#### PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

#### Establishment of the District

The Pusiga District was established in 2012 by Legislative Instrument (LI 2145) and duly inaugurated on Thursday, June 28th, 2012. Its capital is Pusiga.

The district is located in the eastern part of the Upper East Region. It shares boundaries with the Republic of Burkina Faso to the North, the Republic of Togo to the East, Bawku Municipal to the West and the Garu and Tempane Districts to the South.

The district covers a total land area of 488 square kilometres.

#### Population Structure

The population of Pusiga District according to the 2021 Population and Housing Census (PHC), is 80,533 with males constituting about 38,769 (48.14%) and females being 41,764 (51.86%). The district has urban and rural populations of 25,794 and 54,739 respectively.

With an inter-censual growth rate of about 3.1%, the population is expected to grow at 90,993 in 20245. The district has a household population of 13,914 with a household size of 5.7.

#### Vision

To become a highly efficient socio-economic service provider that creates an enabling environment for poverty reduction.

#### Mission

Pusiga District Assembly Exists "To provide goods and services for sustainable development of the people in the district through the mobilization of both human and material resources in a participatory local government structure in an open and transparent environment in partnership with other stakeholders.

#### **Core Functions**

The core functions of the Pusiga District Assembly as conferred under sections 12 and 13 of the Local Governance Act, 2016 (Act 936) and outlined in the Legislative Instrument (LI 2350) of 2017 which established the Assembly are summarized below:

- To exercise political and administrative authority in the district, provide guidance, give direction to, and supervise other administrative authorities in the district;
- To perform deliberative, legislative and executive functions;
- To formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the district;
- To be responsible for the overall development of the district;
- To be responsible, in cooperation with the appropriate national and local security agencies, for the maintenance of security and public safety in the district.
- To be responsible for the development, improvement and management of human settlements and the environment in the district;
- To initiate programmes for the development of basic infrastructure and provide municipal works and services in the district and
- To promote and support productive activity and social development in the district and remove any obstacles to initiative and development.

#### District Economy

This section seeks to look at the factors that contribute to the overall economic development of the district and their contributions towards the general economy of the district. Agriculture and commerce dominate the economic activities in the district with agriculture serving as the primary economic driver, with a significant portion of the population engaged in various agricultural activities. Concurrently, trade and commerce play a vital role in facilitating the exchange of agricultural products and goods, driving economic growth and sustainability.

#### Agriculture

The district economy is mainly agrarian. Agriculture serves as the backbone of the district's economy engaging about 70% of the economically active population. The

landscape is dotted with farms where a wide variety of crops are cultivated. The main crops cultivated here include but not limited to staples like rice, maize and millet. The district has a comparative advantage in the production of soya beans and sesame.

Alongside crop cultivation, livestock farming is often prevalent in the districts. This involves raising cattle, poultry, goats, sheep and other livestock for meat, dairy, and other agricultural products.

Farmers also engage in dry season farming served by a few dams and along river bodies located in different communities in the district.

#### Road Network

Road is the only mode of transport in the district. The road network in the district is largely un-engineered beside the Bawku-Pulmakom highway which is still under construction. This resultant effect is the difficulty in vehicular mobility especially in the rainy season and dusty during the long dry season.

Sometimes most parts of the district are cut-off from the capital during the rainy season. Thus, there is a need for massive improvement in the overall road network in the district.

#### Energy

The provision of affordable and sustainable energy remains a key concern to the district and as such the government. In Pusiga, most communities rely heavily on traditional energy sources, such as firewood and charcoal for cooking for both domestic and commercial purposes. This dependence on biomass fuels has adverse environmental and health impacts, contributing to deforestation and indoor air pollution. Pusiga district has eight (8) active fuel stations, which retail fuel and lubricants.

Electricity coverage in the district stands at about 86%, with efforts being made by the Assembly through the Rural Electrification Project to connect the remaining 14% to the national grid.

#### Health

Ensuring that residents receive adequate medical attention and that health disparities are reduced remains the focus of the assembly in the health sector of the district. Though Pusiga district has seen some level of improvement in health care delivery and infrastructure, the absence of a district hospital as well as the high attrition of health staff especially nurses still continue to be a challenge to health care delivery.

Currently, the district is served by 3 Private Hospitals, 5 Health Centres (1 CHAG), 3 Clinics (2 Private), 72 functional CHPS Compounds and 72 Demarcated CHPS Zones.

The district also has the following category of staff: 1 Medical Doctors (Private), 2 Public Health Nurses, 3 Medical Assistants, 7 Disease Control officers, 3 Nutrition Officer, 4 Health Information Officers, 39 General Nurses, 66 Health Assistant Clinical, 38 Midwives, 35 Community Health Nurses and 2 Dispensary Technician.

The top ten (10) OPD cases seen in the district are uncompleted malaria tested positive, upper respiratory tract infections, acute urinary tract infection, typhoid fever, rheumatism/ other joint pains/ arthritis, anemia, septicemia, hypertension, acute eye infection and diabetes mellitus.

The incidence and prevalence of HIV/AIDS in the district continue to be a cause of concern that needs some interventions. The following statistics explains the situation in the district:

|                                    | 2022 | 2023 | 2024 |
|------------------------------------|------|------|------|
| Number currently on ART drugs      | 84   | 71   | 114  |
| Number newly on ART drugs          | 30   | 26   | 30   |
| Number tested for viral load @12   |      |      |      |
| Months after ART initiation        | 8    | 11   | 19   |
| Number of clients who are pregnant | 14   | 10   | 7    |
| Number of clients who died         | 1    | 0    | 0    |

#### Education

Education continues to be a major priority of the Assembly. The district is divided into six (6) circuits. There are a total number of 156 educational institutions in the district out of which 133 are public and 23 privates. There are 53 Kindergartens (47 public and 6

private), 60 primary schools (48 public and 12 private), 41 Junior High Schools (36 public and 5 private), 1 Senior High School and 1 College of Education.

The district also has 420 trained teachers in public schools representing 99.53% and only 2 untrained teachers representing 0.47%. The district has the following Pupil-Teacher Ratio: Pre-school (175:1), Primary (78:1) and J.H.S (20:1).

High attrition of staff especially teachers remain a challenge to quality education delivery in the district.

#### Market Centres

Trade in the Pusiga district is a diverse and dynamic sector that encompasses cross-border trade, agriculture, artisanal and crafts. It plays a pivotal role in the local economy, providing livelihoods for many residents and contributing to regional and national trade networks. The district is served by three (3) major markets that include Pusiga, Kulungugu and Widana and some other satellite markets.

There exist two (2) financial institutions namely BESSFA Rural Bank and Bawku Teachers Cooperative Union.

Limited access to modern infrastructure, inadequate financial services, and the need for better storage and transportation facilities to reduce post-harvest losses are some challenges facing trade in the Pusiga district.

#### Water and Sanitation

Water and sanitation in the Pusiga district are still areas that require significant attention and investment. Limited access to safe drinking water and proper sanitation facilities, along with the prevalence of waterborne diseases, pose serious health risks to the local population. Many communities often rely on shallow wells, surface water sources, or untreated boreholes which can be contaminated.

Access to proper sanitation facilities, including toilets and handwashing facilities, is often limited in the district. Open defecation remains a common practice, contributing to waterborne diseases and poor hygiene.

The district is served by 2 small Town Water Systems, 147 Boreholes and 10 Dams for various uses. There are also 4 Public Latrines, 83 Institutional Latrines and 9 KVIP.

#### Tourism

Tourism in the Pusiga district is an emerging and potentially promising sector that showcases the region's cultural heritage, natural beauty, and unique experiences although it remains undeveloped.

The district has historical and cultural sites, including the ancient infamous Kwame Nkrumah's Bombing Site at Kulungungu, Naa Gbewaa shrine at Pusiga, and a crocodile pond at Yariga. These sites offer opportunities for historical exploration and learning.

The district hosts some traditional festivals and celebrations during the year. These festivals, such as the Samanpiid and Zekula festivals, showcase vibrant dances, music, and ceremonies, providing visitors with a chance to immerse themselves in the local culture.

Despite its tourism potential, Pusiga faces challenges in infrastructure development, marketing, and attracting tourists. Improved roads, accommodations, and marketing efforts are needed to draw more visitors to the district.

It is our fervent belief that developing these sites would serve as a considerable potential for tourism to contribute to the economic development of the district and enhance the livelihoods of its residents.

#### Key Issues/Challenges

Pusiga district faces a multitude of key issues and challenges that impact the quality of life and development opportunities for its residents. Some of the prominent challenges and issues in the district include:

#### Agriculture

- High post-harvest losses
- Poor road network
- Inadequate market infrastructure
- Lack of mechanization services
- High cost of agro-input
- Inadequate Agriculture Extension Agents (AEAs)

#### Education

- Absence of special schools, Technical/Vocational Education and Training institutions
- Inadequate education infrastructure (classroom and furniture)
- High incidence of school drop-out
- Inadequate residential accommodation for staff
- High attrition rate of teachers
- Lack of accommodation for staff of Pusiga SHS

#### Health

- Inadequate health infrastructure
- Lack of district hospital
- High incidence of diseases malaria and diarrhea
- Inadequate staff accommodation
- High attrition of nurses

#### **Environment and Security**

- High incidence of cross border crimes
- Plastic waste disposal
- Deforestation

#### Key Achievements in 2023

While significant achievements have been made over the years, Pusiga district still faces challenges and continues to work towards sustained progress. These achievements often result from the collaborative efforts of government agencies, non-governmental organizations, and local communities, demonstrating the potential for rural development and improvement in the quality of life for residents. Some of the key achievements include:

Table 1: 2023 Key Achievements

| Sn | Project Name/Details  | Location                      | Level/Status    |
|----|---|-------------------------------|-----------------|

#### **PICTURES OF KEY ACHIEVEMENTS**

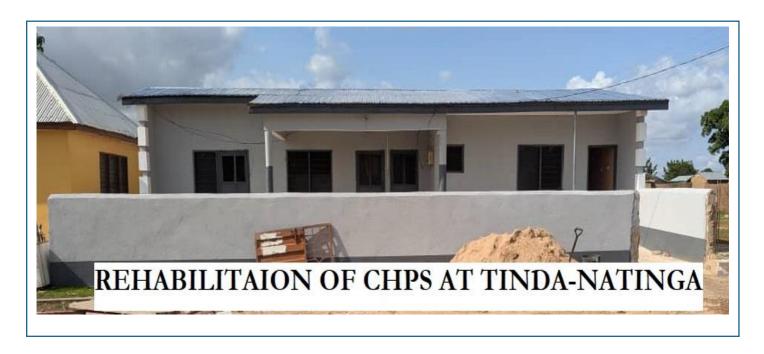

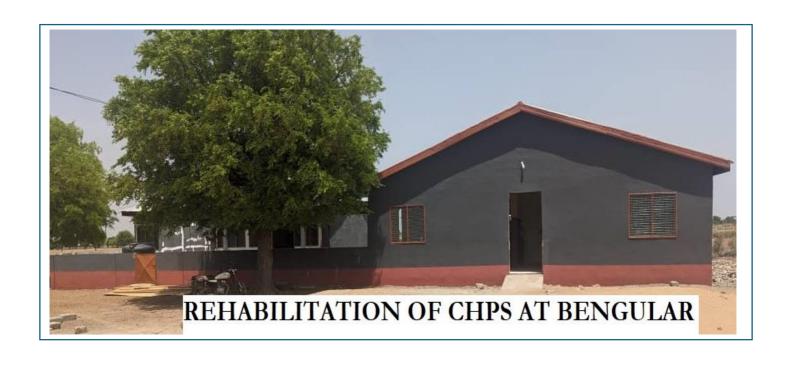

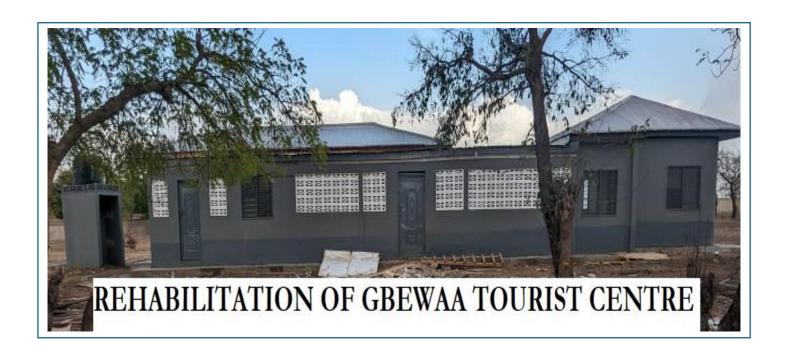

#### Revenue and Expenditure Performance

The revenue and expenditure performance of Pusiga district unlike any other districts in the country is a critical aspect of local governance and development. Pusiga generates revenue from various sources, including Internally Generated Fund-IGF (property rates, business operating permits, market tolls, and other local taxes). Additionally, the district receives transfers from the central government including the District Assemblies Common Fund (DACF), District Assemblies Common Fund Responsive Factor (DACF-RFG), and UNICEF among others which constitute a significant portion of the revenue. Out of a total budgetary allocation of GH¢ 27,896,104.00 to the Assembly from all revenue sources for the year 2024, only GH¢ 11,074,692.80 was realized as at September 2024 representing 40%. The general global economic issues continue to impact negatively on revenue mobilization resulting in delay and inadequate release of funds from the central government.

similarly, IGF trend does not looks promising. From a total budget of GH¢ 360,000.00, only GH¢ 238,150.93 was realized representing 66%. This could have been better had it not been the continued insurgency in the neighboring countries and the spillover effect of the renewed conflict in the neighboring Bawku Municipality. The tables below show the trend for the past three years.

Table 1: Revenue Performance - IGF Only

|  | 0.00                       | 0.00       | 0.00                           | 0.00         | 0.00       | 0.00       | ,                     |

# Adopted Medium Term National Development Policy Framework (MTNDPF) Policy Objectives

This section discusses the Medium-Term Policy Objectives relevant to the Assembly's operations (Projects and programmes) within the MTNDPF. These objectives are also linked to the Sustainable Development Goals (SDGs) and have been identified as follows.

- Enhance inclusive and equitable access to, and participation in quality education at all levels
- Ensure affordable, equitable, easily accessible, and Universal Health Coverage (UHC)
- · Improve production efficiency and yield
- Enhance access to improved and reliable environmental sanitation services
- Ensure effective child protection and family welfare system
- Empower women and mainstream gender into socioeconomic development

# Policy Outcome Indicators and Targets

environmental, or health conditions influenced by the policy. help in measuring the extent to which the policy's intended objectives are being achieved. Outcome indicators focus on the Policy Outcome Indicators are specific metrics used to assess the effectiveness and impact of a policy. These indicators results of policy interventions rather than the actions taken. They typically reflect changes in social, economic,

#### **Revenue Mobilization Strategies**

Effective revenue mobilization in Pusiga district is a multifaceted endeavor that requires a tailored approach to suit the district's unique characteristics. Challenges such as limited revenue sources, limited access to technology, lower income levels and the prevalence of subsistence agriculture can be susceptible to seasonal fluctuations and external factors. The success of such strategies contributes to the sustainable development and improved living standards of rural communities.

The following summarizes the strategies expected to be implemented within the year 2024 to ensure that the Assembly maximizes its revenue collection:

Table 5: Revenue Improvement Action Plan

|  |   |   |   | LICENSES  |            | Rev<br>It                |

# PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

A budget program and sub-program are fundamental components of the budgeting process used by governments and organizations to allocate financial resources efficiently and achieve specific objectives. Budget programs and sub-programs are integral to the budgeting process, providing a structured framework for allocating financial resources and achieving specific organizational goals. While budget programs represent high-level functional areas, sub-programs offer detailed breakdowns of specific projects and programmes, ensuring that funds are managed and spent effectively to meet the district's objectives.

#### PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

#### **Budget Programme Objectives**

- To provide support services, effective and efficient general administration and organization of the District Assembly;
- To insure sound financial management of the Assembly's resources;
- To coordinate the development planning and budgeting functions of the Assembly

#### **Budget Programme Description**

The program seeks to perform the core functions of ensuring good governance and balanced development of the district through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance.

The Program is being implemented and delivered through the offices of the Central Administration and Finance Departments. The various units involved in the delivery of the program include; General Administration Unit, Budget Unit, Planning Unit, Accounts Office, Procurement Unit, Internal Audit and Records Unit.

A total staff strength of thirty (41) is involved in the delivery of the programme. They include Administrators, Budget Analysts, Accountants, Planning Officers, Revenue Officers, and other support staff (i.e., Executive officers, drivers, security officers,

cleaners, etc.). The Program is being funded through the Assembly's Composite Budget with Internally Generated Fund (IGF) and Government of Ghana transfer such as the District Assemblies' Common Fund (DACF) and District Assemblies' Common Fund Responsive Factor Grant (DACF-RFG).

#### **SUB-PROGRAMME 1.1 General Administration**

#### **Budget Sub-Programme Objective**

- To provide administrative support and ensure effective coordination of the activities of the various departments and quasi-institutions under the District Assembly;
- To ensure the effective functioning of all the sub-structures to deepen the decentralization process and
- To ensure the mobilization of all available revenues for effective service delivery.

#### **Budget Sub- Programme Description**

The General Administration sub-programme serves as the backbone of any organization or government agency. Its primary objective is to ensure the efficient and effective functioning of the entire entity by providing essential administrative support, coordination, and oversight.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi-institution, and traditional authorities and also mandated to carry out regular maintenance of the Assembly's properties. In addition, the District Security Committee (DISEC) is mandated to initiate and implement programmes and strategies to improve public security in the district.

The Internal Audit Unit is authorized to spearhead the implementation of internal audit control procedures and processes to manage audit risks, detection and prevention of misstatement of facts that could lead to fraud, waste and abuse to the Assembly.

Under the sub-programme, the procurement processes of Goods and Services and Assets for the Assembly and the duty of ensuring inventory and stores management is led by the Procurement/Stores Unit.

The number of staff delivering the sub-programme is twenty-four (24) with funding from GoG transfers (DACF, DACF-RFG, etc.) and the Assembly's Internally Generated Fund (IGF). Beneficiaries of this sub-program are the departments, Regional Coordinating Council, quasi-institutions, traditional authorities, non-governmental organizations, civil society organizations and the general public.

| Standardized Operations   | Standardized Projects |
|---|-----------------------|
| Internal Management of Organization (Utility bills, Maintenance/Servicing of Official Vehicle, Fuel and Lubricants, etc.) |                       |
| Procurement of Office Supplies and Consumables (Printed materials and stationery, cleaning materials, etc.)               |                       |
| Administrative and Technical Meetings (General Assembly and other statutory meetings)                                     |                       |
| Citizens Participation in Local Governance (popular participation forums, implementation of NACAP activities, etc.)       |                       |

#### **SUB-PROGRAMME 1.2 Finance and Audit**

#### **Budget Sub-Programme Objective**

- To insure sound financial management of the Assembly's resources;
- To ensure timely disbursement of funds and submission of financial reports; and
- To ensure the mobilization of all available revenues for effective service delivery.

#### **Budget Sub- Programme Description**

The Finance and Audit sub-programme serves as the financial steward of the organization, overseeing monetary matters and guaranteeing accountability in resource utilization. Its primary focus is on maintaining sound financial health, adhering to financial regulations, and providing comprehensive auditing to ensure compliance as contained in the Public Financial Management Act, 2016 (Act 921) and Public Financial Management Regulations, 2019 (L.I. 2378).

The sub-programme operations and major services delivered include: undertaking revenue mobilization activities; keep, render and publish statements on Public Accounts; keep receipts and custody of all public and trust monies payable into the Assembly's Fund; and facilitates the disbursement of legitimate and authorized funds.

The sub-programme is manned by ten (10) officers comprising of Accountants, Revenue Officers and Commission collectors and Internal Auditors with funding from GoG transfers and Internally Generated Fund (IGF).

The beneficiaries of this sub- program are the departments, allied institutions and the general public.

This sub-programme in delivering its objectives is confronted by inadequate office space for accounts staff, inadequate comprehensive data on ratable items, limited revenue sources, limited access to technology, lower income levels and unwillingness of rate payers to honor their obligations due to inadequate logistics for public sensitization and revenue mobilization.

**Table 7: Budget Sub-Programme Results Statement** 

| Main Outputs  | Output<br>Indicators                                      | Past Years |                         | Projections |      |      |      |

| Standardized Operations   | Standardized Projects |
|---|-----------------------|
| Treasury and accounting activities (Procurement of value books, Provision for bank charges, Implementation of RIAP, Training of revenue collectors, etc.) |                       |
| Internal audit operations (Audit committee meetings, workshop/ seminars, preparation of audit work plan etc)  |                       |

## **SUB-PROGRAMME 1.3 Human Resource Management Budget Sub-Programme Objective**

- To achieve institutional performance goals that are linked to the individual and team performance objectives, as the basis for measuring performance results and merit;
- To provide Human Resource Planning and Development of the Assembly; and
- To develop capacity of staff to deliver quality services.

#### **Budget Sub- Programme Description**

The Human Resource (HR) sub-programme is instrumental in overseeing the organization's most valuable asset—its people. This sub-programme is designed to attract, retain, develop, and engage a talented and diverse workforce.

In carrying out this sub-programme it is expected that productivity would be enhanced at the Assembly as well as decision making in the management of Human Resource.

Major services and operations delivered by the sub-programme include human resource auditing, performance management, service delivery improvement, upgrading and promotion of staff. It also includes Human Resource Management Information System which ensures frequent update of staff records through electronic means, guaranteeing efficient and good salary administration, facilitation of recruitment and selection as well as postings of competent staff to fill available vacancies at the district.

Under this, only one (1) staff will carry out the implementation of the sub-programme with main funding from GoG transfer and Internally Generated Fund. The work of the human resource management is challenged with inadequate staffing levels, inadequate office space and logistics. The sub-programme would be beneficial to staff of the Departments of the Assembly, Local Government Service Secretariat and the general public.

**Table 9: Budget Sub-Programme Results Statement**

# **SUB-PROGRAMME 1.4 Planning, Coordination and Statistics Budget Sub-Programme Objective**

 To facilitate, formulate and co-ordinate the development, planning and budget management functions as well as the monitoring and evaluation systems of the Assembly

#### **Budget Sub- Programme Description**

The "Planning and Budgeting" sub-programme within an organization's budget is central to the strategic management of financial resources. It involves the development, coordination, and oversight of the organization's overall planning and budgeting processes. It serves as the backbone for effective financial management within an organization. It plays a pivotal role in aligning financial resources with strategic goals, ensuring fiscal responsibility, and facilitating transparent decision-making. The two (2) main unit for the delivery is the Planning and Budget Unit.

The main sub-program operations include; preparing and reviewing District Medium Term Development Plans, M& E Plans, and Annual Budgets, managing the budget approved by the General Assembly and ensuring that each program/project uses the budget resources allocated in accordance with their mandate, co-ordinate and develop annual action plans, monitor and evaluate programmes and projects, periodic monitoring and evaluation of entire operations and projects of the Assembly to ensure compliance of rules, value for money and enhance performance and organizing stakeholder meetings, public fora and town hall meetings.

Six (6) officers are responsible for delivering the sub-programme comprising of 3 Budget Analysts and 4 Planning Officers. The main funding source of this sub-programme is GoG transfer and the Assembly Internally Generated Funds. Beneficiaries of this sub- program are the departments, allied institutions and the general public.

Challenges hindering the efforts of this sub-programme include inadequate office space for Budget and Planning officers, inadequate data on ratable items and inadequate logistics for public education and sensitization.

#### **SUB-PROGRAMME 1.5 Legislative Oversights**

#### **Budget Sub-Programme Objective**

 To ensure full implementation of the political, administrative and fiscal decentralization reforms

#### **Budget Sub- Programme Description**

The Legislative Oversight sub-programme serves as an independent body tasked with scrutinizing and evaluating financial matters within the organization. Its primary purpose is to ensure that financial resources are utilized efficiently, effectively, and in alignment with established laws and regulations.

This sub-programme formulates appropriate specific district policies and implement them in the context of national policies. These policies are deliberated upon by its Zonal/Town/Area Councils, Sub-Committees and the Executive Committee. The report of the Executive Committee is eventually considered, approved and passed by the General Assembly into lawful district policies and objectives for the growth and development of the district.

The office of the Honourable Presiding Member spearheads the work of the Legislative Oversight role and ably assisted by the Office of the District Coordinating Director. The main unit of this sub-programme is the Zonal/Area Councils, Office of the Presiding Member and the Office of the District Coordinating Director.

The activities of this sub-programme are financed through the IGF and DACF. The beneficiaries of this sub-programme are the Town/Area Councils, local communities and the general public.

Efforts of this sub-programme are however constrained and challenged by the inadequate logistics to the Zonal/Town/Area Councils of the Assembly.

#### PROGRAMME 2: SOCIAL SERVICES DELIVERY

#### **Budget Programme Objectives**

- To formulate and implement policies on Education in the District within the framework of National Policies and guidelines;
- To formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health; and
- To accelerate the provision of improved environmental

#### **Budget Programme Description**

The Social Services budget programme is dedicated to addressing the social needs of the population by allocating financial resources to programs and initiatives that enhance the overall quality of life and promote social well-being. This programme is guided by a commitment to inclusivity, equity, and responsiveness to the diverse needs of communities.

The Social Service Delivery program seeks to harmonize the activities and functions of the following agencies; Ghana Education Service, Youth Employment Authority and Youth Authority operating at the district level.

To improve Health and Environmental Sanitation Services, the programs aim at providing facilities, infrastructural services and programmes for effective and efficient waste management for the environmental sanitation, the protection of the environment and the promotion of public health.

The programme also intends to make provision for community care services including social welfare services and street children, child survival, protection and development.

The Birth and Death Registry seeks to provide accurate, reliable and timely information of all births and deaths occurring within the district for socio-economic development through their registration and certification.

The various organization units involved in the delivery of the program include; Ghana Education Service, District Health Services, Environmental Health Unit, Social Welfare & Community Development Department and Birth & Death Registry.

The funding sources for the programme include GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the program include urban and rural dwellers in the district. Total staff strength of fifty-two (52) from the Social Welfare & Community Development Department and Environmental Health Unit with support from staff of the Ghana Education Service, Ghana Health Service who are schedule 2 departments are delivering this programme.

# **SUB-PROGRAMME 2.1 Education, Youth and Sports Services Budget Sub-Programme Objective**

- To formulate and implement policies on Education in the District within the framework of National Policies and guidelines;
- Increase access to education through school improvement; and
- To improve the quality of teaching and learning in the district.

#### **Budget Sub- Programme Description**

The Education, Youth, and Sports Services budget programme is dedicated to promoting learning, empowering young individuals, and enhancing sports and recreational opportunities. It plays a crucial role in shaping a well-rounded and skilled population.

Key sub-programme operations include; advising the District Assembly on matters relating to pre-school, primary, Junior High Schools in the district and other matters that may be referred to it by the District Assembly, facilitate the supervision of pre-school, primary and Junior High Schools in the District, co-ordinate the organization and supervision of training programmes for youth in the district to develop leadership qualities, personal initiatives, patriotism and community spirit, advise on the provision and management of public libraries and library services in the district in consultation with the Ghana Library Board and advise the Assembly on all matters relating to sports development in the District.

Organizational units delivering the sub-programme include the Ghana Education Service, District Youth Authority, Youth Employment Agency (YEA) and Non-Formal Department with funding from the GoG and Assembly's Internally Generated Funds.

Major challenges hindering the success of this sub-programme includes inadequate staffing level, delay and untimely release of funds, inadequate office space and logistics. Beneficiaries of the sub-programme are urban and rural dwellers in the district.

# **SUB-PROGRAMME 2.2 Public Health Services and Management Budget Sub-Programme Objective**

The main objective of this sub-programme is;

- To formulate, plan and implement district health policies within the framework of national health policies and guidelines provided by the Minister of Health; and
- To improve access to health services in the district.

#### **Budget Sub- Programme Description**

The Public Health Services and Management budget programme is dedicated to ensuring the health and well-being of the community through strategic allocation of financial resources. It involves a comprehensive approach that includes preventive measures, healthcare delivery, and efficient management of public health systems.

Public Health aims at delivering public, family and child health services directed at preventing diseases and promoting the health of all people living in the district. It also seeks to coordinate the works of health centers or posts or community-based health workers and facilitates collection and analysis of data on health. In addition, emphasis will be placed on supporting high-risk groups to prevent the spread of HIV/AIDS, TB and Malaria among others.

The sub-programme operations include; aadvising the Assembly on all matters relating to health including diseases control and prevention, undertaking health education and family immunization and nutrition programmes, preventing new transmission, including awareness creation, direct service delivery and supporting high risk groups, providing support for People Living with HIV/AIDS (PLWHA) and their families.

The sub-programme will be delivered through the offices of the District Health Directorate. Funding for the delivery of this sub-programme would come from GoG transfers, Donor Support and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate staffing levels resulting

from high attrition rate, inadequate office space, inadequate equipment and logistics to health facilities.

# **SUB-PROGRAMME 2.3 Social Welfare and Community Development Budget Sub-Programme Objective**

The objective of the sub-programme is to assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

#### **Budget Sub- Programme Description**

The Social Welfare and Community Development budget programme is designed to allocate financial resources strategically to uplift individuals and communities, ensuring inclusivity, social justice, and empowerment. This comprehensive programme encompasses a range of initiatives to address social issues, provide assistance to vulnerable populations, and promote sustainable community development.

Community Development is also tasked with the responsibility of promoting social and economic growth in the rural communities through popular participation and initiatives of community members in activities of poverty alleviation, employment creation and illiteracy eradication among the adult and youth population in the rural and urban poor areas in the district.

Major services to be delivered include; facilitating community-based rehabilitation of persons with disabilities, assist and facilitate provision of community care services including registration of persons with disabilities, assistance to the aged, personal social welfare services, and assistance to street children, child survival and development, socio-economic and emotional stability in families and assist to organize community development programmes to improve and enrich rural life through literacy and adult education classes, voluntary contribution and communal labour for the provision of facilities and services such as water, schools, library, community centres and public places of convenience.

This sub-programme is undertaken with a total staff strength of six (6) with funds from GoG transfers (PWD Fund), DACF and Assembly's Internally Generated Funds. Challenges facing this sub-programme include untimely release of funds, inadequate office space and staff and logistics for public education.

**Table 19: Budget Sub-Programme Results Statement**

# **SUB-PROGRAMME 2.4 Birth and Death Registration Services Budget Sub-Programme Objective**

The objective of this sub-programme is to attain universal births and deaths registration in the district.

#### **Budget Sub- Programme Description**

The Birth and Death Registration Services budget sub-programme is designed to establish, maintain, and enhance a comprehensive system for registering births and deaths. This programme plays a crucial role in providing legal documentation, supporting public health planning, and contributing to demographic data analysis.

The sub-programme operations include; legalization of registered Births and Deaths, storage and management of births and deaths records/register, issuance of Certified Copies of Entries in the Registers of Birth and Deaths upon request, preparation of documents for exportation of the remains of deceased persons, processing of documents for the exhumation and reburial of the remains of persons already buried and verification and authentication of births and deaths certificates for institutions.

The sub programme is delivered by staffs of the mother District Birth and Death Registry who has oversight responsibilities with funds from GoG transfers. The sub-programmes will be beneficial to the entire citizenry in the district. Challenges facing this sub-programme include inadequate staffing levels, inadequate logistics and untimely release of funds.

# **SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services Budget Sub-Programme Objective**

• To promote effective and efficient public and environmental health in the district

#### **Budget Sub- Programme Description**

The Environmental Health and Sanitation Services sub-programme is designed to allocate financial resources strategically to mitigate environmental health risks, promote hygiene practices, and enhance sanitation infrastructure. It plays a crucial role in preventing the spread of diseases related to poor environmental conditions and ensuring the well-being of communities.

It also aims at empowering individuals and communities to analyse their sanitation conditions and take collective action to change their environmental sanitation situation. The sub-programme operations include;

Supervise and control slaughter houses and pounds and all such matters and things as may be necessary for the convenient use of such slaughter houses, advice and encourage the keeping of animals in the district including horses, cattle, sheep and goats, domestic pets and poultry and undertake monthly clean-up exercises.

The sub-programme will be delivered through the offices of the District Health Directorate and the Environmental Health Unit with a total staff strength of sixteen (16). Funding for the delivery of this sub-programme would come from GoG transfers, Donor Support and Internally Generated Funds. The beneficiaries of the sub-program are the various health facilities and entire citizenry in the district.

Challenges militating against the success of this sub-programme include delay and untimely release of funds from central government, inadequate staffing levels, inadequate office space, inadequate equipment and logistics to health facilities

| Liquid waste management (Dislodgement of Public Toilets)  |  |
| Solid waste management (Evacuation of refuse dumpsite (Communal containers) 528 times)  |  |

#### PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

#### **Budget Programme Objectives**

The Infrastructure Delivery and Management budget programme is designed to strategically allocate financial resources for the planning, development, and maintenance of public infrastructure. This encompasses a wide range of essential assets, including transportation networks, utilities, public buildings, and other critical facilities. The programme aims to enhance the overall quality of life, promote economic growth, and ensure the long-term sustainability of infrastructure investments.

#### **Budget Programme Description**

The two main organization tasked with the responsibility of delivering the program are Physical Planning and Works Departments.

The Spatial Planning sub-programme seeks to advise the District Assembly on national policies on physical planning, land use and development. It basically focuses on human settlement development and ensuring that human activities within the district are undertaken in a more planned, orderly and spatially organized manner.

The Department of Works of the District Assembly is a merger of the former Public Works Department, Department of Feeder Roads and Water and Sanitation Unit of the Assembly and responsible to assist the Assembly to formulate policies on works within the framework of national policies.

The programme is manned by four (4) officers with three (2) each in works and physical department. The programme is implemented with funding from GoG transfers and Internally Generated Funds from of the Assembly. The beneficiaries of the program are the entire citizenry in the district.

# **SUB-PROGRAMME 3.1 Physical and Spatial Planning Development Budget Sub-Programme Objective**

 To plan, manage and promote harmonious, sustainable and cost-effective development of human settlements in accordance with sound environmental and planning principles.

#### **Budget Sub- Programme Description**

The Physical and Spatial Planning budget sub-programme is designed to facilitate wellorganized and sustainable development by strategically managing land use, infrastructure, and the overall spatial layout of communities. This involves comprehensive planning processes that consider environmental, economic, and social factors to create livable and resilient spaces.

The sub-programme is delivered through the Department of Physical Planning and tasked to manage the activities of the former departments of Town and Country Planning and the Parks and Gardens.

Major services delivered by the sub-program include the preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the District, advise on setting out approved plans for future development of land at the district level, assist to provide the layout for buildings for improved housing layout and settlement, advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly and undertake street naming, numbering of house and related issues.

This sub-programme is funded from the Central Government transfers which go to the benefit of the entire citizenry in the district. The sub-programme is manned by two staff and are faced with the operational challenges which include inadequate staffing levels, inadequate office space and untimely releases of funds.

GPS Machine) |
| Street naming and property addressing system (Develop data base for Street Naming and addressing system)  |  |

## SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management Budget Sub-Programme Objective

- To implement development programmes to enhance rural transport through improved feeder and farm to market road network;
- To improve service delivery to ensure quality of life in rural areas; and
- To accelerate the provision of affordable and safe water.

#### **Budget Sub- Programme Description**

The Public Works, Rural Housing, and Water Management budget sub-programme are designed to enhance the quality of life in rural areas by investing in critical infrastructure, housing, and water resource management. This comprehensive approach addresses the unique challenges faced by rural communities and contributes to their overall development.

The department of Works comprising of former Public Works, Feeder Roads, and Rural Housing Department is delivering the sub-programme. The sub-programme operations include facilitating the implementation of policies on works and report to the Assembly, assisting to prepare tender documents for all civil works projects to be undertaken by the Assembly through contracts or community initiated projects, facilitating the construction, repair and maintenance of public buildings, roads including feeder roads and drains along any streets in the major settlements in the District and provide technical and engineering assistance on works undertaken by the Assembly.

This sub-programme is funded from the Central Government transfers and Assembly's Internally Generated Funds which goes to the benefit of the entire citizenry in the district. The sub-programme is managed by five staff. Key challenges encountered in delivering this sub-programme include inadequate staffing levels, inadequate office space and untimely releases of funds.

| Drilling and mechanization of 4no. Boreholes   |

#### PROGRAMME 4: ECONOMIC DEVELOPMENT

#### **Budget Programme Objectives**

- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation; and
- To facilitate the implementation of policies on trade, industry and tourism in the district.

#### **Budget Programme Description**

The Economic Management budget programme is designed to facilitate the formulation and implementation of policies and strategies that contribute to the overall economic well-being of a nation or organization. It encompasses a range of activities aimed at promoting economic growth, ensuring fiscal responsibility, and enhancing the resilience of the economy.

The Program is being delivered through the offices of the departments of Agriculture, Business Advisory Centre and Co-operatives.

The program is implemented with the total support of all staff of the agriculture department and the Business Advisory Center. Total staff strength of twelve (12) are involved in the delivery of the programme. The Program is being funded through the Government of Ghana transfers with support from the Assembly's Internally Generated Fund and other donor support funds.

## SUB-PROGRAMME 4.1 Trade and Industrial Development Budget Sub-Programme Objective

 To facilitate the implementation of policies on trade, industry and tourism in the district.

#### **Budget Sub- Programme Description**

The Tourism and Industrial Development budget sub-programme is designed to foster economic diversification, create job opportunities, and attract investments by strategically developing the tourism and industrial sectors. This involves a combination of initiatives to improve infrastructure, support marketing efforts, and implement policies that create an enabling environment for sustainable growth.

It also takes actions to reduce poverty by providing training in technical and business skills, assisting in the access of low-income people to capital and bank services and assisting the creation of new jobs. The sub-programme again seeks to improve on existing SMEs through financial assistance and managerial skill training as well as helping identify new avenues for jobs, value addition, access to market and adoption of new and improved technologies.

The main sub-programme operations include, advising on the provision of credit for micro, small-scale and medium scale enterprises, assisting to design, develop and implement a plan of action to meet the needs and expectations of organized groups, assisting in the establishment and management of rural and small-scale industries on commercial basis, promoting the formation of associations, co-operative groups and other organizations which are beneficial to the development of small-scale industries, offering business and trading advisory information services and facilitating the promotion of tourism in the District.

Officers of the Business Advisory Centre and Co-operatives are tasked with the responsibility of managing this sub-programme with funding from GoG transfers and donor support which would inure to the benefit of the unemployed youth, SME's and the general public. The service delivery efforts of the department are constrained and challenged by inadequate office equipment, low interest in technical apprenticeship, transport difficulty and inadequate funding among others.

**Table 31: Budget Sub-Programme Results Statement**

# **SUB-PROGRAMME 4.2 Agricultural Services and Management Budget Sub-Programme Objective**

- To assist in the formulation and implementation of agricultural policy for the District Assembly within the framework of national policies; and
- To provide extension services in the areas of natural resources management, and rural infrastructural and small-scale irrigation in the district.

#### **Budget Sub- Programme Description**

A budget sub-programme description for Agricultural Services and Management would typically outline the financial allocation and specific activities associated with this area within the broader agricultural program. The sub-programme is designed to enhance the agricultural sector's efficiency, productivity, and sustainability through targeted services and strategic management initiatives. The primary goal is to empower farmers with the knowledge, technology, and resources needed to optimize their agricultural practices and improve overall farm management.

The sub-programme operations include, promoting extension services to farmers, assisting and participating in on-farm adaptive research, lead the collection of data for analysis on cost effective farming enterprises, advising and encouraging crop development through nursery propagation and assisting in the development, rehabilitation and maintenance of small-scale irrigation schemes.

The sub-programme is undertaken by nine (9) officers with funding from the GoG transfers and Assembly's support from the Internally Generated Fund. It aims at benefiting the general public especially the rural farmers and dwellers.

Key challenges include inadequate staffing levels, inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

**Table 33: Budget Sub-Programme Results Statement** 

| Main Outputs   | Output<br>Indicators                                     | Past Years |                         | Projections |         |         |         |

|   | Rehabilitation of small earth dam at Kolnaba   |
|   | Rehabilitation of 10 Ha degraded communal land using cashew fruit trees including nursery at Bengula                                   |

#### PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

#### **Budget Programme Objectives**

- To ensure that ecosystem services are protected and maintained for future human generations; and
- To manage disasters by coordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

#### **Budget Programme Description**

The Environmental Management program is dedicated to the preservation, conservation, and sustainable use of natural resources. The primary objective is to address environmental challenges, promote biodiversity, and ensure the responsible management of ecosystems for the benefit of present and future generations.

Disaster Prevention and Management programme is also responsible for the management of disasters as well as other emergencies in the district. It seeks to enhance the capacity of society to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in the rural communities through effective disaster management, social mobilization and employment generation.

Staff from NADMO and Forestry and Game Life Section of the Forestry Commission in the District undertake the programme with funding from GoG transfers and Internally Generated Funds of the Assembly. The beneficiaries of the program include urban and rural dwellers in the district.

# **SUB-PROGRAMME 5.1 Disaster Prevention and Management Budget Sub-Programme Objective**

 To manage disasters by coordinating resources and developing the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

#### **Budget Sub- Programme Description**

A budget sub-programme for Disaster Prevention and Management involves allocating resources to specific initiatives aimed at minimizing the impact of disasters and efficiently managing their aftermath. The primary objective of this sub-programme is to enhance community resilience, reduce vulnerabilities, and improve the overall efficiency of disaster prevention and management efforts. By allocating resources strategically, the program aims to minimize the impact of disasters on lives, property, and the environment. The sub-programme is delivered through the department of National Disaster Management Organization (NADMO).

The sub-programme's operations include facilitating the organization of public disaster education campaign programmes to create and sustain awareness of hazards of disaster and emphasize the role of the individual in the prevention of disaster, assist and facilitate education and training of volunteers to fight fires including bush fires or take measures to manage the after effects of natural disasters, prepare and review disaster prevention and management plans to prevent or control disasters arising from floods, bush fires, and human settlement fire, earthquakes and other natural disasters, participate in post disaster assessment to determine the extent of damage and needs of the disaster area, co-ordinate the receiving, management and supervision of the distribution of relief items in the District and facilitate collection, collation and preservation of data on disasters in the District.

The sub-programme is undertaken by officers from the NADMO section with funding from the GoG transfers and Assembly's support from the Internally Generated Fund. The sub-programme goes to the benefit of the entire citizenry within the district.

Some challenges facing the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

**Table 35: Budget Sub-Programme Results Statement** 

| Main Outputs                                      | Output<br>Indicators  | Past Years |                         | Projections |      |      |      |

## **SUB-PROGRAMME 5.2 Natural Resources Conservation and Management Budget Sub-Programme Objective**

- To ensure that ecosystem services are protected and maintained for future human generations.
- To implement existing laws and regulations and programmes on natural resources utilization and environmental protection.
- To ensure that ecosystem services are protected and maintained for future human generations.
- To implement existing laws and regulations and programmes on natural resources utilization and environmental protection.

## **Budget Sub- Programme Description**

The primary objective of this budget sub-programme is to ensure the sustainable conservation and management of natural resources, fostering biodiversity, ecological balance, and responsible utilization. The program seeks to address pressing environmental challenges and promote long-term resilience in the face of climate change, habitat degradation, and resource depletion.

The sub-programme brings together land use planning, water management, biodiversity conservation, and the future sustainability of industries like agriculture, mining, tourism, fisheries and forestry. It also recognises that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role in maintaining this health and productivity. The sub-programme is spearheaded by Forestry Section and Game Life Section under the Forestry Commission.

The funding for the sub-programme is from Central Government transfers. The sub-programme would be beneficial to the entire residents in the district.

Some challenges that confront the implementation of the sub-programme include inadequate office space, untimely releases of funds and inadequate logistics for public education and sensitization.

**Table 37: Budget Sub-Programme Results Statement**
