### PART A: STRATEGIC OVERVIEW

### **1. ESTABLISHMENT OF THE DISTRICT**

#### 1.1 Location and Size

The Tano North District was carved out of the then Tano District in the 2004 with legislative instrument (Li) 1754. It was recently upgraded to a Municipality by a Legislative instrument (Li) 2267 in April, 2018.

The Municipality lies between Latitudes  $7^0 00'$  N and  $7^0 25'$ N and Longitudes  $2^0 03'$ W and  $2^0 15'$ W. It has a total land area of 876 square kilometers and constitutes about 1.8 percent of the total land area of then Brong Ahafo Region.

The Municipality is one of the six (6) Districts in the newly created Ahafo Region. The municipality shares boundary with Offinso Municipality in the Ashanti Region to the North. To the South, it is bounded by the Ahafo-Ano North Municipality in the Ashanti Region. It shares the East with Tano South Municipal in the Ahafo Region and on its West and South-West by Sunyani Municipality in the Bono Region and Asutifi north District of the Ahafo Region. The Municipality has a total land area of 876 square kilometers, which is about 1.8 percent of the total land area of then Brong Ahafo Region.

#### POPULATION STRUCTURE

The projected population of Tano North Municipality is **99,248** representing 17 percent of the total population of Ahafo Region. Males constitute 49 percent and females represent 51 percent. There are almost equal proportions of the population living in urban and rural areas. *(MMTDP, 2018-2021)* 

About two out of every five representing (39.9%) people in the Municipality are children younger than 16years; more than half (55.2%) of the population are in the productive age group 15-64 years and only 4.9 percent are aged 65 years and older. As a result, the age dependency ratio for the Municipality is 81.3 implying that every 10 persons in the productive age group have about eight people in the dependent age groups to support. The dependency ratios for the urban and rural areas are 75.8 and 87.1 respectively.

It has a total land area of 876 km<sup>2</sup> and constitutes about 1.8% of the total land area of then Brong Ahafo Region. It has a population density of 95.5 persons per square kilometre. The Municipality has experienced increasing population density over the years. The 1960 population density of 29.8 persons per km<sup>2</sup> increased to 38.4 persons per km<sup>2</sup> in 1970 and 61.7 persons per km<sup>2</sup> in 2000. The municipality's figure has been high compared to the Regional population density of 45.9 persons per km<sup>2</sup> in 2000 and 58.4 persons per km<sup>2</sup> in 2010.

The population of the Municipality is made up of a wide range of ethnic groups. Akans (Ashanti's, Bonos and Akuapems). They form about 70% of the Municipality population. Minority tribes living in the Municipality. (migrant settlers) mostly come from the northern regions, Volta and Western regions of Ghana and include Wangaras, Moshis, Busangas, Hausas, Kusaases, Frafras, Mamprusis, Nzemas and others.

Basically, there are three (3) main religions being practiced in the Municipality namely Christianity, Islam and Traditional Religion. Christians (78.6%). Islam (13.8%) is the next dominant religion after Christianity. Traditionalists form less than one percent (0.8%) of the population. Those who do not profess any religious belief constitute 6.2 percent of the population in the Municipality.

#### 2. VISION

The vision of the assembly is to ensure that the Tano North Municipality becomes a place where all resources are sustainably managed to provide a household food security, equitable access to quality health, education, and gainful employment.

#### 3. MISSION

Tano North Municipal Assembly exists to improve the quality of life of its people in collaboration with the private sector and other stakeholders by mobilizing available resources for the development of socio – economic facilities and service.

#### 4. GOALS

The Goal of the Assembly is to ensure that the Tano North Municipality becomes a place where all resources are sustainably managed to provide a household food security, equitable access to quality health, education, and gainful employment.

#### **Tano North Municipal Assembly**

#### 5. CORE FUNCTIONS

As prescribed by the Local Governance Act, (Act 936), the Municipal Assembly exercises political and administrative authority in the municipality, by providing guidance, giving direction to, and supervising all other administrative authorities in the municipality. The core functions to the Assembly are to ensure the overall development of the municipality by undertaking the following:

(a) Prepare and execute composite development plans and budgets in line with the National Policy Document(s);

(b) Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the municipality;

(c) Promote and support productive activity and social development in the municipality and remove any obstacles to initiative and development;

(*d*) Initiate programmes for the development of basic infrastructure and provide municipal works and services in the municipality;

(e) Be responsible for the development, improvement and management of human settlements and the environment in the municipality;

(*f*) In co-operation with the appropriate national and local security agencies are responsible for the maintenance of security and public safety in the municipality;

(g) Initiate, sponsor or carry out such studies as may be necessary for the discharge of any of the functions conferred by this Act or any other enactment; (h) Guide, encourage and support sub-district local government bodies, public agencies and local communities to perform their roles in the execution of approved development plans;

(*i*) Monitor the execution of projects under approved development plans and assess and evaluate their impact on the people's development, the local, district and national economy; and

(*j*) Co-ordinate, integrate and harmonize the execution of programmes and projects under approved development plans for the Municipality and other development programmes promoted or carried out by Ministries,

Departments, Public Corporations and other Statutory bodies and Non-Governmental Organisations in the Municipality.

#### 6. DISTRICT ECONOMY

# a. AGRICULTURE

The Agricultural sector employs 64.4 percent of the total active work force in the Municipality. The Municipality lies in the heart of the forest zone and has a vast area of land with two rainfall patterns. The Municipality depends predominantly on Agriculture for its major sources of income, employment and food supply.

The major food crops grown in the Municipality are maize, cassava, plantain, cocoyam and yam. Some of the cash crops cultivated are, Cocoa, Coffee and vegetables such as Tomato, Garden egg, Okro and Pepper are also grown in large quantities during dry season.

#### b. MARKET CENTER

The major periodic market centres identified within the municipality are as follows;

Duayaw-Nkwanta	-	Fridays
Yamfo	-	Sundays
Adrobaa	-	Tuesdays
Bomaa	-	Tuesdays

Due to the proximity of the Municipality to Sunyani and Bechem, others prefer to go to these towns during their market days than the ones closer to them. People at Bomaa would prefer to go to Tepa than Duayaw-Nkwanta due to cost and proximity. This makes the market days in the Municipality not vibrant.

#### c. ROAD NETWORK

The main roads linking the various communities in the municipality are all feeder roads except the main Kumasi-Sunyani by-pass. This is a big challenge for the Municipality as it hampers the transportation of goods and services during rainy season. The situation is worse off, despite the efforts of the Municipal Administration and Cocoa roads intervention projects.

# EDUCATION

The provision of adequate educational facilities throughout the Municipality has been a nagging problem to the Tano North Municipal Assembly and continues to be a problem to the Assembly. Although a sizeable percentage of the National Annual Budget goes into the educational sector, conditions in most schools especially those in the rural areas are in very discouraging state. Basic education is widespread in the Municipality. The Tano North Municipal is divided into 4 school Circuits namely; Bomaa, Yamfo, Terchire and Duayaw-Nkwanta.

The Municipality has in all a total of Two Hundred and Eighty-One Public and Private schools (281), made up of 66 Kindergartens, 68 primary schools, 60 Junior Secondary Schools, 2 Nursing Training schools, 1 Vocational Schools, 5 Senior Secondary Schools, 78 Private Schools and 1 Medical Assistant Training school at Yamfo.

#### HEALTH

It is a well-known fact that good health of the people is good for the Municipality, as poor health affects all other indicators of the economy including productivity.

In terms of Health Service delivery, the Municipal Health Directorate has five (5) subdistricts based on the existing seven (6) Health facilities serving those areas. Out of these facilities are one main Hospital situated at Duayaw-Nkwanta known as St. John of God Hospital. This is a mission Hospital owned by the Roman Catholic Church of Ghana and is a member of the Christian Health Association of Ghana (CHAG). The Hospital serves as referral point, thus receiving clients / patients from outside the Municipality for treatment and likewise referring patients to other hospitals such as Sunyani Regional Hospital and Okomfo Anokye Teaching Hospital in Kumasi for further management.

In addition to these services rendered, the Municipality can boast of General Orthopedic and Physiotherapy services rendered at the St. John of God Mission Hospital where cases like polio and fractures are referred from within and outside the Municipality for treatment. Aside the Hospitals there are six (6) Health Centres and six (6) CHP Compounds.

#### WATER AND SANITATION

The availability and accessibility to potable water is of great concern to the household members in the Municipality because not only water is a necessity but also a source of many diseases (water borne) especially among children. Accessibility also affects productivity especially among women and children who are the traditional water bearers.

Water is very essential for human survival. Households, companies, offices among other set ups need water in one way or the other to effectively run their everyday activities. Thus, its availability and quality is essential for convenience and health purposes.

According to the Population and Housing Census Report 2010, the main source of drinking water is pipe borne (53.7%), borehole (27.8%) and river/stream (11.6%). The main source of drinking water for half (50%) and one fifth (23.2%) of households in rural areas are borehole and stream/ river respectively. In Urban areas however, pipe (80.6%) is the main source of drinking water.

The insufficiency of supply also impacts negatively on environmental sustainability where people indiscriminately dig manholes and boreholes in search for water supply.

There is also the use of unhygienic water which could impact on the health and disease condition of people living in the Municipality.

In effect, the search for water will affect universal education and hunger situation within the Municipality.

#### ENERGY

It is observed that 5 out of every 10 households (55.0%) have access to electricity from the main national grid, 27.5 percent use flashlight and 15.4 percent use kerosene lamp. More than 70 percent (72.4%) of urban households and about one-third (34.0%) of rural households use electricity as their main source of light. In the rural areas, flashlight/torch (38.1%) is the main source of light. A quarter (25.7%) of households in rural areas also use kerosene lamp as light.

#### 1. KEY ACHIEVEMENTS IN 2020

The Tano North Municipal Assembly achieved a lot within the fiscal year under review especially in the area of service delivery to her citizens. In line with her vision and mission, several social amenities are being provided including the Construction of schools, CHPS Compounds, Staff Quarters, distribution of coconut and cashew seedlings and among others. BUDGET SUB-PROGRAMME SUMMARY

### PROGRAMME1: Management and Administration

#### SUB-PROGRAMME 1.1 General Administration

#### 1. Budget Sub-Programme Objective

- To serve as the centre to provide administrative support to the various departments and units for effective, efficient and client focused service delivery
- To strengthen internal control mechanism to ensure efficient utilisation of resources

#### 2. Budget Sub-Programme Description

This Sub-Programme provides logistical services for the internal management of the Assembly to facilitate its administrative responsibilities. These logistics includes transport, estates, security, maintenance, stores management and internal audit among others. Its activities are also to ensure effective and efficient management of financial resources, stores management and timely reporting by all the other units as of the Assembly. The Sub-Programme is basically to be funded from both the District Assemblies Common Fund (DACF) and the Internally Generated Fund (IGF).

The units involved in the implementation of this sub-programme include the Administrative Class of staff, Internal Auditors, Records, Executive Officers, Drivers and Security personnel. Led by the Municipal Coordinating Director, this sub-programme has a total staff strength of 28 which will carry out the implementation of the sub-programme.

The Challenges to this sub-programme includes, rampant posting of staff of the Assembly especially within the administrative class and intermittent unavailability of logistics due to irregular flow of funds.

#### 2. Budget Sub-Programme Results Statement

The table below indicates the main outputs, its indicators and projections by which the Tano North Municipal Assembly measures the performance of this subprogramme. The past data indicates actual performance whilst the projections are the Tano North Municipal Assembly's estimate of future performance.

#### **BUDGET PROGRAMME SUMMARY**

#### **PROGRAMME 5: ENVIRONMENTAL MANAGEMENT**

#### **Budget Programme Objectives**

To combat/mitigate natural and manmade disasters

#### 1. Budget Programme Description

The scourge of non-biodegradable plastics and poor management of our forest reserves are a source of considerable concern. Over the years, we have destroyed our environment for economic benefit and our vision is to restore and sustain it. Lack of awareness of the negative impact of improper disposal of waste i.e. solid, liquid, e-waste on the environment has made the situation even worst. This programme is to promote environmental sustainability by creating awareness on proper waste management practices which will minimise the effect on the environment and climate as well. In essence, the programme is to make provision for unforeseen disasters that may strike any part of the district in the course of the year.

The funding for this programme basically comes from the DACF and IGF as well as GoG funding which is however not under the direct control of the Municipal Assembly. Under this programme, staff from the NADMO and TNMA central administration will carry out the implementation of the programme

#### BUDGET SUB-PROGRAMME SUMMARY

#### PROGRAMME5: ENVIRONMENTAL MANAGEMENT

#### SUB-PROGRAMME 5.1 Natural Resource Conservation and Management

- 1. Budget Sub-Programme Objective
  - To ensure that ecosystem services are protected and maintained for future human generations.
  - To implement existing laws and regulations and programmes on natural resources utilisation and environmental protection.
  - Increase environmental protection through re- aforestations.

**Tano North Municipal Assembly** 

#### 2. Budget Sub-Programme Description

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Forestry Section and Game Life Section under the Forestry Commission.

The funding for the sub-programme is from Central Government transfers. The sub-programme would be beneficial to the entire residents in the District. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

#### 3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the Municipal Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

# SUB-PROGRAMME 5.2 Disaster Prevention and Management

#### Budget Sub-Programme Objective

To equip people with basic disaster risk reduction and mitigation measures

1. Budget Sub-Programme Description

The sub-programme focuses on mitigating and reducing the risks and effects of natural/manmade disasters on the vulnerable in the society through awareness creation and provision of assistance during times of disaster. It is also to create awareness on climate change, its impacts and adaptation, Poor management of the impacts of the natural disasters and climate change.

The sub-programme is going to be funded by both Internally Generated Funds and DACF.

The beneficiaries of the sub-programme are the people residing in the district that may be affected in any form of disaster especially. The staff of the NADMO will be key in the implementation of the sub-programme.

The key issues/challenges for the sub-programme are; logistics such as vehicle for the NADMO Department and late release of funds.

# 2. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the Tano North District Assembly measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Tano North Municipal Assembly's estimate of future performance.
