PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

The District was established in 1988 by Legislative Instrument (L.I.) 1442 as one of the District Assemblies in the Upper East Region of Ghana.

Geographical Location and Boundaries

The Bawku West District lies roughly between latitudes 10° 30'N and 11° 10'N, and between longitudes 0° 20'E and 0° 35'E. The District covers an area of approximately 1,070 square kilometers, which constitutes about 12% of the total land area of the Upper East Region. It is the Second largest district in the Region in terms of land area.

The District shares boundaries with the Republic of Burkina Faso to the north, Binduri, and Zebilla Districts to the east, Talensi and Nabdam Districts to the west, East Mamprusi District to the south.

Population Structure

The 2010 population and housing census gave a District Population of 94,034. Thus: 45,114 male representing 47.98% and 48,920 females representing 52.02%. An exponential projection using the District growth rate of 1.32% gives a figure of 105,814 disaggregated into 50,769 male and 55,043 female as the 2021 population. It is expected to be 117,130 thus 57,439 male and 59,691 female by 2021.

The demographic characteristics of the Bawku West District are similar to the prevailing characteristics of the predominantly rural districts in the country. These characteristics include large household sizes, high illiteracy rates, that is, about 80% in the southern part of the District, high birth and fertility rates.

Age and sex are the most critical characteristics of any population. Age-sex structure indicates the number of male and female in the 5 years age cohort. Table 1 below reveals that the male cohort population is slightly higher than that of the female population aged 0-4 years through to 15-19 years and then reverses in favour of females from age 20-24 years onwards. The proportion of the population aged 0-14 years constitutes 45.2% while population aged 15-64 years is 47.9% and that for those aged 65 years and older, is 6.9%.

The relatively high (33.3%) youthful population of 15-39 years in the district has an in-built momentum for rapid population growth as well as economic growth.

The report also indicates that 52.02% of the District population was female whilst 47.98% was male. The average growth rate of the District population 2010 therefore is about 1.32% per annum unlike in 2000 when it was 0.014%. The table below shows the age and sex structure of the population of the District in 2010.

Vision

To become a highly professional Local Governance Institution that creates opportunities for effective participation in decision making process and human resource development in partnership with other public sector organizations and the private sector.

Mission

The Bawku West District Assembly exists to mobilize all human and material resources for an overall development of the people in the District in an environment of effective, efficient and participatory governance structures.

Goals

"The goal of the Bawku West District Assembly is "to achieve improved living standards of the people by addressing the key developmental issues through pragmatic and sustainable programmes and projects with equal opportunities to all in a decentralized, democratic and peaceful environment".

Core Functions

- The core functions of the Bawku West District Assembly are provided for under Section (12) of the Local Governance Act, 2016 Act 936. They are as follows:
- To exercises political and administrative authority;
- To provide guidance and direction and supervises all administrative authorities in the District;
- To promote local economic development
- To exercise deliberative, legislative and executive functions;
- Responsible for the overall development of the District through preparation of development plans, budgets, and submission to the National Development Planning Commission (NDPC) through the Regional Coordinating Council (RCC) for approval;
- To formulates and executes planned programmes and strategies for effective resource mobilization that promotes and supports productive economic activities as well as social development;
- To initiate programmes for the development of basic infrastructure and provide municipal works and services in the district;
- Be responsible for the development, improvement and management of human settlements and the environment in the district;
- Responsible for the maintenance of security and public safety in the District;
- To co-ordinates, integrates and harmonizes the execution of programmes and projects under approved development plans and that of other departments under it; and
- Discharges other functions as may be directed by the President of the Republic of Ghana.

District Economy

Agriculture

Agriculture is the main occupation of the people in the District. About 80% of the labour forces are into agriculture (crop farming, animal rearing and fishing). Natural rain is the main source of water for crop farming with little irrigational activities. The main agricultural products are groundnuts, sorghum, millet, rice, beans, maize, livestock (cattle, sheep, guinea fowls, goats, donkey etc.), and vegetables (onion, pepper, okro)

The people of the Bawku West District are predominantly subsistent farmers depending largely on rain fed agriculture. During the rainy season which lasts for just 3 of the 12 months in the year, they cultivate maize, sorghum, millet, to mention but a few. It is however common to experience crop failure among most families for the rainy season crops because of the uneven distribution of the rainfall.

Because of the frequent crop failure resulting in food insecurity in the area, most of the youth often migrate to the cities in search of non-existent jobs where they are most often subjected to dehumanizing conditions. Most of the women and the elderly who are left behind often engage in dry season vegetable farming often depending on shallow wells they dig along valleys and near dugouts to grow vegetables such as onion, pepper, cabbage and watermelon.

However, by March of every year, most of these shallow wells normally dry up and they have to wait and idle until July when the rains start and preparation for the wet season farming start. During this period, they sell their guinea fowls and small ruminants such as goats and sheep which they often keep in small scale to solve pressing family issues.

Market Center

The District is largely considered as an agrarian economy, it has a three day market cycle which plays very important role in the local economy. Commodities traded locally range from foodstuffs, livestock and manufactured goods. The major markets of the District are Zebilla, Binaba, Gbantongo and Sapeliga. Minor markets include Tanga, Timonde, Kokore, Agatuse, Widnaba, Teshie and Yarigu. Handicraft also plays an important role in the area of Zana mats, local mattress, basket, hats, leather, tanning leather bags and wear, smocks, batik, tye and dye as well as locally made fans and brooms.

Road Network

The main Bolgatanga-Bawku trunk road is at various stages of construction. The distance within Bawku West covers about 34km (from Red Volta to the White Volta). Tilli-Binaba Road (10KM)

Zebilla Barrier - Zabre Road (4km)

Feeder roads in the district also cover 290.4k

Energy

The District has eleven (11) fuel stations that serve the District, Bawku municipality and foreign vehicles from Burkina Faso and Togo. However, a couple of other fuel stations are at its various stages of construction. Quite a number of communities within the district are connected to the national grid through the National and Rural Electrification Programmes and DDF support.

Health

The District has 174 communities with 58 health facilities as follows, One Hospital, 9 Health Centers, 8 Clinics (2 Public; 6 Private), 37 CHPS Compounds, 2 Supplementary Feeding Centers and one Nutrition Rehabilitation Centre.

Education

The District is divided into 13 circuits. With 257 public and private educational institutions. There are 91 kindergartens (82 Public, 9 Private), 99 Primary Schools (90 Public, 9 Private), 55 Junior High Schools (51 Public, 4 Private), 5 Senior High Schools (2 Public, 3 Private), 1 Vocational Institute and 1 Craft Centre. The pupil-trained teacher ratio is 1:168 for KG, 1:90 for Primary and 1:35 for JHS.

Water and Sanitation

The District is served by different sources of water for various uses as follows: 4 Small Town Water Systems, 545 Boreholes, 147 Hand dug wells fitted with pumps, 24 Dams, 2 Rivers and 3 tube wells. Water coverage is 70.60%.

The district has 67 Institutional latrines, 24 Public Toilets, 904 House hold latrines, 188 Water closets, and 1 Refuse disposal site yet to be engineered. Sanitation Coverage is 17%.

Tourism

The Hospitality Industry of the District requires some attention to its development by the private sector. However, there are some existing facilities that offer various services to clients and other

tourists who visit t he district. The District has two Hotels and eleven Guest houses together with about 60 chop bars and other eating places. The District is endowed with some attractive tourist sites, notable among them are: Apotdabogo Eco-tourists Site, Widnaba Eco-tourists Site, Teshie and Soogo Hills, the confluence of the Red and White Volta Rivers and the forest reserve along the Red Volta which consists of game and wildlife such as elephants and variety of rare tree species.

The rich cultural practice of the people such as Samanpiid and Yourg festivals also attracts people during its celebrations. Industrial activities in the district are generally low. The gold mining industry is not developed, however, small-scale gold mining activities popularly known as "galamsey" (gather and sell) which is illegal and needs to be controlled has become rampant in the district. Communities with gold deposits include Widnaba, Teshie, Soogo, Sapeliga, Kusanaba and Zongoire. There are also clay deposits at Teshie and Kusanaba for tiles and paint production industries

Environment

The built environment consists of housing, which is mostly made of switch in the rural areas, and blockhouses in the urban and other big settlements. There are also markets and other socioeconomic infrastructure. However, apart from the Zebilla township there are no layouts in other communities. This promotes haphazard development.. There are also some protected forest reserves and community forests.

Another significant feature of the settlement pattern is its dispersed nature. This makes it seemingly difficult to access development projects such as water facilities, electricity, sanitation facilities. It cost time and money to serve one community adequately because of our settlement system.

This leads to many people walking longer distances to access educational and health services. As farmlands are incorporated into the settlement structures, houses are built far apart from one another creating a dispersed scene. Such a pattern has other implications for the provision of certain basic facilities such as health, education water, sanitation and electricity.

Key Issues/Challenges

Revenue Mobilization Strategies

The District Assembly has the target that, by the end of the 2022 fiscal year, the District will raise a total amount of GHC541,300.00 as internally generated revenue. However, this plan captures areas of the IGF that the Assembly hasn't been doing well for the past years. The details are as follows:

Table 6 Revenue Head and Estimated budget for 2022

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi institutions under the District Assembly
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

Budget Sub-Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the District.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is thirty-two (32) with funding from GoG transfers (DACF, DACF-RFG etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-programme are the departments, Regional Coordinating Council, quasi institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

The main challenges militating against the successful implementation of the sub programme are inadequate funds, delay and untimely release of funds, poor road network and non-decentralization of some key departments.

BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 1: MANAGEMENT AND ADMINISTRATION SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-Programme Objectives

- To achieve institutional performance goals that are linked to the individual and team performance objectives, as the basis for measuring performance results and merit;
- To provide Human Resource Planning and Development of the Assembly; and
- To develop capacity of staff to deliver quality services.

Budget Sub-Programme Description

The Human Resource Management seeks to improve the departments, division and unit's decision making and build capacity of the manpower which will ultimately improve the workforce and organizational effectiveness. In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-programme include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the district.

Under this, only one (1) staff will carry out the implementation of the sub-programme with main funding from GoG transfer such as the District Assemblies' Common Fund (DACF), District Assemblies' Common Fund Responsiveness Factor Grant (DACF-RFG) and Internally Generated Fund (IGF). The work of the human resource management is challenged with inadequate staffing levels and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

BUDGET PROGRAMME SUMMARY PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- To assist in building capacity in the District to provide quality road transport systems for the safe mobility of goods and people;
- To plan, manage and promote harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles;
- To implement development programmes to enhance rural transport through improved feeder and farm to market road network; and
- To improve service delivery and ensure quality of life in rural areas.

Budget Programme Description

The two main organizations tasked with the responsibility of delivering the program are Physical Planning and Works Departments.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by six (6) officers from the District Works Department and District Physical Planning Department with support and oversight responsibilities from the Central Administration Department. The programme is implemented with funding from GoG transfers such as the District Assemblies' Common Fund (DACF), District Assemblies' Common Fund Responsiveness Factor Grant (DACF-RFG), World Bank Trust Fund (WBTF) and Internally Generated Funds (IGF) from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the District. BUDGET SUB-PROGRAMME SUMMARY PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT SUB-PROGRAMME 3.1 Physical and Spatial Planning Development

Budget Sub-Programme Objective

• To plan, manage and promote harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.

Budget Sub-Programme Description

The sub-programme seeks to co-ordinate activities and projects of departments and other agencies including non-governmental organizations to ensure compliance with planning standards. It also focuses on the landscaping and beautification of the district capital. The Physical and Spatial Planning sub-programme is delivered through the Department of Physical Planning and tasked to manage the activities of the former department of Town and Country Planning and the department of Parks and Gardens in the District.

Major services delivered by the sub-program include:

- Assist in the preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the District;
- Advise on setting out approved plans for future development of land at the district level;
- Assist to provide the layout for buildings for improved housing layout and settlement;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly; and
- Undertake street naming, numbering of house and related issues.

This sub programme is funded from the Central Government transfers such as the District Assemblies' Common Fund (DACF) and Internally Generated Fund (IGF) which go to the benefit of the entire citizenry in the District. The sub-programme is manned by one (1) officer from the mother district and is faced with the operational challenges which include inadequate staffing levels, inadequate office space, land ownership and fragmentation, lack of base maps for all communities, and untimely releases of funds.
