PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

ESTABLISHMENT OF THE DISTRICT

The East Mamprusi District is one of the six districts (MDAs) in the North East Region. It was established under PNDC Law 207 in 1988 by a Legislative Instrument (LI. 1456). The creation of the Bunkpurugu-Yunyoo District in 2004 resulted in the change of the LI to (LI.1776). In 2018 it was elevated to Municipal by LI. 2274.

It covers a land mass of 1,771 km², representing about 19.5% of the total land mass of the North East Region. The East Mamprusi Municipality is located in the central part of the North East Region. It shares boundaries with Talensi-Nabdam District, Bawku West and Garu-Tempane Districts, all in the Upper East Region to the North, Bunkpurugu-Nakpanduri District to the East, Gushiegu Municipal and Karaga District to the South and West Mamprusi Municipal to the West.

POPULATION STRUCTURE

The 2021 PHC shows that the Municipality has a population of 188,006. The distribution shows that females account for 96,887 (51.5%) and males constituting the remaining 91,119 (48.5%). Urban population is 80, 788 (43%) and Rural Population constitutes 107,218 (57%). Percentage of regional population is 28.5% with a growth rate of 3.2% per annum. By this growth rate, therefore the Population of the Municipality is projected to be 194,022 in 2023.

VISION

To improve access to basic social facilities and services like health, quality education, potable water, good sanitation, and security to enable all the people in the municipality to achieve their economic potential.

MISSION

To ensure equitable distribution of financial and human resources to every part of the municipality through a well-established decentralized system and to build the capacity of the people in order to reduce the incidence of poverty within the national policy framework

GOALS

The goal of the East Mamprusi Assembly is to facilitate the improvement in quality of life of the people in the Municipality through the equitable provision of basic social services and infrastructure and also the promotion of socio-economic development within the context of good governance and in partnership with key stakeholders.

CORE FUNCTIONS

The core functions of the East Mamprusi Municipal Assembly as spelt out in the Local Governance Act, 2016 (Act 936) are outlined below:

- Exercise political and administrative authority in the district.
- Promote local economic development, and provide guidance, give direction and supervise other administrative authorities in the district.

- Formulate and execute plans, programmes and strategies for the effective mobilisation of the resources necessary for the overall development of the district.
- Promote and support productive activity and social development in the district and remove any obstacles to initiatives and development.
- Initiate programmes for the development of basic infrastructure and provide municipal works and services.
- Ensure improvement and management of human settlements and the environment.
- Sponsor the education of students from the district to fill particular manpower needs of the district especially in the social sectors of education and health.
- Ensure the maintenance of security and public safety in the district in collaboration with the appropriate national and local security agencies.
- Preserve and promote the cultural heritage within the district.

DISTRICT ECONOMY

AGRICULTURE

Agriculture employs about 90% of the population in the Municipality. Food Crops cultivated include maize, rice and cassava. The municipality is endowed with cash crops and vegetables: Groundnuts, Sorghum, Soya beans and watermelon, Pepper, tomatoes, garden eggs, and okro. The agriculture sector has nine (9) Extension Officers and eight (8) Veterinary Officers. Veterinary Ratio of Farmer/Extension officer is 1AEA: 18,800 farmers. Livestock reared include: Sheep, Goats, Cattle, Pigs Poultry and Guinea fowl.

MARKET CENTERS

The Municipality can boast of Gbintiri Market where a greater percentage of the Assembly's Internally Generated Fund comes from. The market is rated as one of the largest Animal Markets in Ghana. The market days come off every five days. Beside the Gbintiri market there are other markets at Nalerigu which comes off every four days and Langbishie which comes off once in a week.

ROAD NETWORK

The trunk road from Tamale to the Municipal capital Gambaga is tarred. However, the Municipality is bedeviled with a number of feeder roads which are in bad states. The Municipality has a total of 349km feeder roads and a total of 10km urban roads. With the Feeder, engineered road is 113.2 km, partially engineered feeder roads is132.5km and non-engineered feeder roads is103.3km.

EDUCATION

Education is the bedrock of the development of any district and the nation as a whole. The East Mamprusi Municipality is blessed with a number of educational institutions. These include: one College of Education, one Nursing and Midwifery College, Four (4) Senior High Secondary Schools, Seventy-one Junior High Schools (71 JHS), Seventy-one (71 Prim) Primary Schools and Seventy-one Kindergartens (71 KGs). Even though there has been consistent improvement in the number of staff to the sector, the current teacher situation in the municipality cannot be described as adequate. With a total number of 1,072 teachers at the end of Second quarter of 2022, 1,000 are trained as against 72 untrained. Pupil Teacher ratio (PTR) is 1:46; with 1:62 at the Kindergarten (KG), 1:43 at the Primary and 1:22 at the Junior High School (JHS) and 1:23 at the Senior High School.

HEALTH

The Municipality has twenty-one (21) Health facilities; Hospital (1) Clinics (2), Health Centre (4) and CHPS Compounds (14). Twenty-four-hour health services are provided in these facilities. The Baptist Medical Centre in Nalerigu serves as the Municipal Hospital. The Municipality has a total of; Medical Doctors (4), Physician Assistants (5), Nurses (260) and Midwives (38). The Health Personnel to Patients ratio stands at; Doc/Patient Ratio 1: 39,417, Nurse/Patient Ratio 1: 605 and Midwife/Patient 1: 996

Inadequate vehicles and motorbikes for monitoring and inadequate health personnel are the major challenges for effective health delivery in the Municipality.

WATER AND SANITATION

The principal sources of water supply in the municipality are boreholes fitted with pumps, hand dug wells (protected and unprotected) streams, pond and dugouts. These water facilities were provided by agencies and NGOs including Community Water and Sanitation Agency (CWSA), World Vision International (W.V.I) and New Energy and the Municipality Assembly. About 80% of the people within the municipality have access to portable water. There are also dams at Gbintiri, Nalerigu and Langbinsi which serves as sources of water for the people within these communities and their environs.

About 10% of the municipality population have access to improved sanitation (flush toilet, K.V.I.P household latrines). There are few alternative KVIPs which are in dilapidated states to serve thousands of people either resident or travelers. Most people have no access to toilet facilities and the free-range system of human waste disposal is a very common phenomenon.

ENERGY

Households in the Municipality use a mixture of energy sources including electricity, gas lamps and solar energy. According to the 2010 census, few communities (5%) in the Municipality use electricity as their main source of lighting. The use of solar energy, electricity from private generators, gas lamps, firewood and candle are households' sources of lighting.

In order to stimulate economic activities leading to increased incomes and improved living conditions in consonance with the vision of the Assembly a number of communities benefited from the Central Government Rural Electrification project. The Assembly has also made modest allocations in its budget to continue extending electricity and streetlights to peripheral communities.

KEY ISSUES/CHALLENGES

- Construction of bridges, drains, adverts and other structures
- Re-gravelling of roads

A total number of ten (10) staff from the Works Department will be delivering this subprogramme with technical support from the Regional Office of Urban Roads since the Assembly is without an established Urban Roads Department. The beneficiaries of this sub-programme include Road Contractors, Transport Organizations, Vehicle Owners, Drivers, Farmers, and the general public. The funding for this sub-programme is from GOG, DACF, DDF and IGF.

The main challenge is the inadequate and untimely release of funds.

PROGRAMME 4: ECONOMIC DEVELOPMENT

1. Budget Programme Objectives

- To improve agricultural productivity through modernization along a value chain in a sustainable manner.
- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation.
- To create an entrepreneurial society through the promotion and growth of micro and small enterprises (MSEs).

2. Budget Programme Description

The Economic Development programme seeks to address the needs of farmers and businesses of individuals to facilitate poverty reduction. Thus, this programme serves as a pre-requisite to economic development of the municipality and to alleviate poverty.

The Agriculture Department focuses on capacity building of farmers through trainings provided by agricultural extension officers in collaboration with other development partners. The Rural Enterprise Project (REP) seeks to offer trainings and business advice to business owners.

The Trade, Industry and Tourism sub programme seeks to:

- Facilitate the promotion and development of small-scale industries in the Municipality;
- Promote the formation of associations, co-operative groups and other organizations which are beneficial to the development of small-scale industries;
- Assist in offering business and trading advisory information services;
- Facilitate the promotion of tourism in the municipality;

The Agriculture Development sub-programme seeks to;

 Provide agricultural extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation in the municipality;

- Promote soil and water conservation measures by the appropriate agricultural technology;
- Promote agro-forestry development to reduce the incidence of bush fires;
- Assist in developing early warning systems on animals' diseases and other related matters to animal production;
- Facilitate and encourage vaccination and immunization of livestock and control of animal diseases
- Promote agro-processing and storage.

The program is being delivered through the Municipality Assembly in collaboration with Agriculture department and Trade and Industry (Rural Enterprise Project).

The various organizational units involved in the delivery of the program include: Agriculture Department and Trade, Industry and Tourism Department. The program is being implemented with the total staff strength of Twenty-nine (29); Department of Agriculture with Twenty-Eight (28) staff and Trade and Industry with one (1) staff. The program is being funded through the Assembly's annual budget with transfers from GOG, IGF and donor supports.

SUB-PROGRAMME 4.1 Trade and Industrial Development

- 1. Budget Sub-Programme Objective
- To expand opportunities for job creation and improve efficiency and competitiveness of Micro, Small and Medium Enterprises.
- To promote sustainable tourism to preserve historical, cultural and natural heritage and attract tourist.

2. Budget Sub- Programme Description

The sub-programme seeks to improve the competitiveness of micro and small enterprises by facilitating the provision of development programmes and integrated support services. The National Board for Small Scale Industries / Business Advisory Centre (BAC) is to facilitate SMEs access to Business development services though assisting entrepreneurs to increase their productivity, generate employment, and increase their income levels and contributing significantly towards the socio-economic development of the country. These would include facilitating access to training and other business development services, provision of advisory, counselling and extension services, provision of business information to potential and existing entrepreneurs and promotion of business associations. Other services to be delivered under the sub-programme include support to the creation of business opportunities; provide opportunities for MSMEs to participate in all Public-Private Partnerships (PPPs) and local content arrangements; facilitate the establishment of Rural Technology Facilities (RTF) in the Municipality; develop and market tourist sites, improve accessibility to key centres of population, production and tourist sites; promote local festivals in the municipality and; provide incentives for private investors in hospitality and restaurant.

The organizational units involved in implementing this sub programme is are the Rural Enterprise Project (REP) and Business Advisory Centre (BAC). The total staff strength of this sub-programme is one (1). This sub-programme is funded by GOG, DACF and Donor supports (USAID). The beneficiaries of this sub-programme are the unemployed youth,

small scale enterprises, and the general public. The sub-programme is bedeviled with lack of funds and reliable means of transport for fieldwork.

SUB-PROGRAMME 4.2 Agricultural Services and Management

1. Budget Sub-Programme Objective

- To assist in the formulation and implementation of agricultural policy for the District Assembly within the framework of national policies.
- Improve science, technology and innovation application in agriculture.
- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation in the District.

2. Budget Sub- Programme Description

This sub-programme is responsible for providing technical advice through the Extension Agents to farmers; promote livestock and poultry development for food security and income generation. It also offers support services to ago-processors and traders for improved livelihood.

Major services to be carried out under this sub-programme include

- Demonstrations and research to increase yields of crops and animals and persuade farmers to adopt technologies;
- Introduction of income generation livelihoods such as productive agricultural ventures (guinea fowl rearing, activities along the value chain that are income generating) and other alternative livelihoods;
- Promote efficient marketing and adding value to farm produce;
- Proper management of the environment through soil and water conservation, minimising bush fire, climate change hazards;
- Improve effectiveness and efficiency of technology delivery to farmers; and
- Networking and strengthening leakages between the department and other development partners.

The organizational unit involved in implementing this sub programme is the Department of Agriculture.

Total staff of Twenty-eight (28) is responsible for the delivery of this sub-programme. Funding for this sub programme is the DACF, IGF, and GOG with support from CIDA.

The beneficiaries are farmers, Agro-based businesses and the general public. The department continues to face the following challenges,

- Lack of motorbikes and vehicles for field staff
- Inadequate accommodation for staff in the operational areas
- Inadequate funding.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

1. Budget Programme Objectives

- To manage disasters by co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.
- To implement existing laws and regulations and programmes on natural resources utilisation and environmental protection.
- Increase environmental protection through re-afforestation.

2. Budget Programme Description

The Environmental Management offers research and opinions on use and conservation of natural resources, protection of habitats and control of hazards. It also seeks to promote sustainable forest, wildlife and mineral resource management and utilization.

Disaster Prevention and Management programme is also responsible for the management of disasters as well as other emergencies in the district. It seeks to enhance the capacity of society to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in the rural communities through effective disaster management, social mobilization and employment generation. Staff strength of twenty (20) from Disaster Prevention (NADMO) and Forestry and Game Life Section of the Forestry Commission in the Municipality are undertaking the programme with funding from, donors, GoG transfers and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the Municipality.

SUB-PROGRAMME 5.1 Disaster Prevention and Management

1. Budget Sub-Programme Objective

- To plan and implement programmes to prevent or mitigate disaster in the Municipality within the framework of national policies
- To create a cohesive and well-coordinated programming framework incorporating all relevant departments and private sector for disaster management.
- To manage disasters by co-ordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects

2. Budget Sub- Programme Description

The Disaster Prevention Department under the Assembly is responsible for delivering the sub-programme. It seeks to assist in planning and implementation of programmes to prevent and/or mitigate disaster in the District within the framework of national policies.

The sub-program operations include;

- Prepare and review disaster prevention and management plans to prevent or control disasters arising from floods, bush fires, and human settlement fire, earthquakes and other natural disasters.
- To participate in post disaster assessment to determine the extent of damage and needs of the disaster area.
- To facilitate the organization of public disaster education campaign programmes to create and sustain awareness of hazards of disaster and emphasize the role of the individual in the prevention of disaster.
- To assist and facilitate education and training of volunteers to fight fires including bush fires or take measures to manage the after effects of natural disasters.
- Co-ordinate the receiving, management and supervision of the distribution of relief items in the Municipality.
- Facilitate collection, collation and preservation of data on disasters in the Municipality.

The sub-programme is undertaken by officers from the Disaster Prevention department with staff strength of nineteen (19) with funding from the GoG transfers, donor support and Assembly's support from the Internally Generated Fund. The sub-programme goes to the benefit of the entire citizenry within the Municipality. Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

SUB-PROGRAMME 5.2 Natural Resources Conservation and Management

- 1. Budget Sub-Programme Objective
- To ensure that ecosystem services are protected and maintained for future human generations.
- To implement existing laws and regulations and programmes on natural resources utilisation and environmental protection.
- Increase environmental protection through re-afforestation.

2. Budget Sub- Programme Description

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognizes that people and their livelihoods rely on the health and productivity of our environment and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by the Forestry Commission.

The funding for the sub-programme is from Central Government transfers and the District Assemblies Common Fund. The sub-programme would be beneficial to the entire residents in the Municipality.

Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.
