PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

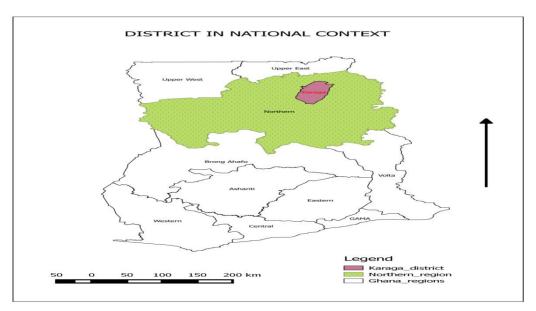

Establishment of the District

Karaga district is one of the 16 administrative districts in Northern Region. The district was carved out from the then Gushegu-Karaga District in 2004 and was established by the Legislative Instrument (L.I.) 1787. The only infrastructure at the time the district capital – Karaga could boast of was the Area Council Office, a one room guest house and electricity. From this background, the main focus has been to accelerate the pace of infrastructure development as the foundation for the total development of the district.

The district has five (5) Town/Area Councils, namely Karaga Town, Pishigu, Bagli/Zandua, Kuduli and Sakulo/Namburugu Area Councils, 75-unit committees, 194 communities in the district. The political and executive head of the Assembly is the District Chief Executive. The Assembly is composed of Four-Eight (48) members, thirty-three (33) of whom are elected, representing thirty-three electoral areas, fifteen (15) government appointees, one (1) Member of Parliament and the District Chief Executive. The Assembly members represent a spectrum of public servants (both retired and serving), Traditional Leaders and Opinion leaders from various parts of the district.

The District is located in the North-Eastern part of the Northern Region, roughly between latitudes 9°30' South and 10°30' North and longitudes 0° East and 45'West. It has a total area of 3,119.3 km2. It shares boundaries with five (5) districts; West and East Mamprusi in the North East Region, Savelugu, Nanton and Gushegu in Northern Region. Karaga, the district capital is 24km from Gushegu and 94km from Tamale, the Regional Capital

Population Structure

The population of the district according to the 2021 Population and Housing Census (PHC 2021) is 114,225, with a growth rate of 3.6%. At the current growth rate, the population will double in 20 years. The sex composition of the district shows that females population is 58,548, representing 51.2% of the population while males are 55,677 also representing 48.8%. There are 194 communities in the district. The largest household size in Northern Region (PHC 2021) is in Karaga (11.1).

The household sizes are larger in rural than in urban areas, the average household size in the district is approximately 8 persons.

Vision

To have "A District where there is Improved Socio- Economic Conditions through Quality Education, Healthy Lifestyles, Food Security and Income on a sustainable Basis and above all participate in decision-making process".

Mission

"To improve upon the quality of life of the people through harnessing Human and Material Resources and Effective Coordination for the provision of Basic Infrastructure, Economic and Social Services to the people".

Goals

The development goal of the Karaga District is to advance equitable socio-economic development through effective human resource development, good governance and private sector empowerment.

Core Functions

The core functions of the Karaga District are outlined below:

- Exercise political and administrative authority in the district,
- Provide guidance, give direction to, and supervise the administrative authorities in the district;
- Performs deliberative, legislative and executive functions;
- Responsible for the overall development of the district and shall ensure the preparation of development plans and annual and medium-term budgets of the district related to its development plans;
- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the district;
- Promote and support productive activity and social development in the district and remove any obstacles to initiative and development;
- Initiate programmes for the development of basic infrastructure and provide municipal works and services in the district;
- Responsible for the development, improvement and management of human settlements and the environment in the district:

- Responsible, in cooperation with the appropriate national and local security agencies, for the maintenance of security and public safety in the district;
- Ensure ready access to Courts in the district for the promotion of justice;
- Initiate, sponsor or carry out studies that are necessary for the performance of a function conferred by Act 462 or by any other enactment;
- Perform any other functions provided for under any other legislation;
- Take the steps and measures that are necessary and expedient to:
 - i. execute approved development plans and budgets for the district;
 - ii. guide, encourage and support sub-district local government bodies, public agencies and local communities to discharge their roles in the execution of approved development plans;
 - iii. initiate and encourage joint participation with any other persons or bodies to execute approved development plans;
 - iv. promote or encourage other persons or bodies to undertake projects under approved development plans; and
 - v. Monitor the execution of projects under approved development plans and assess and evaluate their impact on the people's development, the Local, District and National Economy.
- Coordinate, integrate and harmonize the execution of programmes and projects under approved development plans for the district, any and other development programmes promoted or carried out by Ministries, Departments, Public Corporations and any other Statutory Bodies and Non-governmental Organizations in the District; and
- Finally, a District Assembly in the performance of its functions, is subject to the general guidance and direction of the President on matters of national policy, and shall act in co-operation with the appropriate public corporation, statutory body or non-governmental organizations.

District Economy

The inhabitants of Karaga district are predominantly farmers. Farming is their main economic activity and source of income for the people. The crops produced are corn, rice, yam, beans, groundnuts and others. Some farmers rear animals like sheep, goats, cattle, pigs and fowls. The women sometimes engage themselves in shea butter production. One can also find in the town hair salons, carpenters, electricians, fitters, tailoring shops and a host of other professions.

Agriculture

Ghana's economy is regarded as agrarian, largely due to the sector's contribution to Gross Domestic Product (GDP) generally, labour absorption and foreign exchange earnings. The sector's contribution to Gross Domestic Product (GDP) declined from over 40 percent in the 1990s to 30 percent in the 2000s (ISSER, 2000, 2011).

The economic activities in the district include farming, agro-processing, and trading in foodstuff. The district is one of the major producers of cereals, groundnuts, and soya beans in the region. Agro-based industrial activities centered on Shea-butter extraction, and rice processing. Vast arable lands suitable for both subsistence and commercial agriculture (crops cultivation and animal rearing) is available. Available information from the district Agriculture Department indicates that; the district has about 45% of its land area (3,119.3-kilometer square) suitable and available for agricultural purposes couple with favourable climatic conditions.

Again several water bodies (Nasia and Naborgu rivers tributaries) are in the district which presents a favourable condition for fish farming (aqua culture) in the northern parts of the district with some notable communities already into fishing as a major occupation (Namburugu, Tublizei, Ditani, Sakulo, Nagbani just to mention but a few)

Road Network

The district has a total estimate of about 562km of roads (urban and Feeder roads). The district cannot talk of a single kilometer of good road. This is a serious concern which has implications to our development. One unfortunate situation that hinders the smooth

movement of vehicles and people in the district is the problem of poor road network, particularly with roads that link the district capital to the Regional and neighboring districts.

During market days, vehicles from both within and outside the district find it difficult to come to the market due to the poor nature of roads in the district.

Energy

The main source of energy in the district is hydroelectricity from the national electricity grid. The district is the second Metropolitan, Municipal and District Assembly (MMDA)to attain 100% electricity coverage after Tamale Metropolitan Assembly in Northern region. This may serve as a booster for investors who would want to do business in the district.

Health

The district can currently boast of 1 district Hospital, 3 Health centers and 18 CHPS compounds in the delivery of health care to the teaming numbers of the populace of the district.

The district health sub-sector still has a lot of infrastructural gaps hampering quality health care delivery. This infrastructural challenge is both service and accommodation infrastructures, due to this challenge coupled with other challenges leaves most of our vulnerable communities not being served and if efforts are not doubled in this sector, the district risks missing out of the global Sustainable Development Goal **SDG 3** "Good health and well-Being for all.

Education

The district has 105 kindergarten schools (84 public and 16 private), 104 Primary schools (90 public and 14 private), 24 Junior High Schools (all public schools) and 1 public Senior High School.

Access and Participation

To enhance the ownership and management of education at the community level, communities have partnered the schools in the formation of Parent Teacher Associations

to support the management of schools. The free Compulsory Universal Basic Education (FCUBE) concept goes further to establish School Management Committees and District Oversight Committee (DEOC). The DEOC had been formed and inaugurated. It is functional and undertakes it meetings.

Community structures which support the management of schools in the District include the following:

- The District Education Oversight Committee (DEOC);
- The District Education Planning Team (DEPT);
- The School Management Committee (SMC); and
- Parent-Teacher Association (PTAs).

Educational infrastructure is still not at its best in the district. Several communities still lack proper educational infrastructure together with teaching and learning materials. Only few communities have teacher accommodations where accommodations are not readily available. This makes it difficult for teachers to stay and teach. Most communities in the northern part of the district are without schools pushing the children to either walk long distances or refuse to attend school. Though the District Assembly has done a lot in this sector, much still need to be done in other to catch up and meet the *SDG 4* "Quality Education for all".

• Market Centres

There is a big market in Karaga which comes off once in a week. Traders come from Gushegu, Yendi, Bolga, Bawku, Tamale and other areas with their goods and produce to sell. Most of the things people come to buy from our market are agricultural products and its related goods. There are other satellite markets dotted across the district including Pishigu market.

Water and Sanitation

The district has a high and good underground water table that could be harnessed for water supply in the district, through drilling and mechanization of boreholes for usage. So much has already been done though some communities still lack potable water supply.

Sanitation is still a big problem in the district. Various types of sanitation facilities are being used in the district. There are currently 48 KVIPs for the general public, 41 institutional latrines, 4 agua privy and 1,152 household VIP latrines.

The common practice is open and indiscriminate defecation (OD) as any available open space behind houses, on foot paths and along roadsides are used as places of convenience.

In terms of solid waste disposal, there are no defined spots for dumping household refuse throughout the district (only in the district capital, Karaga). Households refuses are dumped anywhere even on roadsides. There are garbage in almost all the communities yet to be evacuated. The district does not also have permanent landfill site.

There are only two approved cemeteries throughout the district located in Karaga and Pishigu and the people practice the old age tradition of burying the dead in the house

Tourism

The district has no well-established tourism sites. However, there are areas that can be transformed into tourism sites that will attract peoples' attention. These are historic sites of the people of Karaga and if well-developed can attract a lot of tourists in the area, thereby bring in revenue.

Environment

Karaga District is covered by a tropical climate which is marked by the alternation of dry and rainy seasons. The dry season lasts between November and March and is characterized by the predominance of North-East winds in the form of harmattan which is hot and dry. The district is located within the tropical climate zone which is typical of the

Northern region. The unique rainy season, influenced by South-East winds lasts from May to October (rainfalls vary between 900 and 1,000mm); very strong rainfalls are recorded in July and August.

The vegetation is typical of Guinea Savannah, characterised by high and tall grasses interspersed with short drought resistant trees like shea and dawadawa

Key Issues/Challenges

- In security
- Inadequate Educational facilities
- Inadequate Health facilities
- Poor Road network
- Low Agricultural Productivity
- Low Potable Water coverage

Key Achievements in 2023

The district despite some challenges has been able to chock some successes in the 2023 fiscal year. Some of these achievements are;

- > Strengthened the capacity of 150 women to empower them on good nutrition.
- Conducted DICCS monitoring in 5 ODF communities.
- > Trained 300 women in income generating activities
- Trained farmers in the cultivation of leafy vegetables
- Trained WSMTs
- Trained 4 FBOs/VSLAs in dry season farming.
- Supported disaster victims in Fatelanyili community.

Revenue and Expenditure Performance

The Metropolitan, Municipal and District Assemblies (MMDAs) have been giving the function of revenue mobilization and expenditure among others through the fiscal decentralization policy by the 1992 Constitution and the Local Governance Act, 2016 (Act 936) to mobilize revenue from different fund sources and undertake expenditure.

Tables 1 and 2 look at IGF and transfers from different fund sources. Table 3 also looks at expenditure in terms economic classification.

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- To provide support services, effective and efficient general administration and organization of the District Assembly.
- To ensure sound financial management of the Assembly's resources.
- To coordinate the development planning and budgeting functions of the Assembly

Budget Programme Description

The programme seeks to perform the core functions of ensuring good governance and balanced development of the district through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Programme is being implemented and delivered through the offices of the Central Administration and Finance Departments. The various units involved in the delivery of the programme include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Human Resource, Internal Audit and Records Unit.

A total staff strength of fifty (50) is involved in the delivery of the programme. They include Administrators, Budget Analysts, Accountants, Planning Officers, Revenue Officers, and other support staff (i.e. Executive officers and drivers). The Programme is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfers such as the District Assemblies' Common Fund and District Development Facility. The beneficiaries of the programme are the staff of the Departments of the Assembly and the general public. The programme will be challenged by inadequate funds, conflicts, political interference and bureaucracies.

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

- To provide administrative support and ensure effective coordination of the activities of the various departments under the District Assembly.
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process.

Budget Sub- Programme Description

The General Administration sub-programme looks at the provision of administrative support and effective coordination of the activities of the various departments through the Office of the District Co-ordinating Director. The sub-programme is responsible for all activities and programmes relating to general services, internal controls, procurement/stores, transport, public relation and security.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and it is mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the district.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection, and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme the procurement processes of goods and services and assets for the Assembly and the duty of ensuring inventory and stores management is being led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is forty-seven (47) with funding from GoG transfers (DACF, DDF, etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-programme are the departments, Regional Coordinating Council, traditional authorities, Non-governmental Organizations, Civil Society Organizations, and the general public.

The main challenges this sub programme will encounter are inadequate, delay and untimely release of funds, inadequate office space, and non-decentralization of some key departments.

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- To ensure sound financial management of the Assembly's resources.
- To ensure timely disbursement of funds and submission of financial reports.
- To ensure the mobilization of all available revenues for effective service delivery.

Budget Sub- Programme Description

This sub-programme provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921) and Public Financial Management Regulation, 2019 (2311). It also ensures that financial transactions and controls are consistent with prevailing financial and accounting policies, rules, regulations, and best practices.

The sub-programme operations and major services delivered include: undertaking revenue mobilization activities of the Assembly; keep, render and publish statements of Public Accounts; keep receipts and custody of all public and trust monies payable into the Assembly's Fund; and facilitates the disbursement of legitimate and authorized funds.

The sub-programme is manned by eighteen (18) officers comprising of Accountants, Internal Auditors, Revenue Officers, and Commission collectors with funding from GoG transfers and Internally Generated Fund (IGF).

The beneficiaries of this sub- programme are the departments, allied institutions and the general public. The challenges facing the sub-programme are inadequate office space for accounts officers, inadequate data on ratable items and inadequate logistics for revenue mobilization and public sensitization.

SUB-PROGRAMME 1.3 Human Resource Management Budget Sub-Programme Objective

- To achieve institutional performance goals that are linked to the individual and team performance objectives, as the basis for measuring performance results and merit.
- To provide Human Resource Planning and Development of the Assembly.

Budget Sub- Programme Description

The Human Resource Management seeks to improve the departments, division and unit's decision making and build capacity of the manpower which will ultimately improve the workforce and organizational effectiveness. In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-program include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the district.

Under this, only two (2) staff will carry out the implementation of the sub-programme with main funding from GoG transfer and Internally Generated Fund. The work of the human resource management is challenged with inadequate staffing levels, inadequate office space and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat, and the general public.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

• To improve the standard of living of the people in the district through the development of quality, reliable, sustainable and resilient infrastructure in a harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.

Budget Programme Description

The two main organization tasked with the responsibility of delivering the program are Physical Planning and Works Departments.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit, of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by one (2) officer with support and oversight responsibilities from the Northern Regional Physical Planning Department. The programme is implemented with funding from GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the programme include urban and rural dwellers in the district. The challenges likely to face the programme include inadequate staffing, inadequate funds and conflict.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective

 To plan, implement, manage and promote harmonious, sustainable and costeffective development of human settlements in accordance with sound environmental and planning principles.

Budget Sub- Programme Description

The sub-programme seeks to co-ordinate the activities and projects of all departments and other agencies including non-governmental organizations to ensure compliance with planning standards. It also focuses on the landscaping and beautification of the district capital. The Physical and Spatial Planning sub-programme is delivered through the Department of Physical Planning and tasked to manage the activities of the former department of Town and Country Planning and the department of Parks and Gardens in the district.

Major services delivered by the sub-program include;

- Assist in the preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the District.
- Advise on setting out approved plans for future development of land at the district level.
- Assist to provide the layout for buildings for improved housing layout and settlement.
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly.
- Undertake street naming, numbering of house and related issues.

This sub programme is funded from the Central Government transfers which go to the benefit of the entire citizenry in the District. The sub-programme is manned by the officers from the mother district and are faced with the operational challenges which include inadequate staffing levels, inadequate office space and untimely releases of funds.
