#### PART A: OVERVIEW OF THE NKWANTA SOUTH MUNICIPAL ASSEMBLY

#### **BACKGROUND**

The Nkwanta South Municipal is one of the Eight (8) Municipal and District Assemblies in the Oti Region in 2019 with its capital as Dambai. It is located in the northern part of the Region. It lies between latitudes 7' 30o and 8' 45o North and longitude 0'10o and 0'45o East and bounded to the north by Nkwanta North District, to the south by the Kadjebi District, to the east by the Republic of Togo and to the west by Krachi East Municipal. The Municipal has a land surface area of 2,733km2 (14.7% of the total land area of the region) which is the largest in the Volta Region.

The General Assembly has a membership of forty-five (45) made up of thirty (30) elected members, thirteen (13) government appointees, the Municipal Chief Executive and one Member of Parliament. The Municipal Assembly has three (3) Area Councils and sixty (60) Unit Committees. The Zonal Councils are Nkwanta Urban Council, Ntrubo Zonal Council, and Tutukpene/Kecheibi Zonal Council.

### **Population**

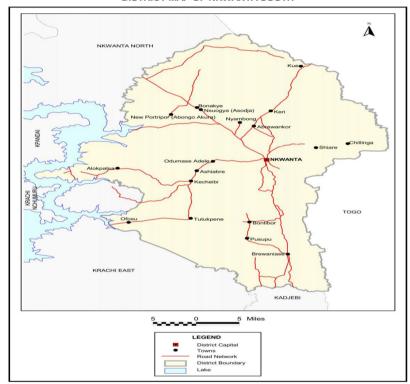

According to the 2010 Population and Housing Census (PHC), the total population of the Municipality as of 2020 as projected is 149,296 with estimated population growth rate of 2.5% (based on the Regional and National growth rate as released by the Ghana Statistical Service (GSS). This consists of 49.5% males and 50.5% females. Nkwanta South Municipal has a relatively lower population density (43.57 persons per km2) compared to the regional and national figures of 103.0 and 103.4 respectively. This implies that there are more lands available for development. Nkwanta South Municipal is a rural one with over 74.6% of the people living in scattered settlements with population less than 5,000.

#### **Ethnic Profile**

The ethnic composition of the Municipal is very diverse. The major ethnic groups in the Municipal are the Ntrubo, the Adele, the Atwode, the Challa and the Konkomba. The rest are the Ewe, the Akan, the Kotokoli and the Basare. The chiefs of these ethnic groups provide leadership in their communities in undertaking self – help projects and helping the Assembly in maintaining law and

order in their areas of jurisdiction. Traditional authorities wield a lot of influence especially in the rural areas. The Municipal has about 316 settlements with about 75% of the population living in the rural areas with untarred road network. The Municipal capital, Oti is approximately 59.5 kilometers from the regional capital - Dambai. Some major towns in the Municipal include Nkwanta, Brewaniase, Bonakye, Keri, Kecheibi, Shiare, Kabiti, Kue, Pusupu and Ashiabre.

#### DISTRICT MAP OF NKWANTA SOUTH

#### MUNICIPAL ECONOMY

### a. Agriculture

This sector is divided into three main sub-sectors; namely: crop, livestock and fisheries. There are vast stretches of arable land with suitable vegetation and climate for optimum crop production. The soil types support variety of crops. The Municipality has comparative advantage in the production of yam, cassava, and cereal. The introduction of mechanized agriculture for the production of cassava and cereals will stimulate increased income and eventual reduction in poverty. Subsistence farming - cultivating very small acreages, is predominant in the Municipality, averaging two acres of land per farmer. Hoes and cutlasses are the main farm implements.

Credit facilities are not easily available to farmers. Farmers depend mostly on traditional methods of storage resulting in significant post-harvest losses especially during the rainy season due to the poor road network within the Municipal. Agro-processing is largely limited to gari processing using cassava; therefore about 95% of agricultural produce are sold in their law state. There is the potential to increase the production of cattle, goats, sheep, and pig by introducing new breeds, improving husbandry practices and establishing fodder banks as well as improved pastures especially at Kabiti where there are large expanse of land and water. Fishing is carried out on the Oti arm of the Volta Lake in the Municipal at Kabiti.

#### b. Roads

Road is the only mode of transport in the Municipality. There are about 316 communities which are predominantly rural with untarred road network resulting in difficulty in vehicular mobility especially in the rainy season and dusty in the long dry season. Sometimes most parts of the Municipality are cut-off from the capital during the rainy seasons. This implies that, the overall improvement of the road network, maintenance and rehabilitation will facilitate and lower transportation cost and integrates the Municipal's rural economy with the urban economy to reduce poverty. The Municipal capital, Nkwanta is approximately 59.5 kilometers from the regional capital - Oti.

#### c. Education

The Assembly provides education to the entire Municipality through the Municipal Education Directorate. There are 69 pre-schools of which 61 are public and 8 privately owned; 87 primary schools consisting of 80 public and 7 private and 37 Junior High Schools - 36 public and one private. There are three Senior High Schools - Nkwanta SHS, Nkwanta Community SHS and Brewaniase SHS. The Municipality has a challenge with trained teacher retention. Nearly, one-third of all the teachers in the Municipal are untrained whilst a number of schools have woefully inadequate teaching staff. These have serious implications for teaching and learning. The Assembly will continue to sponsor teacher trainees so they can come back and serve in the Municipality. Educational facilities such as libraries, furniture, and textbooks are inadequate even though there has been lots of improvement in the last three years. There are still schools under sheds. The Assembly is working hard to replace all schools under sheds by 2022.

Nearly 41 percent of the population has never attended school. Over 80 percent of all those with some education in the Municipality did not go beyond Basic Education. The situation is more pronounced on the female side as the figures keep dropping drastically. (Source: 2010 PHC). Serious and concerted efforts are needed to curb illiteracy at all levels especially amongst female. The Non-Formal Education Division and other NGOs are being encouraged to take up the challenge of bringing down these unacceptably high figures.

There are no vocational or technical institutes in the Municipality for skill training for the youth. There are, however, a number of mechanic shops, carpentry workshops, dressmaking, and hairdressing saloons where the youth acquire skills through apprenticeship. To support the youth acquire skills for gainful employment, the Assembly in collaboration with the Rural Enterprises Project and Non-Governmental Organizations (NGO) will explore the possibility of establishing community based capacity building schemes to train young people who drop out of school or are unable to attend school. The Assembly is also working with NGOs to develop sports in the Municipal.

#### d. Health Service

The Municipal health delivery system is managed by the Municipal Health Management Team (DHMT) which is headed by the Municipal Director of Health Services. Among the services provided by the DHMT are Health Administration, Health Promotion and Curative Services, Maternal and Child Health/Family Planning Services and Disease Control and Preventive Services. The Team is also responsible for the co-ordination of the activities of the various divisions in collaboration with other health related sectors for the promotion of health development and disease prevention. There are nineteen health facilities in the Municipality. One Municipal hospital, one mission hospital both at Nkwanta and one health centre at Tutukpene. The rest are 4 clinics – two publicly – at Brewaniase and Kecheibi and two privately managed – at Pusupu and Obanda and twelve CHPS compounds.

The top five causes of hospital admissions and death in the Municipal are malaria, anaemia, hypertension pregnancy related complications and snake bite. The Municipality is involved in a number of Malaria control programmes including Roll Back Malaria Programme and measures such as environmental cleanliness, netting of doors and windows and the use of impregnated bed nets. But malaria still accounts for over 40% of all OPD attendance. Many children in the Municipality suffer from malnutrition because they do not receive adequate amounts of nutritious foods. The obvious reasons are that many parents do not pay much attention to their children's dietary requirements because they are either ignorant, poverty stricken, adhere to traditional beliefs, or have large families that they cannot cater for adequately.

Potable water coverage in the Municipality is just about 75% meaning that about 25% of people living in the Municipality do not have access to safe drinking water. Majority of households use river/stream water as their main source of drinking water, while about 50 percent use borehole/pump/tube well.

The Municipal's Mutual Health Insurance Scheme took off smoothly in the Municipality in February 2006. As at the end of December 2009, over 24,678 had registered. But currently, the total number of clients stands at 102,000. The scheme faces a number of challenges including

inadequate logistics making it difficult to reach out to the hard-to-reach communities for education, registration, and photo-taking; inadequate office accommodation resulting in the creation of 'offices under tree' for some of the workers; delays in renewal and abuse of healthcare services by clients.

#### e. Environment

Nkwanta South Municipality is characterized by a tropical climate with dry and humid weather conditions. The rainfall regime experienced in the Municipal is the double maxima type; that is from April to July and September to October. The average number of rain days is 86 with extreme annual rainfalls ranging between 922mm to 1,874 mm. The dry season is from November to March. The mean annual maximum temperatures range between 24oC and 39oC (76oF to and 103oF) while the mean annual minimum temperatures are between 11oC and 26oC (52oF and 79oF). January - April are the hottest months while August records the lowest temperatures.

The Municipal is covered by three vegetation zones. These are;

- Semi-deciduous forest zone, found mainly on the eastern border of the Municipal. This
  accounts for about 30% of the vegetative cover.
- The second zone is the savanna woodland, which extends from the north-eastern part of the Municipal southwards to the zone of the semi-deciduous forest. This accounts for about 50% of the vegetative cover.
- The third zone is the savanna grassland extending eastwards from the Volta Lake and its Oti arm. It takes about 20% of the vegetative cover of the Municipality.

The common timber species include Odum, Wawa, and Kyenkyen. Due to logging, farming, cutting of fuel wood and charcoal production, the original vegetative cover has been reduced to secondary forests. It is also worth noting that bush burning is rampant during the long dry season. The Municipality is home to the Kyabobo Range National Park, the newest in the country. This park is situated in Ghana's highest mountain range and covers an area of 340 sq. km. It links-up with the extensive Fazao-Malfacassa National Park in Togo giving it an international attraction.

It has a unique mixture of both forest and savanna species with different kinds of animals including buffalos, bushbucks, waterbucks, black and white colobus monkeys, potas monkeys, mona monkeys and birds of diverse varieties. The Municipal is witnessing uncontrolled degradation of

its physical and natural resource base through a number of factors such as bush fires; inappropriate farming practices and deforestation. Climate change is eminent in the whole region in terms of change in rainfall pattern and weather conditions.

#### f. Tourism Potentials

Even though tourism has become one of the main sources of income and employment generation sectors in the country, the Assembly is yet to tap the existing potentials. There are a number of tourist sites that have the potential of rivaling some of the well-known tourist sites in the country. Though largely undeveloped, these sites hold the key to the area's development if steps are taken to explore the large potential they present. Nkwanta South Municipal possesses a wide range of naturally attractive features. These attractions include the Kyabobo Range National Park, Mountains, Waterfalls, Wildlife, and other natural features.

The Kyabobo Range National Park is particularly noted for foot safaris. The two "breast-mountains" viewed from the Nkwanta Township is a welcome signal to the park. On top of these mountains, a panoramic view of the underlying plains, villages and the Volta Lake offer the climbers a unique impression of the natural beauty of the park and other parts of Ghana. There are also in the park, camping sites to suit the taste of lovers of nature and eco-tourism. The Laboun Waterfall situated in the Kyabobo Park is about 30 metres high. There is the upper fall and the lower fall and the accompanying singing of birds, shrills of monkeys and cries of animals and the forest canopy give tourists a wonderful sense of satisfaction.

The "Hanging Village" (so called because of its architectural design) is situated 25 kilometers east of Nkwanta. The houses are built in a sort of layers into the mountain making them look as though they are hanging.

#### q. Telecommunication, Trade and Commerce

The presence of Vodafone, TiGO and MTN telecommunication networks promotes economic activities within the Municipal. The Municipality can also boast of two FM stations - Beyond FM 90.7 and Gateway Radio located at the Municipal capital, Nkwanta. The FM stations undertake activities such as sensitization, education, and promotion of economic activities through advertisement to transform the lives of people within its catchments areas of operation.

The Municipality has five (5) major marketing centers that attract sellers and buyers from all parts of Ghana and the Republic of Togo. These are located in Nkwanta, Breweniase, Kue, Bonakye, Kabiti, Keri, Tutukpene and Ofosu and held mostly on weekly basis. Trading activities in the Municipality, particularly in the periodic markets constitute one of the major sources of revenue to the Assembly. The investment and improvement of market infrastructure prominently has the

potential of boosting the Municipal's revenue generation. Currently, economic activities in the Municipality are supported by three financial Institutions namely: Ghana Commercial Bank Ltd, Agricultural Development Bank, and North Volta Rural Bank Ltd.

Cocoa production is a major activity especially in Kecheibi and its surrounding areas. Cashew development is also picking up. Potential exists for large-scale cultivation of these cash crops – cocoa and cashew. There is also the potential for cassava chips production and gari processing for export. Honey production is gaining currency in the Municipal for export.

### **ACTIVITIES OF NON-GOVERNMENTAL ORGANIZATIONS (NGOs)**

There are few NGOs in the Municipal involved in a number of activities geared towards poverty reduction.

### World Vision Ghana (Nkwanta ADP)

The World Vision Ghana, Nkwanta Area Development Project (ADP) in partnership with the Assembly and Local Council of Churches has made enormous contribution to the development of the Municipality in the areas of education, health, capacity building, water and sanitation, gender, development, and micro enterprise development.

### Women and Development Project (WADEP)

The Women and Development Project started in 1995 as a joint project between SNV and the Roman Catholic Diocese of Jasikan. The focus of the project includes micro-credit; training in income generating activities and strengthening of Women's groups.

### **Ghana Education Project (GEP)**

The Ghana Education Project is a newly formed NGO in the Municipality. Its major aim is to promote education, arts and sports in the Municipality.

#### KEY DEVELOPMENT ISSUES IN THE MUNICIPALITY

- Weak capacity of the private sector to take advantage of existing investment opportunities
- Non responsiveness to natural resource conservation
- · Absence of special schools and Technical/Vocational Education and Training institutions.
- · Unwillingness of teachers to accept postings to the rural areas
- Poor performance of pupils at BECE
- · Inadequate education and health infrastructure
- · Weak sub-district structure and logistical support
- Weak revenue generation capacity of the Assembly
- Inadequate potable water leading to high incidence of water and sanitation related disease
- · High incidence of child labour and teenage pregnancies.
- · High post-harvest losses
- · Poor road network
- · Volatility to ethnic, chieftaincy and land conflicts

- The Assembly intends to launch collection of Basic and Property Rate beginning 202.
   Enough public education and sensitization on Property Rate had been done.
- The budget for Miscellaneous has gone up compared to the current year's figure by over 700%. This is because we expect to continue to discover new revenue sources as we roll out the 2019 Revenue Improvement Action Plan (RIAP).
- As at 31<sup>st</sup> July, no entry has been found for Lands but analysis of previous years indicated
  that Lands had consistently yielded some substantial amount before those years ended
  justifying the estimate for the 2019 financial year.

#### STRATEGIES FOR REVENUE MOBILIZATION

#### 1. Education

Public education on tax responsibilities of residence will be intensified. The Nkwanta South District Assembly will embark on regular education campaign at the local radio station, on the need to pay taxes and levies, they will be sensitized on the uses of the revenue for provision of development projects

#### 2. Training and motivation of tax collectors

Revenue collectors will be well trained and their knowledge and skills in revenue collection updated from time to time to enhance efficiency and effectiveness. The training and skill upgrading will cover issues such as;

- Procedures of tax collection and Reporting /accounting for tax collected
- The Assembly will organize two-day workshop for Revenue collectors and Area Council staff on techniques and skills for revenue collection. This will enable the collectors to be well trained, knowledgeable and skillful in revenue collection.
- Motivational packages for the best revenue collector will be made known to them to enhance efficiency and effectiveness of the collectors.

### 3. Improvement of service delivery to commensurate the payment of tax

Provision of social amenities such as sanitation facilities etc. especially in the market places should be improved so that the tax payers will see the benefit coming to them directly. Existing markets will be fenced to protect the properties of those selling in the market.

The Assembly intends to ensure that social amenities such as sanitation facilities, in market places will be improved so that the tax payers will see the benefits of paying taxes and levies coming to them directly.

#### 4. Constant reminders

- Public announcements on Local F.M Stations
- Timely issuing of demand notices
- Organization of community fora to sensitize populace on the need to pay levies

#### 5. Constant Monitoring of Revenue Collection

• Unannounced visit to revenue collection points such as markets etc

- · Regular and random check on stores, dressmakers and others in the District
- Formation of revenue taskforce to quarterly mop up uncollected revenues

### **SUB-PROGRAMME 1.4 Legislative Oversights**

### 1. Budget Sub-Programme Objective

- Strengthen the capacity of Assembly Members to initiate and effectively scrutinize bye-laws, contracts and proposals:
- · Strengthen Assembly Members' skills to effectively scrutinize, monitor and evaluate the implementation of Municipal revenue and expenditure estimates.
- Improve public understanding of the work of the Assembly, its Committees and the duties and responsibilities of Assembly Members to the electorates.

### 2. Budget Sub-Programme Description

This sub-programme provides a range of procedural and legislative functions by the Presiding Member and Members of the Assembly at plenary and in Committee sittings.

- The sub-programme facilitates Assembly Members skills to initiate and scrutinize bye-laws, contracts and proposals;
- The sub-programme also outlines the specific functions of Committees as provided in the Standing Orders including investigation and inquiry into the activities and administration of Departments and Units of the Assembly.
- . It also focuses on enhancing the capacity of Assembly Members to effectively scrutinize and analyze Budget estimates of the Assembly. It may also include the development of capacity of Assembly Members to undertake enquiry into matters of public concern referred to the Committees.
- Committees have primary responsibility for financial and oversight of the work of the Departments and Agencies of Government to which they correspond, including scrutiny of their budgets and expenditures.
- This sub-programme also addresses the misconception of electorates regarding the roles and responsibilities of Assembly Members as defined by the Local Governance Act by reaching out to the public through town hall meeting, panel discussion on radio and participation in communal activities.

The main beneficiaries of the programme are decentralized departments of the assembly. other public service institutions and public servants. The funding for this programme comes mainly from IGF budget. Under this sub-programme, total staff strength of 2 will carry out its implementation.

### **BUDGET PROGRAMME SUMMARY**

### PROGRAMME 2: INFRASTRUCTURE DELIVERY AND MANAGEMENT

### 1. Budget Programme Objectives

- To ensure the sustainable development and periodic review of comprehensive plans and programmes for the construction and general maintenance of all Assembly landed properties, drainage management and operational hydrology.
- To promote a sustainable, spatially integrated and orderly development of human settlements to support socio-economic development

### 2. Budget Programme Description

The program seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social and physical infrastructure. There are three sub-programmes under this programme. These are:

- · Physical and Spatial Planning
- Urban Roads and Transport Services
- Infrastructure Development

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly towns and communities are undertaken in a planned, orderly and spatially determined manner.

The Infrastructure Development programme comprises of works, general maintenance and management, drainage management and hydrology. Works management provides technical support and consultancy services to Assembly and other donor funded public projects. It also coordinates the construction, rehabilitation, maintenance, and reconstruction of public buildings, government estates and storm water drainage systems. General maintenance management is involved in the rehabilitation, refurbishment and maintenance of government landed properties. It also offers architectural, quantity surveying, structural/civil, electrical, mechanical engineering and estate management services to the public. Similarly, it collaborates with consultants in the execution of public assignment in pre and post contract administration services.

Drainage management involves the development of the drainage master plans, designs of hydraulic structures such as drains, culverts, storage reservoirs, bridges and erosion control structures. Hydrology establishes the database for water supply, irrigation and drainage management.

#### **BUDGET SUB-PROGRAMME SUMMARY**

### **PROGRAMME2: Infrastructure Delivery and Management**

### SUB-PROGRAMME 2.1 Physical and Spatial Planning

### 1. Budget Sub-Programme Objective

To promote a sustainable, spatially integrated and orderly development of human settlements to support socio-economic development

#### 2. Budget Sub-Programme Description

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly in towns and communities are undertaken in a planned, orderly and spatially determined manner. The sub-programme seeks to establish the linkage between spatial/land use planning and socio-economic development in the planning and management of the Municipality.

The major operations of this sub- program include:

- Preparation of physical plans as a guide for the formulation of development plans
- Identify problems concerning the development of land and its social, environmental and economic implications;
- Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;
- Preparation of Land-Use Plan to guide activities in the Municipality;
- Ensure the prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly:
- Advise on the acquisition of landed property in the public interest
- Mobilization of IGF for the Assembly by imposing fees and charges for services rendered to clients throughout the Municipality with the collaboration of the Revenue Unit
- Undertake street naming, numbering of house and related Issues.

The operations are delivered by Physical Planning Department of the Assembly with different funding sources. The implementation of the programmes and projects are undertaken at the Municipal level with funding from GoG, DACF, DDF and IGF budgets. The main beneficiaries of the programme are decentralized departments of the Assembly, other public service institutions, public servants and the general public.

The major urban and rural development issues confronting the department include;

- Poor urban security and safety
- Limited urban infrastructure to support development in a planned, controlled manner
- Poor and inadequate rural infrastructure and services,
- Limited capacity in the adoption of innovative approaches.

#### **BUDGET SUB-PROGRAMME SUMMARY**

### **PROGRAMME2: Infrastructure Delivery and Management**

### **SUB-PROGRAMME 2.2 Infrastructure Development**

### 1. Budget Sub-Programme Objective

- Ensure timely and effective maintenance of all Government landed properties
- To increase access to adequate, safe, secure and affordable shelter
- Ensure that the entire populations, particularly the poor and vulnerable have access to adequate and safe drinking water and sanitation.

### 2. Budget Sub-Programme Description

This sub-programme deals with the development, construction, general maintenance and management involving the rehabilitation, refurbishment and maintenance of government landed properties. The key functions include:

- To undertake construction, maintenance and repair of public buildings and properties.
- To offer architectural, quantity surveying, structural/civil, electrical, mechanical engineering and estate management services to the public.
- To team up with consultants in the execution of public assignment in pre- and post-contract administration services.
- The programme seeks to provide shelter and office space for government organizations.
- Promote proper land use map for safe shelter development.
- Provide technical support and consultancy services to the Assembly and donor funded public projects,

The organizational unit involved in delivering this sub-programme is the Works Department of the Assembly. The programme is delivered through the award of contract and supervised by the department's project implementation team which comprises Professionals in architecture, engineering (civil/electrical) quantity surveying.

The Department has total staff strength of three to oversee the effective delivery of the projects and programmes of the sub-programme. Beneficiaries of the programme are mainly public

servants and Government institutions. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and Donor/External Funding sources.

The major challenges confronting the sub-programme are the inadequate staffing and logistics for operations within the sub-programme. Budgetary constraints, limited capacity at Municipal Assembly level for Water & Sanitation delivery, difficult Hydro-geological terrain resulting in low success rate in borehole drilling.

### **BUDGET PROGRAMME SUMMARY**

### PROGRAMME 3: SOCIAL SERVICES DELIVERY

### 1. Budget Programme Objectives

- To provide equitable access to good-quality child-friendly Universal Basic Education by improving opportunities for all children in kindergarten, primary and junior high school levels.
- To sensitize the youth on health issues, peace, volunteerism and social vices.
- To accelerate the provision of improved environmental sanitation services
- To deliver context specific healthcare interventions by providing accessible, cost effective and efficient health service at the primary level
- To reduce extreme poverty and enhance the potential of the poor to contribute to National Development.

#### 2. Budget Programme Description

The program seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social services. There are four sub-programmes under this programme. These are:

- Education and Youth Development
- Public Health Services and Management
- Environmental Health and Sanitation Management
- Social Welfare and Community Development

The Education component comprises of Kindergarten, Primary and Junior High School – that is schooling for children between the ages of 4 and 15 years. Basic Education is predominantly provided by Government operated facilities. The private schools are self-funded and registered by the Ghana Education Service. The schools use the GES curriculum. Provision of basic education is mandatory and free to all Ghanaian children. This means that the school buildings, furniture, teachers and teaching materials are all provided by the Government. Usually, pupils are required to provide their own uniform and exercise books; however, the programme runs a scheme to assist needy students.

The Youth Development seeks to provide skills and educational training for the youth to make them employable. It also involves educating the youth on health issues, volunteerism and peaceful co-existence.

Health Delivery sub-programme encompasses the control of environmental factors that can potentially affect health. It is targeted towards preventing disease and creating a health supportive environment. The sub-programme is aimed at facilitating improved environmental sanitation and good hygiene practices in both rural and urban communities. It also aims at empowering individuals and communities to analyse their sanitation conditions and take collective action to change their environmental sanitation situation. It also comprises a number of complementary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by adequate funding.

### PROGRAMME3: SOCIAL SERVICES DELIVERY

### **SUB-PROGRAMME 3.1 Education and Youth Development**

### 1. Budget Sub-Programme Objective

- To provide equitable access to good-quality child-friendly Universal Basic Education, by improving opportunities for all children at kindergarten, primary and junior high school levels.
- To provide specialized support to enhance the delivery of education services
- To provide skills training and job opportunities to the deprived and unemployed youth.
- To sensitize the youth on health issues, peace, volunteerism and social vices

### 2. Budget Sub-Programme Description

This sub-programme seeks to improve education service delivery. It delivers the following key services:

- · Provision of infrastructure
- Enhancing School inspection, monitoring and accountability
- Organising quality assessment programmes
- Empowering deprived and unskilled youth with leadership and vocational skills training to make them become employable.
- Educating and orienting the youth on volunteerism, peaceful co-existence, health issues, civic rights and responsibilities as well as the effects of social vices.

The organizational unit involved in delivering the sub-programme is the Department of Education Youth and Sports of the Assembly. The Department has total staff strength of thirty to oversee the effective delivery of the projects and operations of the sub-programme.

Beneficiaries of the programme are mainly school-going children, teachers, youth and the general public. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and Donor/External Funding sources.

The major challenges confronting the sub-programme are the inadequate teaching staff and logistics for operations within the sub-programme, budgetary constraints and limited capacity at Municipal Assembly level and unwillingness of teachers to accept posting to the rural areas.

#### PROGRAMME3: SOCIAL SERVICES DELIVERY

### **SUB-PROGRAMME 3.2 Public Health Services and Management**

### 1. Budget Sub-Programme Objective

- To bridge the equity gaps in geographical access to health services in the municipality by 2022
- To achieve universal health coverage through improved health delivery services

### 2. Budget Sub-Programme Description

This programme seeks to coordinate all activities to ensure access to good health care within the municipality. It also harmonizes and implements sector policies and programme to avoid duplication of efforts. The programme centers on the following:

- provision of public health and clinical services at primary levels
- Regulation of the registration and accreditation of health service delivery facilities as well as
  the training and practice of various health professions with regards to standards conduct
- · Provision of pre-hospital care during emergency and disaster

Regarding HIV/AIDS, a number of strategies with emphasis on behavior change messages have been scaled. The interventions include; information, education and communication strategies.

Malaria continues to pose considerable disease burden to the Municipality. The Municipality aims to reduce deaths and illness due to malaria by 75% by the year 2022. In order for impact to be achieved and the gains to be sustains, emphasis will be on the use of proven cost effective interventions coupled with the necessary local initiatives that will ensure success through community and gender based approaches that focus on hard to reach communities and the support of the health system.

The component on health promotion aims at reducing risk factors related to health with strong emphasis on healthy lifestyle and environment. There will be community focus interventions that place premium on behaviour change, feeding and physical exercises.

The organizational unit involved in delivering the sub-programme is the Municipal Health Directorate of the Assembly. The Unit has total staff strength of ten to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the general public. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and Donor/External Funding sources. #### 1. Budget Sub-Programme Objective

- To accelerate the provision of improved environmental sanitation services.
- To increase awareness and promote healthy lifestyles
- To promote safe and healthy environment in order to minimize illnesses

### 2. Budget Sub-Programme Description

The Environmental Health and Sanitation Management sub-programme is aimed at facilitating improved environmental sanitation and good hygiene practices in both rural and urban places in the Municipality. It also aims at empowering individuals and communities to analyze their sanitation conditions and take collective actions to change their environmental sanitation situation.

The principal components of this sub-programme at all levels (villages and towns) include:

- Collection and sanitary disposal of wastes, including solid wastes, liquid wastes, excreta, industrial wastes, health-care and other hazardous wastes;
- · Cleansing of thoroughfares, markets and other public spaces;
- Control of pests and vectors of disease:
- Food hygiene;
- Environmental sanitation education;
- Inspection and enforcement of sanitary regulations;
- Disposal of the dead;
- Control of rearing and straying of animals:
- Monitoring the observance of environmental services and standards.
- Creating and maintaining database of all issues of environmental health importance
- Compilation and reporting of problems and complaint management

It also comprises a number of complementary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by the Municipal Assembly.

The organizational unit involved in delivering the sub-programme is the Municipal Environmental Health Unit of the Assembly in collaboration with the Municipal Health Directorate.

The Unit has total staff strength of ten to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the general public.

The sub-programme is funded through DACF. Internally Generated Funds (IGF) and Donor/External Funding sources. The major challenges confronting the sub-programme are inadequate logistics for operations within the sub-programme and budgetary constraints.

### **BUDGET SUB-PROGRAMME SUMMARY**

### PROGRAMME3: SOCIAL SERVICES DELIVERY

### **SUB-PROGRAMME 3.4 Social Welfare and Community Development**

### 1. Budget Sub-Programme Objective

- To integrate the vulnerable, Persons with Disability, the excluded and the disadvantaged into the mainstream of society.
- To achieve the overall social, economic and cultural re-integration of older persons to enable them to participate in national development with dignity.
- To protect and promote the right of children against harm and abuse
- To protect the rights of people particularly women and children from violence

### 2. Budget Sub-Programme Description

The sub-programme performs the functions of support to the extremely poor households, persons with disabilities, shelter for the lost and abused children and destitute. It also seeks to mainstream Older Persons into the national development process.

In order to ensure equitable distribution of national resources and mainstreaming of the extremely poor, more than 3,000 households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme across the Municipality. Extremely poor Older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer.

Basically, Community Development promotes social and economic growth in the rural communities through popular participation and initiatives of community members in activities of poverty alleviation, employment creation and illiteracy eradication among the adult and youth population in the rural and urban poor areas of the Municipality. It seeks to provide employable, entrepreneurial development and sustainable skills to the youth through Technical and Vocational Education and Training (TVET) with a view to enable the youth to achieve and maintain a meaningful life while remaining in their localities.

It also promotes behavioural and social change through the strategy of communication for development (C4D) especially child and family welfare for effective and efficient child protection, societal and developmental issues through mass meetings, study groups meetings and women's groups meetings.

The sub-programme is undertaken by the Department of Social Welfare and Community Development. The funding sources for the sub-programme include GoG, DACF and IGF budget allocations. The beneficiaries of the program include urban and rural dwellers in the municipality. Total staff strength of six will see to the implementation of this sub-programme.

### **BUDGET PROGRAMME SUMMARY**

#### PROGRAMME 4: ECONOMIC DEVELOPMENT

#### 1. Budget Programme Objectives

- To improve efficiency and competitiveness of SMEs
- To expand opportunities for Job Creation
- · To reduce food and nutrition insecurity through modernized agriculture

#### 2. Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of income, quality of life and the provision and access to socio-economic services. There are two sub-programmes under this programme. These are:

- Trade, Tourism and Industrial development
- Agricultural Development

The Programme seeks to create jobs and reduce poverty by designing and testing of appropriate and marketable technologies for the agro-processing industry. The technology developed is transferred through apprentice training, engineering skills development and occupational and safety health environment of users of our equipment.

A thriving micro and small scale enterprise sector is considered worldwide as a key to the path of successful and healthy economic development. The focus is to formulate, develop and implement programmes aimed at encouraging rural self-employment and informal enterprises among the economically active population to enable them contribute effectively to the growth and the diversification of economy.

The Agricultural Development sub-programme is delivered through a number of operations namely:

- Productivity Improvement: This identifies and assists farmers to stay abreast with good agricultural practices.
- Mechanization, Irrigation and Water Management: It involves increasing irrigated areas while emphasizing water management techniques.

- Food storage and distribution: This is responsible for reducing post-harvest losses.
- Promotion of cash crop and livestock production for income in all ecological zones through extension services and enhanced access to certified seeds for cash crops and improved breeding stock.
- Facilitate capacity building for farmers on good agricultural practices (GAPs)
- Enhancing the capacities of extension service providers in approaches to climate change adaptation and mitigation processes

The beneficiaries of this programme are farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GoG and Donor fund sources.

### **BUDGET SUB-PROGRAMME SUMMARY**

### PROGRAMME4: ECONOMIC DEVELOPMENT

### SUB-PROGRAMME 4.1 Trade, Tourism and Industrial development

#### 1. Budget Sub-Programme Objective

- To improve entrepreneurial skills and facilitate access to credit and markets for small scale enterprises
- To provide MSEs access to substantial and high quality Business Development Services
- Promote sustainable tourism to preserve historical, cultural and natural heritage

#### 2. Budget Sub-Programme Description

The sub-programme intends to formulate, develop and implement programme aimed at encouraging and accelerating the growth of micro and small scale enterprises to enable them contribute effectively to growth and the diversification of the economy.

The key operations include:

- · Survey for NBSSI clients
- Facilitation of SMEs access to institutional credit and monitoring performance on credit delivery.
- Development of special programmes for women entrepreneurs and monitoring gender activities of NBSSI
- Facilitation of SMEs access to Business Improvement Programmes
- Provision of information on small enterprises development to stakeholders
- Assisting SMEs to participate in fairs

The sub-programme will also be delivered through collaboration with relevant stakeholders (i.e. Assembly and the private sector) to provide the necessary infrastructure (roads, ICT facilities, water, electricity) and visitor facilities (accommodation, rest stops, restaurants, entertainment venues, tourist transport, etc.) to enhance the tourist experience.

In respect of new or emerging attractions, the Assembly will work with the private operators at the local level to:

- · Assess the marketability of the attraction;
- · Identify the infrastructure gaps,
- Promote tourism investment to improve the tourist experience
- Maintain a register of all tourist attractions and identify synergies and linkages between them (e.g. help them to identify viable tourism circuits)

Collaborating institutions at the Municipality are the Business Advisory Centres (BACs)/Rural Enterprise Project (REP) and the Department of Parks and Gardens. The Sub-Programme is substantially funded by GoG budget allocations, DACF and IGF derived from its activities. This sub-programme will benefit the general public.

The key challenges are:

- BAC and REP are not adequately equipped to address the needs of the MSE sector.
- Negative attitude towards entrepreneurship and locally made products stifle growth of MSEs
- Inadequate staff impedes the smooth implementation of activities
- Inadequate logistics such as computers and accessories
- Inadequate roadworthy vehicles hampers movement for both implementation and monitoring
- Inadequate operational and loanable funds
- Late releases of subvention forestalls implementation of some key activities

### **BUDGET SUB-PROGRAMME SUMMARY**

### PROGRAMME4: ECONOMIC DEVELOPMENT

# **SUB-PROGRAMME 4.2 Agricultural Development**

### 1. Budget Sub-Programme Objective

- To increase productivity of priority commodities through the use of improved agricultural inputs and Good Agricultural Practices (GAP).
- To improve seed/planting material/breeding stock for multiplication in agricultural locations
- To accelerate the development and management of irrigation schemes.
- To reduce post harvest losses and improve storage and distribution systems
- To reduce risks associated with natural disasters and disease/pests outbreaks and ensure availability of adequate food stocks

### 2. Budget Sub-Programme Description

This sub-programme identifies updates and disseminates technological packages to assist farmers to stay abreast with good industry practices. It also introduces new and improved seed/planting material/breeding stock (high yielding, short duration, disease and pest resistant and nutrient-fortified) to increase productivity.

The main operations under this sub-programme are as follows:

- Facilitate farmer access to improved planting materials, breeding stock and fertilizer
- Increase production in targeted products such as poultry, small ruminants and pigs.
- Promote the productivity of roots and tuber crops
- Develop arable lands for rice cultivation
- Promote the use of gender friendly farm tools and equipment by small holder farmers
- Mapping out suitable and potential sites for irrigation development.
- Supporting the formation and training of farmer groups
- Training extension workers in irrigation and water management techniques
- Capacity building of relevant stakeholders in better harvesting and storage methods
- Inspecting and certifying all seeds/planting materials and animal products and produce;
- Coordinating pest and disease surveillance activities;

The organizational unit responsible for delivering this sub-programme is the Department of Agriculture. The beneficiaries of this sub-programme are farmers and other stakeholders. The programme is funded mainly by GoG, DACF, IGF budget allocations and Donor funds. The main challenges faced in the delivery of this sub-programme are high cost of agricultural inputs, dilapidated infrastructure for storage, inadequate warehousing facilities, weak collaboration among key stakeholders and low integration of commodity markets.

### **BUDGET PROGRAMME SUMMARY**

#### PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

### 1. Budget Programme Objectives

- · Reduce disaster risks and emergency management across the Municipality
- Preserve the natural environment.

#### 2. Budget Programme Description

The programme seeks to reduce disaster risks and emergency management across the Municipality and improve quality of life. There are two sub-programmes under this programme. These are:

- Disaster Prevention and Management
- Natural Resource Conservation.

The Disaster Prevention and Management sub-programme seeks to enhance the capacity of Municipal Assembly to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilisation and prevent undesired fires at all times.

While the Natural Resource Conservation sub-programme seeks to foster and promote the culture of leisure and healthy lifestyle among Ghanaians through greening of human settlements. It basically provides open spaces and enhances the aesthetics and creates liveable human settlements to ensure functionality of urban and rural areas. The programme creates job opportunities for vast majority of urban and rural unemployed youth.

### **BUDGET SUB-PROGRAMME SUMMARY**

### PROGRAMME5: ENVIRONMENTAL MANAGEMENT

### **SUB-PROGRAMME 5.1 Disaster prevention and Management**

#### 1. Budget Sub-Programme Objective

Reduce disaster risks and emergency management across the Municipality

#### 2. Budget Sub-Programme Description

The operations undertaken to deliver this sub-programme include:

- Reviewing Disaster Management Plans for preventing and mitigating the consequences of disasters.
- Ensuring emergency preparedness and response mechanisms.
- Public education and awareness through media discussions, outreaches, seminars and training of community members and Disaster Volunteer Groups (DVGs).
- Providing skills and inputs for Disaster Volunteer Groups for poverty reduction.
- Coordinating the rehabilitation and reconstruction of educational and other social facilities destroyed by fire, floods, rainstorms and other disasters.
- Monitoring, evaluation and update of Disaster Plans
- Establishment of adequate facilities for technical training and the education programmes to
  provide public awareness, early warning systems and general preparedness of staff and the
  public.
- Appropriate and adequate facilities for simulation exercises, the provision of relief, rehabilitation and re-construction after any disaster.
- Co-ordinating local and national support for disaster or emergency control relief services and reconstruction.

The total staff strength involved in the delivery of this sub-Programme is seventeen (17). Funding is mainly by the GoG, DACF and IGF. The beneficiaries of this sub-programme are the general public who are affected by disasters.

Untimely and inadequate release of funds affects the efficient delivery of this sub programme.
