The cocoa industry which used to drive the District economy is currently being revamped by the supply of free high breed varieties, insecticides and construction of road infrastructure. Available statistics from the 2021 population and Housing Census indicate that 62.5 percent of the economically active population is engaged in agriculture.

- Road Network

Kadjebi District has a total of 290kms of access roads, a quarter of this number is tarred and the rest are not but are routinely maintained. The poor road conditions have resulted in the transportation of food by head portage in most parts of the District. Furthermore, the transport of agriculture produce by head portage is expensive. It is therefore restricted to goods of small quantities that could be transported at a time. This result in to high post-harvest loses and encourages farmers to further reduce the size of their holdings.

- Health

There are Twenty-Four (24) health facilities in the district, consisting of:

- One Hospital (mission),
- Five Health Centres,
- Eighteen CHPS zones

### Budget Programme Description

Social Service Delivery is one of the key Programmes of the Assembly. This programme seeks to take an integrated and holistic approach to development of the District and the Nation as a whole. There are four sub-Programmes under this Programme namely; Education and Youth Development, Health delivery and Social Welfare and Community Development. The Education, Youth and Sport Department of the Assembly is responsible for pre-school, special school, basic education, youth and sports, development or organization and library services in the District. The department therefore assists the Assembly in the formulation and implementation of programmes in such areas of education and youth development.

The Department of Health in collaboration with other departments assist the Assembly to deliver context specific health care interventions by providing accessible, cost effective and efficient health service at the primary and secondary care levels in accordance with approved national policies by ensuring prudent management of resources.

The Social Welfare and Community Development Department assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Extreme poverty continues to work against the economic gains that Ghana has chalked over the past two decades. It is estimated that about 18% of Ghanaians live under extreme poverty conditions. This means that they are neither able to afford daily

subsistence requirement nor afford education and basic health for themselves and their children.

This phenomenon perpetuates generational poverty. To ensure equitable distribution of national resources and mainstreaming of the extremely poor, Government developed and started implementing the National Social Protection Strategy (NSPS) in 2007. In Kadjebi District, 902 households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme; a component of the NSPS. Extremely poor Older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer.

### Budget Sub-Programme Description

In the financial year 2023 the budgetary allocation focuses on completion of educational projects in some of the rural areas in the District where education development could not be overlooked (i.e. Kosamba and Pampawie in the Asato and Pampawie Circuits respectively). The classrooms would therefore ease pressure on the already over-stretched learning facilities in the primary schools, especially schools under trees.

In addition, there is also school feeding programme currently going on in some selected schools across the District.
