PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

West Mamprusi was created in 1988 under the Legislative Instrument (LI) 1448 as a District Assembly. In 2012 it was replaced with LI 2061 following the creation of the Mamprugu Moagduri District. It was upgraded to West Mamprusi Municipal under Legislative Instrument (LI) 2276 in 2018. West Mamprusi Municipal Assembly is one of the six (6) administrative MMDAs in the newly created North East Region of Ghana with Walewale as its capital. Although it is in the North East Region, it has strong economic and functional linkages with some major settlements in the Upper East Region.

Population Structure

The population of West Mamprusi Municipal, according to the 2021 Population and Housing Census is 175,755 with 51.2 percent females and 48.8 percent males. More than five in every ten (52.2%) of the population lives in rural areas, while the remaining 47.8 percent lives in urban areas. With a land size of 2,596km2, the Municipality has a population density of 67.7. The population of the Municipality is youthful with about 46.2 percent below 15 years depicting a broad based population pyramid with only 6.5 percent elderly persons of at least 60 years. The total age dependency ratio for the Municipality is 102.6. The current household population of the Municipality is 173, 515 with a total of 30,450 households while average household size is 5.7.

Migration is a prevalent phenomenon in the West Mamprusi Municipality. Out-migration is common among the economically active age group. Many of the youth migrate to the southern part of the country and the Northern Regional Capital (Tamale) in search of greener pastures. A considerable number of people also migrate to neighboring districts and beyond for higher education. This development is largely due to the limited economic opportunities in the Municipality manifesting in the high levels of poverty among the people. The out-migration among the economically active age group has the tendency of depriving the Municipality of the required manpower for a vigorous economic development. There is therefore the need to take advantage of the government flagship programmes such as the 'One District One factory', 'Planting for Food and Jobs', Rearing

for Food and Jobs' etc to accelerate economic development in the Municipality to engage some of the youth in income generating activities within the Municipality.

Vision

'A truly decentralized and client focused municipality providing quality socio-economic services to the citizenry in a participatory environment'.

Mission

The West Mamprusi Municipal Assembly exists primarily to improve and sustain the living standards of the people including the vulnerable and excluded through the effective and efficient mobilization and utilization of resources with the direct participation of the people (beneficiaries) and the private sector in a friendly environment.

Goals

The broad goal of the West Mamprusi Municipal Assembly is to improve upon the living standards of its people through the provision of basic amenities and services and the creation of prosperous and equal opportunity for all inhabitants in a stable and safe environment.

Core Functions

The core functions of the Municipality are outlined below:

- Be responsible for the overall development of the municipality and ensure the preparation and submission of development plans and budgets to the relevant central Government Agencies and Ministries through the Regional Co-ordinating Council.
- Formulate and execute plans, programmes and strategies for the effective mobilization of resources necessary for the overall development of the Municipality
- Promote and support productive activity and social development in the Municipality and remove any obstacle to development.
- Initiate programmes for the development of basic infrastructure and provide municipal works and service in the Municipality
- Be responsible for the development, improvement and management of human settlements and the environment in the Municipality

- In co-ordination with the appropriate national and local security agencies, be responsible for the maintenance of security and public safety in the Municipality
- Ensure ready access to courts in the Municipality for the promotion of justice
- Guide, encourage and support sub-district, local government bodies, public agencies and local communities to perform their roles in the execution of approved development.
- Monitor and execute projects under approved development plans and assess and evaluate their impact on the people's development, the local, the municipality and national economy.

District Economy

The major economic activities in the West Mamprusi Municipal area are basically primary activities and these include; Agriculture, trading in foodstuff such as maize, beans, rice and other grains, sand winning mostly for construction work, quarrying, fishing along the White Volta, Shea processing and petty trading such as provision stores. Small and Medium Enterprises operating in the Municipal to boost the local economy include hairdressing, canteen and restaurant services, tailoring and dressmaking, metal-based-blacksmithing, welding, Art-based such as pottery, basketry, weaving, painting & sign writing, drawing etc. these enterprises lack managerial skills to enable them improve upon their businesses. They require capacity building and financial facilities at moderate conditions to enable them exert the desired impact on the local economy.

The Municipality has also benefited from the government 'one district one factory' policy with the construction of watermelon processing factory at Logari which is about 98% complete. Here Excellency the Second Lady has also facilitated the construction of a shear butter processing factory at Gbimsi. Constructed second rice processing factory by a private company known as Tamanaa Rice Foundation in collaboration with the Municipal Assembly. These factories when completed and operational would provide job opportunities for the people throughout the production value chain to boost the local economy.

Agriculture

The Municipality is largely an agrarian economy with about 85.5 percent of its household population involving in one form of agriculture or the other. Crop production is on a subsistence basis where small holder farmers produce for family upkeep and occasional sale. However, over the past few years, commercial farming has been intensified in the Municipality with large parcels of land being cleared for rice, maize and soya bean. The danger however is the devastation of the vegetative cover by these commercial farmers. Huge numbers of trees including the economic trees like shea have been felled to this effect. The major crops grown in the Municipal are maize, millet, rice, groundnuts, beans, sorghum, bambara-beans and yam. These crops are grown during the rainy season. Dry season farming is done along the banks of the White Volta during which crops such as tomatoes, onions, soybeans, pepper and tobacco are cultivated. Livestock such as cattle, goats, sheep, pigs and poultry are the most reared. The most prevalent livestock diseases are; CBPP in cattle, PPR in sheep and goats, New Castle in poultry.

Estimated arable land size in the municipality is 125,456 ha with average area cropped per annum of 40,986ha. About 60% of arable land is suitable for rice production. Meanwhile, the estimated farmer population is only 40,800 (26,520M, 14,280F). This means that there is still vast land available for potential farmers in the Municipality. Investment in this sector therefore has good returns and potentials of transforming the local economy.

Post-harvest losses have been one of the major problems of the agricultural sector in the Municipality and one of the cases has been lack of storage facilities. To address this challenge, a number of warehouses have been constructed in the Municipality. Under the government policy of 'One District One Ware house' initiative, a warehouse has been constructed at Walewale. MiDA has also constructed a 10,000mt capacity warehouse at Walewale. Other warehouses in the Municipality include the 100mt capacity warehouses constructed by SADA-MVP at Nabari, Duu, Kpasenkpe and Kinkandina respectively. With the ever increasing commercialization of agriculture especially in rice and maize

production, more of such facilities are required in the Municipal to reduce post-harvest losses.

Agribusiness is a term used to describe the sector that encompasses all economic activities that are related to farming, i.e., chemicals, breeding, crop production/farming, farm machinery, distribution, <u>marketing</u>, and sales. The Agribusiness system comprises of three sectors:

- The agricultural input sector
- The production sector
- The processing manufacturing sector.

The agricultural input sector

This sector of the agribusiness deals with the production, supply and distribution of agricultural inputs along the value chain. The common agribusiness activities in this value chain include supply and sale of chemical fertilizer, agrochemicals, seed, and farm equipment/implements, among others. There are about 116 registered sales agents within the municipality for the distribution of the government subsidized realizer across the municipality. These agents are however concentrated in the major towns making it difficult for some rural communities to access the commodity. However, the sale of other inputs such as agrochemicals are found in nearly every community.

The production sector

In this sector, various commodities such as maize, millet, rice, soya beans, groundnuts, sorghum, watermelon, among other crops are cultivated in the municipality. Under this value chain, Crop production is on a subsistence basis where small holders farmers produce for family upkeep and occasional sale. However, in the past few years, there has been a growing commercialization in the production of some selected crops such as rice, soya beans, maize and watermelon. Large tucks of lands are being cleared for the cultivation of rice, maize, and soya beans. One of the major cash crops which has huge potential in the Municipality is watermelon production. Most communities in the municipality are now shifting away from groundnut production to this crop. Unlike many

crops, the production of watermelon can be done twice within a year. These crops are all grown during the rainy season. Dry season farming is done along the banks of the White Volta during which crops such as tomatoes, onions, and beans are cultivated for sale and domestic use.

The Municipality is also noted for the rearing of various kinds of livestock including cattle, goats' sheep and poultry. These animals are sold in both local markets and outside the municipality. Sheep, goats and cattle for example are transported to southern Ghana for sales. There are a number of people along this value chain who facilitate this process.

Agro-processing/manufacturing.

The activity under the chain is the Processing of Agricultural produces in to finished and semi-finished products. This rages from maize processing, groundnut processing (eg groundnut paste, cake and oil), soya processing (e.g baby foods, Kebab, oil and tom brown) and rice parboiling and packaging, of which there is a private company known as Tamanaa Rice foundation at Nasia and Loagri in the municipality that is processing and bagging of processed rice for both domestic and foreign markets.

Also the municipality has a great potential for the production of water melon, the challenge was the marketing and processing of the melon into juice and other soft drinks. However, KINAPHARMA in collaboration with government is constructing a watermelon processing factory at Loagri under the One District one Factory initiative. Some out growers are targeted for this project. There are also a number of Aggregators who act as off Takers within the value chain in the municipality.

Road Network

The total road network of the Municipal is made up of primary, secondary and feeder roads. The Municipal is served by about a total of 476.3Km of roads made up of 116km of trunk roads and 360km of feeder roads. The Ghana Highways Authority manages 116.3km of roads of which 19km is paved and the remaining 97.3km gravelled.

The total length of feeder roads in the Municipal is about 360km, made up of 211km of which needs re-gravelling whilst others need major construction to ensure all year round

use. The Municipal has a road density of about 0.0950 / km2 and is relatively one of the lowest in the country. It is important to indicate that road accessibility in the Municipal is very poor and this has had a ripple effect on the provision of other social and economic services.

The busiest route in the Municipal is the Tamale-Bolgatanga trunk road. The road that is asphalted passes through Walewale, the Municipal capital and other communities including Nasia, Gbimsi and Wulugu. The Nasia-Janga road has been rehabilitated and the Wulugu-Kpasenkpe route reconstructed.

Feeder roads leading to major food-producing areas including Kparigu are in various stages of reconstruction. The roads are in very bad condition and are virtually inaccessible during the rainy season. During this period, a number of settlements in the 'Overseas" area is cut off from the rest of the Municipal including the Municipal capital due to the over flooding of the rivers in the area west of the White Volta. This area is moderately accessible for more than half of the year through Bolgatanga (Bolgatanga Municipal), Navrongo (Kassena-Nankana Municipal) and Sandema and Fumbisi in the Builsa Municipal. The journey covers about 155km and this could be shortened considerably to about 45km through a direct link with Walewale.

The major means of transportation in the Municipal are the use of tricycles and motor bikes. Other means include the donkey with cart. The major problem facing the road sector in the municipality is the difficulty in accessing the overseas communities in the Mamprugu Moaduri District. To resolve this challenge, there is the need to construct a bridge linking up the Municipal capital Walewale to the overseas area.

Energy

The current electricity coverage in the Municipality is about 99%. However, there are still two (2) communities that are not connected all and some are under-served and requires extension. Given the important role energy plays in the development process on modern societies, a lot still needs to be done to get many communities powered to promote economic activities. To this end, the Assembly is working closely with the Ministry of

Energy and NEDCO not only to connect the last two communities to the national grid but also to up-grade the services in the Municipality to make it economically productive.

Health

The Municipal health infrastructure is made up of Two Hospitals at Walewale and Janga, one Polyclinic at Kpasenkpe. Six Health centers at Wulugu, Wungu, Our Lady of Rocio-Walewale, St. Joseph the worker, Guabuliga and Walewale Health Centre. Sixteen functional CHPS compounds at Gbeo, Nasia, Yama, Tinguri, Daboya, Duu, Nabari, Arigu, Guabuliga, Bugya, Mimima, Shelinvoya, Zangum-vuga, Fungu, Kurugu, Gbimsi . Table below is the illustration

on the health facilities in the municipality.

HOSPITAL	POLYCLINIC	HEALTH CENTRE	CLINIC	CHPS COMPOUND	REPRODUCTIVE & CHILD HEALTH (RCH)
2	1	6	0	16	1

• Source: Municipal Health Directorate, 2024

The Top Ten (10) Diseases in the Municipality are:

- 1. Uncomplicated Malaria
- 2. Upper Respiratory Tract Infections
- 3. Diarrhea
- 4. Anemia
- 5. Typhoid Fever
- 6. Ulcer
- 7. Rheumatism/ other joint Pains/ Arthritis
- 8. Skin Diseases
- 9. Acute Urinary Tract Infections
- 10. Intestinal Worms

Education

The Municipality is zoned into ten (10) educational circuits for administrative purposes namely: Walewale East, Walewale West, Walewale central, Wungu, Kpasenkpe East,

Kpasenkpe West, Janga, Tinguri, Kparigu and Guabulga. The Municipality has a Teacher-Pupil Ratio of 35:1 and a retention rate of Eighty percent (80%).

The Municipality is endowed with a number of educational facilities especially from Pre School to Junior High levels. It has a total of 85 pre-schools and 89 primary Schools, 57 Junior High Schools, 4 Senior High Schools and 1 Vocational/Technical school (Municipal Directorate of GES, 2024).

The Municipality observed marginal improvement in the PTRs in 2020 as PTR of kindergarten reduced to 1 teacher to 73 pupils, primary reduced to 1 teacher to 48 pupils, with JHS remaining constant. Notwithstanding, these reduction at the kindergarten and primary levels still require urgent intervention to further improve the PTRs.

Over the years, investment in basic education does not reflect in the performance of students in the BECE in the Municipality. The performance has not been satisfactory over the years. This situation requires key stakeholder dialogue to identify the causes of the poor performance and how the situation could be reversed.

Market Centres

The Municipality has a couple of local markets distributed across the communities These include the Walewale Market, Bulbia Market, Janga Market, Kparigu Market, Duu Market, Kpasenkpe Market, Wulugu Market, Tinguri Market among others. However, only Walewale market has some infrastructure including market stalls, sheds and water. The rest of the markets have very poor and deplorable market infrastructure a situation that requires redress.

Water and Sanitation

Over the years, there has been a gradual improvement in the provision of potable drinking water to the people of West Mamprusi Municipality through the intervention of development partners, such as Catholic Relief Services (CRS), Global Communities, World Bank, Water Vision Technology (WVT), Plan Ghana and the Government of Ghana support projects. With a Population of 175,755, as per the 2021 population and Housing

Census, access to potable water is about 78%. The rest of the population still rely on unwholesome sources of water such as open wells, rivers, dams etc. for household consumption.

It is refreshing to note that the Municipality benefited from the Government policy of onevillage-one dam with the rehabilitation of six small earth dams at different locations. However, this intervention is not without challenges as some of the dams were either destroyed before the end of the season or dried up during the dry season. It is therefore recommended that the government re-look at the designs of the dams to improve on their water holding capacities and the provision of irrigation facilities to ensure maximum benefit from the policy. The Municipal has proposed a comprehensive strategy in its Water and Sanitation Plan (2022-2025) in its MTDP to address the challenges.

The prevailing rainfall and the nature of the underlying rock formations determines to a large extent the ground and surface water potential for the Municipal area. The present combination of heavy run-off, high evaporation and transpiration and low infiltration rates to recharge aquifers in some areas in the Municipal, contribute to water deficiencies especially to the west of the White Volta, the south around Fio area and eastern parts around Shelinvoya.

The Municipality is endowed with rivers especially at Nasia and Pwalugu which can be developed to complement Hydropower in the country. Others are at Gbimsi, Diani, Nayorku, Zangu-Vuga, Gbani, Wulugu, Wungu, Zangum and Nabari.

On the part of sanitation, though significant progress has been made in the area of liquid waste management, especially the construction of household latrines, the municipality still has challenges in both solid and liquid waste management. In the area of solid waste management, indiscriminate dumping of refuse as disposal method of solid waste is commonly practiced in the Municipality. Only about 3.5% of houses access the public refuse containers in the Municipal whose refuse are properly stored.

The Government of Ghana in collaboration with development partners and nongovernmental organizations have put in a lot of efforts in dealing with open defecation in Ghana. The Municipal Assembly in collaboration with CRS and UNICEF have worked tirelessly over the last years and has improved on the open defecation free status using the concept of CLTS. Whiles continues efforts are being made to declare the rest of the communities, Seventy-six (76) communities are ODF and ten (10) ODF communities have attained sanitized level. Sanitation coverage for liquid waste is 33.66% while solid waste is 5%.

Tourism

West Mamprusi is endowed with unique tourist sites like the local architecture especially a traditional mosque at Wulugu, and the mysterious light on Wungu road. The traditional mosque was built by an Islamic scholar in Wulugu during the 1980s. Although a mud wall built with simple local materials such as gravel and stone without cement, the mosque has withstood natural disasters such floods and storms and remain very strong as though it was built with modern materials such as concrete. The mysterious light on the Wungu road also dates back into history. From a distance, the light appears bright and broad but gets narrow and narrow as you move near it. Although inhabitants speculate how the light comes to be, no one seems to know as a matter of fact when and how the light came there.

There are other sites like the Kpabgu cave which is believed to be housing a lion and python. Moachira at Bimbinni where the White and Black Volta meet but run parallel no matter the disturbances for it to mix, The White Volta can serve as a good source for fishing and water transport. Hydro- electric Dam can be constructed at Nasia and Karimenga. The Mysterious Golinga (Soglinga) springs at Duu that runs in the dry season. Kugyinni (a big stone sitting on a very small stone where a lion periodically rest under) about 2km off Walewale-Wungu Road.

The Hills in the Municipality can be used for sites of communication towers. All these are potential tourist sites which when explored and developed could bring economic gain to the West Mamprusi Municipal.

The Municipal has important tourism related socio-cultural resources. These include:

- Traditional Bone Specialist at Loagri on the Tamale Walewale High Way
- Annual cultural festivals, Damba (celebrated on the 11th 17th of Damba of the Lunar calendar)

- Annual bugum festivals (celebrated on the 9th Day of Bugum. of the Lunar calendar)
- Largely unadulterated cultural heritage, particularly in the rural areas.

Environment

The Municipality is located in an area of the country with some level of unfavorable natural environmental conditions especially in the harsh harmattan seasons, which leads to many bush fires. The rate at which the tree vegetation is being cut down for fuel wood, charcoal and farming is alarming.

The greatest threat however is the flooding in parts of the municipality due to heavy rainfall and the spillage of the Bagre Dam annually leaving many homeless and destruction of farm lands that threatens food security.

The Municipality is situated in the Tropical Continental Climatic Zone with mean-annual temperature ranging between 28 and 31 degrees Celsius. It experiences a single maximum rainy season, which starts in late April with little rainfall characterized by severe winds and storms. The second and third quarters of the year generally record the heaviest rainfall rising to its peak in July-August and also the greatest number of rainy days declining sharply to a complete halt in October-November. Annual rainfall ranges between 950mm - 1,200mm. Maximum day temperatures are recorded between March-April, while minimum night temperatures are recorded in December-January. The humidity levels between April and October is generally high in the night and falls low during the day.

The Municipality lies within the Guinea Savannah woodland vegetation with light undergrowth and scattered trees. Trees such as shear, dawadawa and baobab are ubiquitous in the District. These trees are of economic importance as most people depend on them for their livelihood. However, notwithstanding the importance of these trees, indiscriminate felling of trees especially for firewood, charcoal and other related activities have put excessive pressure on the trees, making them stand the risk of extinction. This implies that, there should be a mass campaign to encourage the populace to embark on tree planting rather than indiscriminate felling of the tree species. Over the past decade, there has been a dramatic change in the climatic conditions in terms of climate variability and change increase due to the general global warming as observed world over. The situation has resulted into some climate change stressors in the Municipality and if unchecked, will lead to more devastating stressors going into the future.

The Municipality has the White Volta and its tributaries passing through. Flooding by the White Volta is an annual problem caused mainly by the numerous small rivers, which overflows into it. Annual flash floods have also been caused by spilling of water from streams further upstream in Burkina Faso (Bagre Dam). About 28 communities are prone to flood risks.

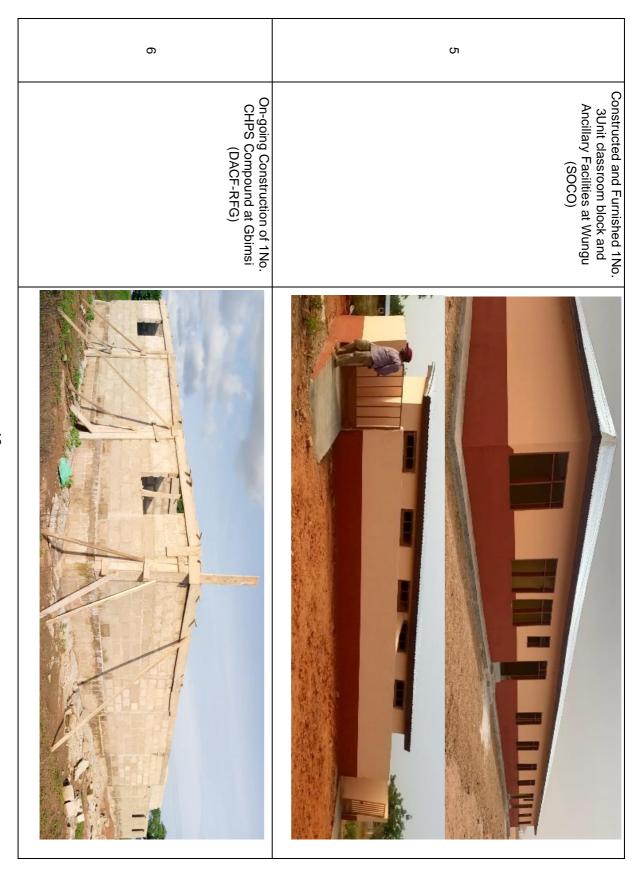

Key Issues/Challenges

- 1. Perennial Floods in the Municipality
- 2. Deforestation (Rampant felling of trees for fuel wood/large scale farming)
- 3. Poor BECE Performance
- 4. Inadequate school Infrastructure and furniture
- 5. Inadequate basic health infrastructure
- 6. Prevalence of Open defecation in some communities
- 7. Inadequate Spatial Plans for Land Use Planning and Management
- 8. Poor road network in the municipality
- 9. Inadequate potable water supply
- 10. Poor Crop Yield

Revenue and Expenditure Performance

Internally Generated Revenue is very key to the development of every Assembly however there are several bottlenecks to its smooth mobilization. Government of Ghana therefore transfers funds to supplement the IGF for the smooth operation of the Municipal Assembly. Tables 1, 2 and 3 depicts the revenue and expenditure performance of the West Mamprusi Municipal Assembly in 2023.

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- To ensure Representative, inclusive participatory Representation in Decision Making
- To Improve Human Capital Development and Management
- To deepen Political and Administrative Decentralization

Budget Programme Description

The Management and administration programme is key to the functioning of the Assembly and its departments. It has oversight responsibility of all the departments and provides all the needed and emergency needs, services required in order that other programmes and sub-programmes can be implemented to achieve their objectives. This programme is responsible for the implementation of Decentralization in general. It is also the Secretariat of the Municipal Assembly and responsible for the provision of support services, effective and efficient general administration and organization of the Municipal Assembly. The Department manages all sections of the assembly including: records, estate, transport, logistics and procurement, budgeting functions and accounts, stores, security and human Resources Management. The organizational units and sub-programs involved in the Management and Administration Programme are the: General Administration, Finance, Human Resource, Statistics, Planning, Budgeting, Internal Audit, Procurement and stores.

The Department also coordinates the general administrative functions, development planning and management functions, rating functions, statistics and information services generally, and human Resource Planning and Development of the Municipal Assembly. Central Administration has a total of Seventy-Seven (77) staff. Units under the central administration to carry out this programme are spelt out below.

The Finance department leads in the management and use of financial resources to achieve value for money and keeps proper accounts records. It has a total staff strength of Seven (7) a Finance officer, Three (3) Accountants and Three (3) Revenue Collectors. There are also 10 commission collectors playing key roles in revenue generation

The Human Resource department, man<u>p</u>ed by a Senior Human Resource Manager and Two (2) Assistants who are responsible for developing capacities and competencies of staff as well as coordinating human resource management programmes to efficiently deliver public services.

The Budget Unit facilitates the preparation and execution of budgets of the Municipal Assembly by preparing, collating and submitting annual Programme Based Budgets of all departments of the Assembly; translating national medium term programme into the Municipal specific investment programme; and organizing in-service-training programmes for the staff of the unit in budget preparation, financial management and dissemination of information on government financial policies. The unit also verifies and certifies the status of development projects before requests for funds for payment are submitted to the relevant departments and units for payments. Leads in the preparation of the Fee Fixing resolutions of the Assembly; collate statistical inputs that will enhance the preparation of the budget; and monitor programmes and projects of the Assembly as a measure to ensure economic utilization of budgetary resources. Thirteen (11) officers are responsible for this unit. Two (2) Budget Analyst, Four (4) Assistant Budget Analysts One (1) Budget Officer and Five (5) Assistant Budget Officers.

The Planning Unit is responsible for strategic planning, efficient integration, implementation and monitoring of public policies, programmes and projects to achieving sustainable economic growth and development. The unit is the secretariat of Municipal Planning and Co-ordination Unit (MPCU). It is manned by a Senior Development Planning officer, One (1) Development Planning Officer and Four (4) Assistant Development Planning Officers

The Internal Audit Unit provides reliable assurance and consulting services to management on the effectiveness of the control system in place to mitigate risk and

promote the financial control (in line with the PFM) of the Assembly. It has a staff strength of Six (6), Director of Internal Audit and four (4) assistants

Procurement and stores facilitate the procurement of Goods and Services, and assets as well as records keeping for the Assembly. They also ensure the safe custody and issuance of store items. It has a total of Four (4) staff to perform these functions

The Department of statistics has two (3) staff who are responsible for data collection and management issues as well as market readings in the Municipality.

The Information services unit which serves the Assembly in Public Relations promotes a positive image of the Municipality with the broad aim of securing the Assembly public goodwill, understanding and dissemination of information

Funding for this programme is mainly IGF, DACF, DACF-RFG, GoG and Donors whereas the Zonal councils' dwell mainly on ceded revenue from Internally Generated Funds. The departments of the Assembly and the general public are beneficiaries of the Management and Administration programme.

A total budget of GHC 5,548,055.00 has been allocated for the Management and Administration budget Programme for its compensation, Goods and Services and Capital Expenditure of the West Mamprusi Municipal Assembly.

SUB-PROGRAMME 1.1 General Administration Budget Sub-Programme Objective

- To ensure the effective implementation of decentralization policies and programs.
- To ensure inclusive governance and Popular Participation
- To facilitate the provision of resources the Assembly needs for its effective and efficient operations.

Budget Sub- Programme Description

The General Administration Sub-Programme is carried out by designing and maintaining a system for monitoring and evaluation of the progress of programmes and procurement with the view of eliminating waste and unearthing irregularities.

It also ensures the availability of services and facilities necessary to support the administrative and other functions of the Assembly. It facilitates the acquisition of logistics, procurement of goods, works and services for the Assembly

The units involved in General Administration, are Central Administration Unit, Registry Unit, Security, Stores, Secretaries, Laborers and Procurement Unit. The General Administration has total staff strength of Thirty-Nine (39) employees. The main source of funding of the programme is from the Government of Ghana (GoG), Internally Generated Funds, District Assembly Common Fund and DACF-RFG

The main beneficiaries of the programme are all persons in the Municipality especially the vulnerable.

The main challenges encountered in carrying out this sub-programme include;

- 1. Inadequate and late release of funds
- 2. Inadequate office space.
- 3. Poor internet connectivity.
- 4. Incidence of armed robbery and break-in in homes

SUB-PROGRAMME 1.2 Finance and Audit Budget Sub-Programme Objective

- Ensure effective and efficient mobilization of resources and its utilization for development
- Improve financial management and reporting through the promotion of efficient Accounting and Auditing systems

Budget Sub- Programme Description

The sub-programme seeks to ensure effective and efficient resource mobilization and management. The Finance sub-programme comprises of two units namely, the Accounts/Treasury and internal audit. Each Unit has specific roles in delivering its outputs for the sub-programme. The account unit collects records and summarizes financial transactions into financial statements and reports to assist management and other stakeholders in decision making. The finance department also receives, keeps safe custody and disburses public funds. These department together with the Budget unit sees to the payment of expenditure within the Municipal Assembly using the GIFMIS system.

This sub-programme provides effective and efficient management of financial resources and timely reporting of the Assembly finances as contained in the Public Financial Management Act, 2016 (Act 921). It also ensures that financial transactions and controls are consistent with prevailing financial and accounting policies and Public Financial Management.

The internal audit unit ensures that payment vouchers submitted are duly registered and checks all supporting documents to payment vouchers, to ensure they are complete before payments are effected. This is to strengthen the control mechanisms of the Assembly.

This major activity ensures reconciliation and helps in providing accurate information during the preparation of monthly financial statements which is later submitted for further actions. The sub-programme is proficiently manned by thirteen (13) officers, 7 officers from finance department, 6 Internal Audit Unit.

Funding for the Finance sub-programme is from Internally Generated Revenue (IGF), GoG and DACF.

Challenges

- Inadequate revenue collectors.
- Poor internet connectivity.
- Landed properties not valued hence unassessed rates being levied

SUB-PROGRAMME 1.3 Human Resource Management Budget Sub-Programme Objective

- To provide Human Resource Planning and Development of the Assembly.
- To develop capacity of staff to deliver quality services.

Budget Sub- Programme Description

The Human resource management sub-programme seeks to manage, develop capabilities and competences of staff and coordinate human resource programmes for efficient delivery of public service. The sub-programme would be carried out through ensuring regular updates of staff records, staff needs assessment, ensuring general welfare of staff, ensuring inter and intra departmental collaboration to facilitate staff performance and development, organizing staff trainings to build their capabilities, skills and knowledge.

The human resource department comprises of a Human resource manager and two (2) assistants. Funds to deliver the human resource sub-programme include IGF, DACF and GoG. The main challenge faced in the delivery of this sub-programme is the weak collaboration in human resource planning and management with key stakeholders.

SUB-PROGRAMME 1.4 Planning, Coordination and Statistics Budget Sub-Programme Objective

- To facilitate, formulate and coordinate plans and budgets.
- To ensure implementation of approved budgets by generating warrants for payments
- Facilitate and Coordinate the collection of relevant, quality timely data for development

Budget Sub- Programme Description

The sub-programme is responsible for preparation of comprehensive, accurate and reliable action plans, budgets and relevant data. The sub-programme will be delivered by conducting needs assessment of Area councils and communities; hold budget committee meetings, MPCU meetings, stakeholder meetings and public hearings to ensure participatory planning and budgeting with the assistants of relevant and quality for development. The three (3) main units for the sub-programme include the planning unit and budget unit, the department of statistics as well as the expanded MPCU. Funds to carry out the programme include IGF, DACF, GoG and Partner Organizations. Effective delivery of this sub-programme will benefit not only the community members but also development partners.

Plans and budgets of departments of the Assembly are not easy to come by and thus posing a hindrance towards achieving the objectives of this sub-programme. Other challenges include lack of vehicle to undertake effective M&E and market survey and other relevant data to ensure proper planning and budgeting.

The sub-programme is proficiently managed by twenty-one (21) officers comprising of thirteen (13) Budget Analysts/officers, Six (6) Development Planning Officers and two (2) Statisticians.

SUB-PROGRAMME 1.5 Legislative Oversights Budget Sub-Programme Objective

• To ensure decentralized planning and budgeting.

Budget Sub- Programme Description

The office of the Honourable Presiding Member leads proceedings of the Legislative Oversight role and well assisted by the Office of the Municipal Coordinating Director. The main unit of this sub-programme is the Zonal/Area Councils, Office of the Presiding Member and the Office of the Coordinating Director with technical support from all other departmental and unit heads.

The activities of this sub-programme are financed through the IGF, DACF and Donor partner funding sources available to the Assembly. The beneficiaries of this sub-programme are the entire citizenry.

Efforts of this sub-programme are however constrained and challenged by the inadequate logistics to the Zonal Councils of the Assembly and inadequate IGF.

This sub-programme formulates appropriate policies and implements them in line with national policies and development frameworks. These policies are deliberated upon by its Zonal/Town/Area Councils, Sub-Committees and the Executive Committee. The report of the Executive Committee is eventually considered, approved and passed by the General Assembly into lawful district policies and objectives for the growth and development.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

- To formulate and implement policies on Education, Health, Social intervention in the Municipality within the framework of National Policies and guidelines.
- To accelerate the provision of improved environmental sanitation services.
- To attain universal births and deaths registration in the municipality.

Budget Programme Description

The Social Service Delivery program seeks to harmonize the activities and functions of the following agencies; Ghana Education Service, Youth Employment Authority, Ghana Health Service operating at the local level.

To improve Health and Environmental Sanitation Services, the programs aims at providing facilities, infrastructural services and programmes for effective and efficient waste management for the environmental sanitation, the protection of the environment and the promotion of public health.

The programme also intends to make provision for community care services including social welfare services and child protection interventions.

The Birth and Death Registry seeks to provide accurate, reliable and timely information of all births and deaths occurring within the Municipality for socio-economic development through their registration and certification.

The various organization units involved in the delivery of the program include; Ghana Education Service, Municipal Health Directorate, Environmental Health Unit, Social Welfare & Community Development Department and the Department of Births & Deaths.

The funding sources for the programme include GoG transfers, Donor funds, DACF, DACR-RFG and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the Municipality. Total staff strength of Seventy-two (72) from the Social Welfare & Community Development Department and Environmental Health Unit with technical support from staff of the Ghana Education

Service, Ghana Health Service and the department of births and deaths in delivering this programme

A total amount of GHC 17,749,787.00 has been allocated for the Social Service Delivery programme of the West Mamprusi Municipal Assembly. This will mainly be used for social intervention programmes and projects.

SUB-PROGRAMME 2.1 Education, Youth and Sports Services Budget Sub-Programme Objective

- To formulate and implement policies on Education in the Municipality within the framework of National Policies and guidelines and increase access to quality education through infrastructure and logistics provision.
- To improve the quality of teaching and learning to improve on BECE performance.
- To promote youth and sports development

Budget Sub- Programme Description

Ensuring that all children of school going age have access to school and are in school. Identify children with various disabilities in and outside the school, identify social barriers and other constraints militating against access to school. To be able to achieve this the under listed needs to be carried out through the Construction and maintenance of school buildings, toilets, urinals, and supply of furniture to schools, support the organization of BECE mock examination and supervision and in collaboration with social welfare children with special need mainstreamed and Day care centers monitored and supervised.

The organizational Units involved in this sub-programme are GES, finance and administration and Planning, department of Social Welfare and Works department. The sub-programme would be funded with funds from GOG, DDF, DACF, DACF-RFG, SOCO and other donors.

The key issues/challenges for this sub-programme include inadequate funding, Poor BECE performance, inadequate school infrastructure/ furniture.

SUB-PROGRAMME 2.2 Public Health Services and Management Budget Sub-Programme Objective

- To improve access to quality health care services
- To ensure reduction of new HIV/AIDS infections and malaria

Budget Sub- Programme Description

This would be carried out through the provision and prudent management and accessibility to health services with special emphasis on primary health care at the district, sub-district and community levels in accordance with national health policies. The sub-programme also formulates, plans and implements district-level health policies within the framework of national health policies and guidelines provided by the Ministry of Health. The sub-programme seeks to:

- Ensure the construction and furnishing and operationalization of CHPS compounds, clinics, health centres
- Assist in the operation and maintenance of all health facilities under the jurisdiction of the Assembly
- Support to undertake health education, immunization and nutrition programmes
- Facilitate diseases control and prevention.
- Facilitate activities relating to mass immunization and screening for diseases treatment in the municipality.

The units undertaking this sub-programme is the municipal Health Directorate with the Planning and coordinating unit playing a collaborative role. Funds to undertake the sub-programme include IGF, DACF, DACF-RFG, and Donor partners (UNICEF, DACF-RFG, SOCO, CRS).

Community members, development partners and all departments are the beneficiaries of this sub-programme. The Municipal Health Directorate in collaboration with other departments and donors would be responsible for this sub-programme.

Challenges in executing the sub-programme include:

- Inadequate basic health Infrastructure.
- High Patient to Doctor Ratio

Main Outputs	Output Indicators	Past Years		Projections

SUB-PROGRAMME 2.3 Social Welfare and Community Development Budget Sub-Programme Objective

- To protect children against violence, abuse and exploitation by implementing child protection policies.
- To empower PWDs for social inclusion
- To provide timely, reliable, and disaggregated data on PWDs

Budget Sub- Programme Description

The Department of Social Welfare and Community Development takes lead in collaborating with Governmental and Non-Governmental Organizations (NGOs) in integrating the vulnerable, disadvantaged, and marginalized as well as Persons with Disabilities (PWDs) into the mainstream of development with their active participation and support of their families and communities for the realization of their potentials.

The Department of Social Welfare and community development in the West Mamprusi Municipal Assembly is guided in this endeavor by Social Work values and principles; equity and prompt responsiveness, confidentiality, self –determination, non-judgmental and empathy.

The activities of the agency are carried out in line with core-programmes of the Department. These are; Community Care, Justice Administration, Child Rights Promotion and Protection, Community Development

The main responsibility of this sub – programme is to facilitate community-based rehabilitation of persons with disabilities, Assist and facilitate provision of community care services including; Registration of persons with disabilities, Assistance to the aged, Personal social welfare services, Hospital welfare services, Assistance to street children, child survival and development and Socio-economic, emotional stability in families, Facilitate the registration and supervision of non-governmental organizations and their activities in the district, Facilitate the registration and supervision of early child hood development centers in the district, Assist to organize community development programmes to improve and enrich rural life through, Literacy and adult education classes, Voluntary contribution and communal labor for the provision of facilities and

services such as water, schools, library, community centers and public places of convenience and Teaching deprived or rural women in home management and child care. The sub-programme is to be delivered by professional Social Work values and principles; equity and prompt responsiveness, confidentiality, self –determination, non-judgmental and empathy. In all six (6) staff will implement this sub-programme. The organizational units involved in the sub- programme are Social Welfare Unit and Community Development Unit. The sub – programme is funded by District Assembly Common Fund, IGF, Department of Social Welfare, Ministry of Gender, Children and Social Protection (GOG) and Development partners such UNICEF, DFID, USAID, RAINS. Beneficiaries of the programme are person with disabilities, marginalized, disadvantaged and excluded in the society. The staff strength of the Social Welfare Unit is woefully inadequate. Only one professional Social Worker is managing the Social Welfare unit.

Key issues/ challenges for the sub- programme includes; inadequate means of transport to reach out to the people, High incidence of Child Marriages, Rural-urban migration (Kayaye) especially girls, delay in the release of funds to carry out activities and High rate of teenage pregnancy.

The table below indicates the main outputs, its indicators and projections by which the West Mamprusi Municipal Assembly measure the performance of this sub-programme. The past data indicates actual performance whilst the projections are the Assembly's estimate of future performance.

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at Sept.	2025	2026	2027	2028
PWDs economically empowered	No. of PWDs supported with working tools	170	115	250	265	270	300
Sensitization on child marriages and good parenting carried out	No. of sensitization programmes held	10	6	12	15	18	20

SUB-PROGRAMME 2.4 Birth and Death Registration Services Budget Sub-Programme Objective

The objective of this sub-programme is to attain universal births and deaths registration in the Municipality.

Budget Sub- Programme Description

The sub-programme seeks to provide accurate, reliable and timely information of all births and deaths occurring within West Mamprusi for through their registration and certification. The sub-program operations include;

- Legalization of registered Births and Deaths
- Storage and management of births and deaths records/register.
- Issuance of Certified Copies of Entries in the Registers of Birth and Deaths upon request.
- Preparation of documents for exportation of the remains of deceased persons.
- Processing of documents for the exhumation and reburial of the remains of persons already buried.
- Verification and authentication of births and deaths certificates for institutions.

The sub programme is delivered by staff of the Municipal Births and Deaths Registry with funds from GoG transfers such as the DACF and IGF. The sub-programmes would be beneficial to the entire citizenry in the Municipality.

Challenges facing this sub-programme include: inadequate staffing, inadequate logistics and funds.

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at Sept.	2025	2026	2027	2028
Improved birth and death certification	No. of birth certificates issued	4357	2532	3400	4000	4700	5000

SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services Budget Sub-Programme Objective

- To provide technical and administrative measures that promotes and enforces environment and sanitation standards
- To ensure a clean and safe environment.

Budget Sub- Programme Description

This sub-programme seeks to improve community's liquid and solid waste management through Behavioral Change Communication and infrastructure that meets standards. Establishes, installs and controls institutional/public/household latrines, urinals and wash places. The treatment of liquid waste, proper disposal of refuse, filth and carcasses of dead animals from any public place. It also ensures the disposal of dead bodies found in the municipality especially paupers. Regulates any trade or business which may be harmful to public health. Supervises and Controls activities in slaughter houses. And last but not the least offer advice on the establishment and maintenance of cemeteries.

The general public is the main beneficiaries of services rendered by this sub-programme.

Funding sources for this sub-programme include GoG, UNICEF, IGF and DACF.

A total of sixty-One (61) officers would be carrying out this sub-programme.

Major challenges of the sub-programme include:

- Prevalence of open defecation especially in small towns.
- Low household latrine coverage.

Rocky and sandy nature of some communities making it difficult to construct household latrines and eventually caves-in when constructed especially during the peak of the rains posing a threat to health. Such areas required an expensive approach to dig or line.

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at Sept.	2025	2026	2027	2028
Improved ODF status of Communities (CLTS)	No. of communities declared ODF	56	76	95	100	102	105
Improved Solid waste management	No. of heaps of refuse evacuated	4	7	10	12	14	15
Increase in number of households with latrines	Household Latrine coverage	52%	53%	62%	62%	65%	65%

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- To improve access to safe drinking water
- To facilitate Sustainable and Resilient Infrastructure Development
- To improve Transport and Road Safety

Budget Programme Description

The programme is responsible for provision of physical and socioeconomic infrastructure while promoting a sustainable human settlement development on principle of efficiency, orderliness, safe and healthy growth of communities. Key departments in carrying the programme include the Physical Planning Department and the Municipal Works Department.

The physical planning is responsible for:

- Planning and management of human settlements; provision of planning services to public authorities and private developers.
- Development of layouts plans (planning schemes) to guide orderly development;
- Collaboration with survey department, prepare acquisition plans when land is being acquired.
- Responsible for physical/spatial planning of customary land in conjunction with the stool/skin
- Responsible for development control through granting of building permit.

The Municipal Works department carries out functions in relation to feeder roads, water etc.

- The department advises the Assembly on matters relating to Infrastructure provision
- Assists in preparation of tender documents for civil works projects
- Facilitates the construction of public roads and drains
- Advices on the construction, repair, maintenance and diversion or alteration of street

- Assists to inspect projects under the Assembly with departments of the Assembly
- Provides technical advice for the machinery and structural layout of building plans to facilitate escape from fire, rescue operation and fire management; and
- Provides technical and engineering assistance on works undertaken by the Assembly and owners of premises.

There are in all Six (6) staff at post to carry out the infrastructure development and management programme. The programme will be funded with funds from IGF, DACF, DACF-RFG and other donors

A total budget of **GHC 10,221,839.00** has been allocated to the Infrastructure Delivery and Management programme for the 2025 fiscal year.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective

- To exercise responsibility in planning, management and promotion of sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.
- To facilitate the implementation of such polices in relation to physical planning, land use and development within the framework of national polices.

Budget Sub- Programme Description

This sub-programme seeks to ensure planning, management and promotion of harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles. Specific functions of the sub-programme include;

- Preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the Municipality.
- Identify problems concerning the development of land and its social, environmental and economic implications
- Advise on setting out approved plans for future development of land at the district level
- Assist to offer professional advice to aggrieved persons on appeals and petitions on decisions made on their buildings;
- Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;
- Assist to provide the layout for buildings for improved housing layout and settlement;
- Ensure the prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly;
- Advise on the acquisition of landed property in the public interest; and
- Undertake street naming, numbering of house and related issues.

The Sub-Programme is funded by the Government of Ghana (GoG), Internally Generated Funds, District Assemblies Common Fund and support from GIZ. It manned by a Physical Planning Officer and One (1) assistant. Beneficiaries of the Sub-Programme are the general public, private developers and government institutions.

The key issues or challenges of the Sub-Programme are listed below:

- i. Inadequate funds to carry out its mandate
- ii. Sub-division and rezoning of plots without recognition to the unit.
- iii. Minimal adherence to existing local plans (Encroachment on public lands)

Main Outputs	Output Indicators	Past	Years		Proje	ctions	
		2023	2024 as at Sept.	2025	2026	2027	2028

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management Budget Sub-Programme Objective

- To improve service delivery to ensure quality of life across the municipality
- To accelerate the provision of affordable and safe water

Budget Sub- Programme Description

The sub-programme is delivered through facilitating the construction, repair and maintenance of project on roads, water systems, building etc. The sub-programme also prepares project cost estimates on roads, buildings, water and sanitation for award of contract; supervise all civil and building works to ensure quality, measure works for good project performance. The Department also checks quality performance and recommends claims for preparation of payment Certificate/Fluctuations and Variations; rehabilitation and construction of boreholes, reshaping of roads and street lightening across the municipality; and facilitate the identification of Communities to be connected on to the National Grid.

The Department of Works of the Municipal Assembly is a merger of the Public Works Department, Department of Feeder Roads and Municipal Water and Sanitation Unit, Department of Rural Housing and the Works department of the Assembly. The beneficiaries of this sub-programme include the general public, contractors and other departments of the Assembly.

There are 6 staff in the Works Department executing the sub-programme and this comprises a Two (2) Chief technician Engineer, works superintendent, senior technician engineer, technician engineer and yard foreman. Funding for this programme is mainly DDF, DACF, IGF, SOCO. Development partners especially CRS is playing a very significant role.

Key challenges of the department include inadequate potable water supply, Poor road network, inadequate personnel and logistics for monitoring of operation and maintenance of existing systems and other infrastructure. Another key challenge is inadequate and late release of funds. This leads to wrong timing of operations and projects there by affecting project implementation.

SUB-PROGRAMME 3.3 Roads and Transport Services Budget Sub-Programme Objective

• To improve road infrastructure in the municipality

Budget Sub- Programme Description

This sub-programme seeks to ensure planning, management and promotion safety on our road infrastructure. Monitoring of on-going road projects to achieve value for money. The works department (Engineer) and Physical Planning department work hand-in hand to achieve this objective

Its activities are mainly funded by GOG, DACF, SOCO and other development partners (GPSNP)

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at Sept.	2025	2026	2027	2028
Improved road infrastructure	KMs of road reshaped	5.8km	3.75km	10.3km	13km	15km	17km

PROGRAMME 4: ECONOMIC DEVELOPMENT

Budget Programme Objectives

- To Improve Production Efficiency and Yield
- To Enhance Business Enabling Environment
- Create an entrepreneurial society through the promotion and growth of Local Economies and Micro and Small Enterprises (MSEs).

Budget Programme Description

The economic development programme aims at providing an enabling environment for Trade, Tourism and industrial development in the municipality. It also seeks to facilitate the modernization of agriculture to achieve self-sufficiency in food security in the municipality.

The sub-programmes under the Economic Development programme include Trade, Tourism and Industrial Development and Agriculture Development.

Trade, Industry and Tourism sub programme under the guidance of the Assembly deals with issues related to trade, cottage industry and tourism in the Municipality. The sub-programme seeks to:

- Facilitate the promotion and development of small-scale industries in the Municipality
- Advise on the provision of credit for micro, small-scale and medium scale enterprises
- Promote the formation of associations, co-operative groups and other organizations which are beneficial to the development of small-scale industries
- Assist in offering business and trading advisory information services
- Facilitate the promotion of tourism in the Municipality
- Assist to identify, undertake studies and document tourism sites in the Municipality

The Agriculture Development sub-programme seeks to:

- Provide agricultural extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation in the district
- Promote soil and water conservation measures by the appropriate agricultural technology
- Promote agro-forestry development to reduce the incidence of bush fires
- Promote an effective and integrated water management
- Assist in developing early warning systems on diseases and other related animal production issues
- Facilitate and encourage vaccination and immunization of livestock and control of animal diseases
- Encourage crop development through nursery propagation
- Develop, rehabilitate and maintain small scale irrigation schemes
- Promote agro-processing and storage (Reduce post-harvest losses).

The programme will be delivered by 2 staff from the Business Advisory Centre and 25 from the Department of Agriculture.

A total amount of GHC 6,741,984.00 has been allocated to Economic Development programme for Compensation of employees and Goods and Services for the 2025 fiscal year.

SUB-PROGRAMME 4.1 Trade and Industrial Development Budget Sub-Programme Objective

- Expand opportunities for job creation and improve efficiency and competitiveness of Micro, Small and Medium Enterprises.
- Promote sustainable tourism to preserve historical, cultural and natural heritage and attract tourist.

Budget Sub- Programme Description

The sub-programme seeks to improve the competitiveness of micro and small enterprises by facilitating the provision of development programmes and integrated support services. The Business Advisory Centre (BAC) is to facilitate MSEs access to Business development service though assisting entrepreneurs to increase their productivity, generate employment, increase their income levels and contributing significantly towards the socio-economic development of the country. The clients are potential and practising entrepreneurs in growth-oriented sectors in the district. Services delivered seek to promote on-farm and off-farm activities. These would include facilitating access to training and other business development services, provision of advisory, counselling and extension services, provision of business information to potential and existing entrepreneurs and promotion of business associations.

Other service to be delivered under the sub-programme include support to the creation of business opportunities, provide opportunities for MSMEs to participate in all Public-Private Partnerships (PPPs) and local content arrangements.

The unit that will deliver this sub-programme is the Business Advisory (BAC) with support from the planning unit. The BAC unit has 4 Officers comprising of a Business Development Officer and three (3) supporting staff and the planning unit has 6 officers. The table below lists the main Operations and projects to be undertaken by the subprogramme

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at Sept.	2025	2026	2027	2028
Improved market infrastructure	No. of market stores constructed or Rehabilitated	10 unit	10 unit	30-unit	12-unit	12-unit	12-unit
Women groups supported to enhance their businesses	No. of Groups supported with working tools	10	25	30	35	40	50

	Construction of 2-Storey 20Unit. lockable market stores

SUB-PROGRAMME 4.2 Agricultural Services and Management Budget Sub-Programme Objective

• To modernize agriculture for food security, employment and poverty reduction.

Budget Sub- Programme Description

The Agricultural Development sub-programme seeks to promote thriving agriculture through research and provision of efficient extension services to farmers, marketers and SMEs. Major services to be carried out under this sub-programme include

- Demonstrations and research to increase yields of crops and animals and persuade farmers to adopt technologies
- Introduction of income generation livelihoods
- Promote efficient marketing and adding value to produce
- Proper management of the environment through soil and water conservation, minimizing bush fire, climate change hazards
- Improve effectiveness and efficiency of technology delivery to farmers and
- Networking and strengthening leakages between the department and other development partners.

The Municipal Department of Agriculture will be responsible for the delivery of this sub – programme. The department has 5 units consisting of the following,

- Extension unit which is in charge of extension of Agricultural Technologies and Information to the farmers and ensuring that these technologies are adopted.
- Women in Agriculture Development (WIAD) unit responsible for mainstreaming gender issues in agriculture.
- Crop Unit ensures that good agricultural practices in relation to crop production are adopted and to minimize post-harvest loses.
- Animal production and Health Unit ensures that animal husbandry practices and health is well taken care of.

 Agriculture engineering Unit - responsible for management and proper utilization of agricultural equipment and infrastructure (i.e. dug-outs, warehouses, irrigation facilities etc.).

The Department consist of 25 officers.

In delivering the sub-programme, funds would be sourced from GOG, IGF, DACF, MAG and GPSNP. Community members, development partners and departments are the beneficiaries of this sub – programme.

Key challenges include:

- Inadequate Agricultural Mechanization Machinery (eg. Tractors, Harvesters & Planters)
- Low adaptation rate of improved technology in Agriculture
- Late release of funds for implementation of programmes

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- To enhance the capacity of society to prevent and manage disasters
- To improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilization and climate change mitigation measures.

Budget Programme Description

This budget programme seeks to promote disaster risk reduction and climate change risk management. It is also to strengthen Disaster Prevention and Response mechanisms of the Municipal Assembly. The programme is delivered through public campaigns and sensitisations, assisting in post-emergency rehabilitation and reconstruction of efforts, provision of first line response in times of disaster and, formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department of NADMO is responsible for executing the sub-programme. The larger public at the community levels are the beneficiaries of this sub-programme.

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources. The programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity.

Funds will be sourced from IGF, DACF and Central Government supports as well as other donors. Challenges which confronts the delivery of this budget programme are inadequate funding, unattractive conditions of service

A total amount of GHC 191,000.00 has been allocated to the Environmental Management Programme for the 2025 fiscal year.

SUB-PROGRAMME 5.1 Disaster Prevention and Management

Budget Sub-Programme Objective

- Reduce Vulnerability to Climate Related Events and Disasters
- To enhance the capacity of society to prevent and manage disasters

Budget Sub- Programme Description

The sub-programme seeks to promote disaster risk reduction and climate change adaptation and management. It is also to strengthen Disaster Prevention and Respond mechanisms of the District. The sub-programme is delivered through public campaigns and sensitisations; assisting in post-emergency rehabilitation and reconstruction of efforts; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department is responsible for executing the sub-programme. The larger public at the community levels are the beneficiaries of this sub-programme.

Funds will be sourced from IGF, DACF and other donor support such as the GPSNP. Challenges which confronts the delivery of this sub-programme are late release of funds and felling down of trees for commercial farming. Also settling along water ways is also a challenge.

Main Outputs	Output Indicators	Past	Years		Proje	ctions	
		2023	2024 as at Sept.	2025	2026	2027	2028

SUB-PROGRAMME 5.2 Natural Resources Conservation and Management Budget Sub-Programme Objective

- To implement existing laws and regulations and programmes on natural resources utilization and environmental protection.
- Increase environmental protection through afforestation

Budget Sub- Programme Description

The Natural Resource Conservation and Management refers to the management of natural resources such as land, water, soil, plants and animals, with a particular focus on how management affects the quality of life for both present and future generations.

Natural Resource Conservation and Management seek to protect, rehabilitate and sustainably manage the land, forest and wildlife resources through collaborative management and increased incomes of rural communities who own these resources.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Forestry Section and Game Life Section under the Forestry Commission.

The funding for the sub-programme is from Central Government transfers. The subprogramme would be beneficial to the entire residents in the District. Some challenges facing the sub-programme include untimely releases of funds and inadequate logistics for public education and sensitization and felling down of trees for commercial farming and other industrial purposes.

The table below indicates the main outputs, its indicators and projections by which the Assembly measures the performance of this sub-programme.

Table 37: Budget Sub-Programme Results Statement
