Project Number:	P179221
Assignment Title:	RECRUITMENT OF AN ENVIRONMENTAL SPECIALIST
Reference No.:	GH-MOF-YES-379865-CS-INDV

The Government of Ghana has received financing from the World Bank towards the proposed Ghana Youth Employment and Entrepreneurship in Productive Sectors (YESp) Program for Results (PforR) and intends to apply part of the proceeds for consulting services by inviting suitably qualified individuals for the position of Environmental Specialist. The program's development objective is to increase investments and exports in selected sectors, improve sector-specific skills, and promote youth entrepreneurship.

Youth unemployment in Ghana is a socio-economic imperative now more than ever. Unemployment among Ghanaian youth has been on the rise following the covid-19 pandemic, thus, posing a threat to our national security and economic stability. To tackle this intractable problem, Government through the Proposed YESp aims at creating jobs in the economy over the next five (5) years.

The PforR operation will support the development of three priority sectors under the Ministry of Trade and Industry's (MOTI's) Strategic Anchor Industries program as well as the District Entrepreneurship Programme (DEP) under YOUStart. The operation will run for five years and will cover interventions nationwide. It will focus on four results areas: (1) investment promotion; (2) export facilitation; (3) sector-specific skills training; and (4) youth-led enterprise promotion. The PforR beneficiaries include investors (both foreign and domestic) and their employees (of which 60 percent are estimated to be under 30 years of age), young graduates enrolled in industry-led training programs (of which at least 30 percent will be women), young entrepreneurs between 18-40 years old (of which at least 50 percent will be women and 5 percent will include persons with disabilities) and their employees. The PforR will indirectly benefit the households that employees and entrepreneurs support through their additional wage incomes or business margins.

The Environmental Specialist will augment MoF's capacity to design and support the implementation of Environmental Risks Management Systems, policies and procedures for the program.
