PART A: STRATEGIC OVERVIEW

1. ESTABLISHMENT OF THE DISTRICT

1.1 Location and Size

The **Kwahu West Municipal Assembly** is one of the 33 MMDAs in the Eastern Region. It was carved out of Kwahu South District as Kwahu West District Assembly in August, 2004 by Legislative Instrument (LI 1589). It was upgraded to a Municipal status in July, 2007 by Legislative Instrument (LI 1870) with Nkawkaw as its administrative Capital. The Municipality shares boundary to the North with Kwahu South District, to the West with Asante-Akim South District, to the East with Atiwa East and to the South with Birim North District.

POPULATION STRUCTURE

The population of the Municipality for 2020 is projected as 119,717 based on the 2010 PHC figure of 93,584 with a yearly growth rate of 2.7%. Sex disaggregation of the population in the municipality follows both the national and regional trends where females out-number males. Forty eight percent (48%) of the population are males with fifty two percent (52%) females.

2. VISION

To become a highly trained and motivated Assembly delivering efficient services to an empowered citizenry.

3. MISSION

To improve the quality of life of its people through the effective mobilization and development of human and natural resources, provision of social services and the creation of an enabling environment for accelerated and sustainable development.

4. GOALS

The goal of the Kwahu West Municipal Assembly is to create an environment of an economic hub to attract investors to doing business, to promote accelerated economic growth and inclusive suitable development in the municipality.

2021 COMPOSITE BUDGET FOR KWAHU WEST MUNICIPAL 5

5. CORE FUNCTIONS

The core functions of the Kwahu West Municipal Assembly are outlined below:

- To exercise political and administrative authority, provide guidance, give direction to, and supervise the other administrative authorities in the Municipality.
- To perform deliberative, legislative, and executive functions
- To be responsible for the overall development of the Municipality and shall ensure the preparation of development plans and annual composite budget of the Municipal Assembly related to its development plans.
- To effectively mobilize the resources necessary for the overall development of the Municipality
- To promote and support productive activity and social development in the Municipality
- To initiate programs for the development of basic infrastructure and provide municipal works and services in the Municipality
- To be responsible for the development, improvement and management of human settlements and the environment in the Municipality
- To be responsible, in cooperation with the appropriate national and local security agencies, for the maintenance of security and public safety in the Municipality
- To ensure ready access to courts in the Municipality for the promotion of justice within the Municipality

6. DISTRICT ECONOMY

The economy of the municipality can be divided into four (4) major sectors as follows:

Agriculture (29.6%), Commerce (50%), Service (10) and Industry (10).

a. AGRICULTURE

The proportion of the population engaged in agriculture activities is about thirty percent (29.6%). Cocoa, Plantain, Palm Oil and Maize production are the commonly grown crops. Livestock rearing and Snail production are also practised on commercial basis by some individuals. Some of the youth in the rural communities are venturing into Tiger Nuts production due to the high demand of it.

b. MARKET CENTER

The traditional markets are located in Nkawkaw, Jamasi No. 1 and Ekawso. The Nkawkaw market functions daily with Mondays, Thursdays and Sundays as major market days. The strategic location of these markets coupled with good accessibility has facilitated their growth, leading to congestion and spill-over into the main Accra-Kumasi road

ROAD NETWORK

 The road system in the Municipality is categorized into three major classes namely; first class/asphaltic, second-class/bitumen and third class (graveled and dirt) roads. The road classification was premised on the nature of the road as well as the frequency of use of the road

Classes of Roads	Condition	Total length (km)	%
1 st Class	Motorable all year round, asphalted and absence of potholes	52	17.9
2 nd Class	Motorable all year round and tarred with few potholes	10	3.4
3 rd Class	Seasonally motorable, untarred and full	228	76.9

Primary	78	74	152
JHS	63	41	104
SHS	2	5	7
TOTAL	219	196	415

c. HEALTH

The Municipality has a total of 50 health facilities. There are three (3) hospitals; one (1) Christian Health Association of Ghana (CHAG) and two private ones. There are also 8 public health centers, 2 private maternity homes, 37 demarcated Community Health Planning Services (CHP) zones, all functional with 12 compounds. The Municipality however has no Government Hospital. There is 1 nursing training school that offers diploma in nursing certificate.

d. WATER AND SANITATION

The Municipal Environmental Health Unit in collaboration with Zoomlion regularly administers refuse collection for onward disposal from markets, lorry parks and other public centers. There is also a sustainable monthly clean-up exercise on first Saturdays of every month. Drains are also desilted regularly. This notwithstanding crude dumping persists in some smaller settlements.

 In terms of sanitation facilities and equipment, the municipal has 79 public toilets, 251 institutional (school) latrines, one slaughter house and one landfill site. The municipality also has one refuse track, one refuse compactor, 20 communal containers and about 750 waste bins in household and vantage points.

e. ENERGY

Almost all the larger communities in the municipality are connected to the national grid. Work is currently ongoing for the remaining communities to be connected to the national grid.

1. Budget Sub-Programme Objective

The objective of the sub-program is to bridge the inequality gaps in geographical access to health service and to ensure equitable and affordable, and universal health coverage in the Kwahu West Municipal Assembly. It is also to promote effective environmental sanitation programs and activities in the Municipality

2. Budget Sub-Programme Description

The sub-programme aims at providing facilities, infrastructural services and programmes for effective and efficient promotion of public and environmental health in the Municipality. Public Health aims at delivering public, family and child health services directed at preventing diseases and promoting the health of all people living in the Municipality. It also seeks to coordinate the works of health centers or posts or community based health workers and facilitates collection and analysis of data on health. In addition, emphasis will be placed on supporting high-risk groups to prevent the spread of HIV/AIDS, TB, and Malaria among others.

It also aims at facilitating improved environmental sanitation and good hygiene practices in both rural and urban dwellers in the Municipality. It provides, supervises and monitors the execution of environmental health and environmental sanitation services. Again it is to ensure a safe and clean environment through the enforcement of sanitation by-laws, public education campaigns, cleaning exercises and waste management services. The sub-program operations include;

- Advising the Assembly on all matters relating to health including diseases control and prevention.
- Undertaking health education and family immunization and nutrition programmes.
- Preventing new transmission, including awareness creation, direct service delivery and supporting high risk groups.

- Providing support for people living with HIV/AIDS (PLWHA) and their families.
- Inspection of meat, fish, vegetables and other foodstuff and liquids of whatever kind or nature, whether intended for sale or not and to seize, destroy and otherwise deal with such foodstuff or liquids as are unfit for human consumption.
- Supervise and control slaughter houses and pounds and all such matters and things as may be necessary for the convenient use of such slaughter houses.
- Advise and encourage the keeping of animals in the municipality including horses, cattle, sheep and goats, domestic pets and poultry.

The Municipal Health Directorate, with staff strength of ten (10), and the Environmental Health Unit, with staff strength of Sixteen (11) shall be responsible to execute the sub-program to benefit the people in the municipality.

The sub-program is to be funded with Internally Generated Funds and transfers from the Central Government of Ghana.

SUB-PROGRAMME 5.2 Natural Resource Conservation and Management

1. Budget Sub-Programme Objective

- To ensure that ecosystem services are protected and maintained for future human generations.
- To implement existing laws and regulations and programmes on natural resources utilisation and environmental protection.
- Increase environmental protection through re-afforestation.

2. Budget Sub-Programme Description

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Forestry Section and Game and Wildlife Section under the Forestry Commission.

The funding for the sub-programme is from Central Government transfers. The sub-programme would be beneficial to the entire residents in the Municipality.

Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.
