1 | 1 | 2 | 2 | 2 | 2 |
| Technical capacity at all levels built on Sustainable Land and Water Management (SLWM) | number of staff trained on SLWM | 63 | 75 | 100 | 120 | 140 | 160 |
| | Number of farmers trained on SLWM | 3000 | 3600 | 1500 | 4000 | 5000 | 6000 |
| Natural resources management (NRM) promoted | Number of NRM related demonstrations established | 60 | 72 | 50 | 200 | 250 | 300 |
| | Number of farmers supported to adopt SLWM technologies | 8590 | 12421 | 5000 | 15000 | 20000 | 25000 |
| Environmental management regulations enhanced in | Number of environmental compliance monitoring to medium to large scale agriculture establishments | 4 | 2 | 2 | 4 | 4 | 4 |
| agriculture establishments | Number of private sector agriculture environmental management plans reviewed | 6 | 5 | 4 | 4 | 4 | 4 |
| Institutional capacity for SLM at all levels (SDG Indicator 15.1.2) | Number of trainings on environmental integration for climate change for staff | 2016 | 5 | 2019 | 3 | 2023 | 40 |

4. Budget Program Operations and Projects

The table below lists the main operations to be undertaken by the programme.

| Operations | Projects |
|---|------------------------|
| Sustainable Land and Water Management | Collaborative Projects |
| Support sound environmental management of agriculture sector activities | No projects |

BUDGET PROGRAMME SUMMARY

SUB-PROGRAMME 4.2: Climate Change Resilience and Mitigation

1. Budget Sub-Programme Objectives

- To enhance institutional capacity to support climate resilient agricultural development
- To increase resilience of agricultural production systems against global climate change

2. Budget Sub-Programme Description

The effects of climate change resulting from rainfall and temperature variability is significantly devastating for actors in agricultural value chains, especially in the Savannah zone. This is due to the fact that majority of farmers are smallholders and rely mostly on rain-fed agriculture which is largely unreliable. Climate change has also introduced challenges such as pest and disease incidences which negatively affects production. This sub-programme therefore seeks to support the implementation of the Climate Smart Action Plan which supports farmers' resilience to climate change through adaptation and mitigation.

The sub-programme is implemented through following operations:

• Climate Change Resilience and Mitigation action

The organizational unit responsible for delivering this programme is Directorate of Crops Services with a total number of 104 staff.

The beneficiaries of this programme are farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG and Donor (Global Affairs Canada, Food and Agriculture Organization, World Bank etc).

3. Budget Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Ministry measures the performance of this programme. The past data indicates actual performance whilst the projections are the Ministry's estimates of future performance.

| | | Pa | st Years | | Proj | ections | |
|-------------------------------------|---|------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| Human resource Capacity improved | Number of agriculture staff trained on climate change adaptation and mitigation | 378 | 220 | 200 | 200 | 200 | 200 |

| | | Pa | st Years | | Proj | ections | |
|---|---|------|----------------|------------------------|----------------------------|----------------------------|----------------------------|
| Main Outputs | Output Indicator | 2018 | 2019@ Sept. | Budget Year 2020 | Indicative Year 2021 | Indicative Year 2022 | Indicative Year 2023 |
| Institutional support system and mechanisms enhanced | Number of Ministerial Climate Change Task Force meetings | 2 | 1 | 4 | 4 | 4 | 4 |
| | Number of farmers adopting diversified cropping systems | 8590 | 12421 | 5000 | 15000 | 15000 | 15000 |
| Risk reduction and transfer and alternative | Number of Participatory Scenario Planning sessions undertaken | 10 | 2 | 20 | 20 | 20 | 20 |
| livelihoods promoted | Number of farmers introduced to alternative livelihoods | 0 | 60 | 100 | 100 | 100 | 100 |

4. Budget Program Operations and Projects

The table below lists the main operations to be undertaken by the programme.

| Operations | Projects |
|--|--|
| Human resource capacity improved Institutional support systems and mechanisms enhanced | No Projects No projects |
| Risk reduction and transfer and alternative livelihoods promoted | Possibility of upscaling the Sustainable Land and Water Management Project |
