This is done through monitoring and reporting on development projects and programmes, liaising with stakeholders to collect inputs necessary to aid in the formulation of public policies and programmes and the preparation of fee fixing resolution, identification of gaps for feedback, assessing the impact of policies and projects to ensure sustainable development, investigation of emerging development opportunities, management on the judicious use of resources, cost implications and financial decisions.

The Sub Programme is made up of the Planning Unit which serves as secretary to the District Planning Coordinating Unit (DPCU) and the Budget Unit, secretary to the Budget Committee.

The sub programme has staff strength of eight (8). The main challenge facing this sub programme is that it doesn't have an assigned vehicle to aid in field monitoring. Furthermore, the collaboration between departments is sometimes poor.

#### **SUB-PROGRAMME 5.2 Natural Resources Conservation and Management**

### 1. Budget Sub-Programme Objective

 To ensure sustainable development of the forest and wildlife resources and protected areas.

## 2. Budget Sub- Programme Description

The Natural Resource Conservation and Management is to provide sustainable development of the forestry and wildlife resources and protected areas. It is also to assist in prohibiting farming practices which are detrimental to the environment.

The operations of this sub-programme include:

- Awareness creation of the benefits of forest and wildlife conservation
- Establishment and maintenance of tree nurseries and forest plantations for sale to the public
- Prohibiting farming practices which are detrimental to the environment

It is the combining functions of the Departments of Forestry and Wildlife that help to achieve the objective of The Natural Resource Conservation and Management. The beneficiaries of Natural Resource Conservation and Management sub-programme are particularly the general population of the district at all levels.

The sub-programme takes its funding source from the GoG, Internally Generated Funds (IGF), and District Assembly Common Fund.

Its outputs are challenged by difficulty in getting means of transport, and insufficient and obsolete logistics.

# 3. Budget Sub-Programme Results Statement

The table indicates the main outputs, its indicators and projections by which the MMDAs measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the MMDA's estimate of future performance.
