PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the Municipality

The Nandom Municipal Assembly is one of the eleven [11] Municipal/District Assemblies in the Upper West Region. It was established by a Legislative Instrument (L.I) 2102 and was inaugurated in June 2012. The District was elevated to a Municipal status on 27th January, 2020.

Population Structure

The 2021 National Population and Housing census results put the Municipal's population at 51,328 with a growth rate of 1.9% which is below the national growth rate and an average household size of 4.1. By projection, the municipal currently has a population of about 52,303 which comprises of 26,063 males and 26,240 females.

Vision

An agent that Harnesses its resources to promote shared prosperity

Mission

To provide Public and Private Goods in a democratic, transparent and just society where development outcomes are shared equitably by all.

Goals

The overall goal of Nandom Municipal Assembly is to promote and accelerate shared growth, gender equity, poverty reduction, protection and empowerment of the vulnerable and the excluded within a decentralized and democratic environment

Core Functions

The 1992 Constitution of the Republic of Ghana, in Article 240, tasks local government authorities (MMDAs) to plan, initiate, co-ordinate, manage and execute policies in respect of all matters affecting the people within their area.

In view of that mandate the Local Governance Act 2016, Act 936 defines the functions for MMDAs as follows.

 To exercise political and administrative authority in the municipality, provide guidance, give direction to, and supervise the other administrative authorities in the municipality.

- To perform deliberative, legislative and executive functions
- To be responsible for the overall development of the municipality and shall ensure the preparation of
 - I. development plans of the municipality
 - II. the annual and medium-term budgets of the municipality related to its development plans
- To be responsible for the development, improvement and management of human settlements and the environment in the municipality

District Economy

The private sector is the largest employer in the Municipal accounting for 94.6 percent. Out of this, the private informal constitutes 93.2 percent while the private formal make up 1.4 percent. The proportions of employed females working in the private informal sector are 94.6 percent while that of males are 91.9 percent. This makes the private informal sector the dominant employer of the workforce and employing more women.

Agriculture

Agriculture is the major activity that engages about 85% of Nandom Municipal's 51,328 populations with a growth rate of 1.9%. Out of the 7,417 total households in the Municipal, 85.3 percent are agricultural households while 14.7 percent are non-agricultural households. Agricultural production is centered mainly on crops and livestock production largely at a smallholder (0.4-2 ha) subsistence level with low outputs (Average 1.0-1.5mt/acre for maize). Major Crops are Maize, guinea corn, groundnut and cowpea and livestock include Cattle, pigs, Goat and sheep and guinea fowls

Road Network

Over three quarters of the road length of feeder roads in the Municipal have now been reshaped or worked upon. The Municipal has two (2) major trunk roads, namely, Lawra-Nandom-Hamile road, Nandom-Ko and Lambussie-Nandom road. Lawra-Nandom-Hamile road is tarred whilst the Nandom-Ko and Lambussie-Nandom road is currently under construction.

Health

The Municipal is zoned into 5 Sub-Zones which offer comprehensive Public Health Services. These 5 sub-Zones are served by 4 Health Centers, one Polyclinic and one Hospital. The St. Theresa's hospital is a CHAG institution and serves as the Municipal hospital.

With the inauguration of the CHPs concept to enhance access to health care services, the Municipal has forty-three (43) CHPS compounds in operation. Twenty-one (21) are with structures whilst twenty-two (22) are without structures.

Education

The Nandom Municipal has a total of One Hundred and Forty-Seven public and private schools spanning from Kindergarten to Tertiary. The table below shows the number of schools and the appropriate categorization in the Municipality.

Table1; Number of schools in the Municipality

LEVEL	NUN	NUMBER OF SCHOOLS

SHS	2	2	0

Market Centers

The Municipal has four main markets located in Kuturu (Baseble), Ko, Tuopare and Nandom the Municipal Capital. Two of the markets (Baseble and Tuopare) are in poor condition. Ko market is being constructed by Northern Development Agency. Efforts are therefore required to upgrade the infrastructure at Baseble and Tuopare.

Water and Sanitation

Access to water is relatively high as majority of the population have access to boreholes and mechanized water systems. About 87% of the population has access to water supply for domestic and other uses. This coverage is measured with the standard of one borehole serving a maximum of 300 people in the municipality.

Though the water coverage looks remarkable, much is still expected since people still scramble for water in most communities, especially during the dry season. Some new developed areas have no access to portable water since the settlement pattern is dispersed while other water facilities have become dysfunctional.

The Sanitation situation in the municipality is among the best in the region and the country at large, the municipality attained 100% Open Defecation Free (ODF) in 20...and is making frantic effort to sustain it hence there are less fecal matter related diseases in the municipality.

Hand washing awareness is high and is sustained even after the COVID 19 Pandemic. Although the municipality attained Open Defecation Free Status some three years ago, there is little effort to get the communities sanitized due to inadequate resources for solid and liquid waste management.

Tourism

The most significant tourism potential in the Nandom Municipal is the Kakube Festival. The rich cultural heritage of the people exhibited during this festival has the potential to bring in a lot of foreigners and investors. This can however be achieved if the festival is highly projected and celebrated with support from all stakeholders

Environment

Urbanization is taking over the traditional subsistence agriculture farmlands. The state of climate change in the municipality is quite worrying, as some unscrupulous people continue to cut down cash crop trees like shea and dawadawa to burn charcoal couple with the erratic rainfall pattern in the municipality.

Key Issues/Challenges

The key issues and challenges militating against the Municipal Assembly carrying out its core mandates efficiently and effectively for which the 2025 composite budget seeks to address includes.

- Limited credit facilities to expand and adopt modern farming and SMEs
- ❖ High dependence on seasonal and erratic rainfall coupled with Inadequate irrigation facilities for dry season farming
- Limited access to extension services by farmers
- ❖ Poor entrepreneurial and financial management skills
- Low quality of teaching and learning especially at the basic level
- Inadequate access to quality health services
- Lack of planning schemes
- Low Internally Generated Fund (IGF) base/potentials
- Low Agricultural Productivity.
- Lack of representation of women and girls in decision making and implementation
- Inadequate Health Personnel.
- Inadequate and dilapidated Health Facilities.
- Inadequate access to potable water

PART B: BUDGET PROGRAMME/SUB-PROGRAMME

SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

■ To effectively implement Government policies, Programmes and projects, and

provide appropriate administrative and effective Human Resource support

services to all departments

To mobilize adequate resources and ensure their effective allocation and utilization

■ To ensure effective Planning, Budgeting, Monitoring and Evaluation at the

Municipality level.

Budget Programme Description

The program seeks to perform the core functions of ensuring good governance and

balanced development of the Nandom Municipal through initiating and formulating

policies, planning, budgeting, coordination, monitoring and evaluation in the area of local

governance to ensure effectiveness and efficiency in the performance of the Assembly.

The Program is being delivered through the General Assembly and other structures and

committees of the Assembly and covers four (4) Urban/Zonal Councils. The various

organizational units involved in the delivery of the program include.

General Administration

Human resource Department

Planning Unit

Budget Unit

Internal Audit Unit

Procurement Unit

Management Information System Unit

20

A total number of Forty-four (44) employees are involved in the delivery of the programme. They include Administrators, Development Planners, Budget Analyst/Officers, Account Officers, Procurement Officers, Internal Auditors, Management Information System Officer and other support staff (i.e. Executive officers, laborers, cleaners, and drivers).

- The Program involves five (5) sub- Programmes. These are:
 - General Administration
 - Finance and Revenue mobilization
 - Planning, Budgeting and Coordination.
 - Legislative Oversight.
 - Human Resource Development and Management

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

- To provide administrative support and ensure effective coordination of activities of the various Departments and Agencies in the Municipality.
- To ensure efficient management of the Assembly's finances
- To timely collate and submit mandatory Municipal reports

Budget Sub- Programme Description

The sub-program entails the provision of administrative support services and effective coordination of the activities of the various Departments and Agencies in the Assembly. The operations are:

- Provision of general information, direction and implementation of standard procedures of operation for the effective and efficient running of the Municipality.
- Consolidation and incorporation of the Assembly's needs for equipment and materials into a master procurement plan, establishes and maintains fixed asset register and liaises with appropriate heads of Agencies to plan for the acquisition, replacement and disposal of equipment.
- Provision of general services such as Utilities, General cleaning materials and office consumables, Printing and Publications, Rentals, Travel and Transport, Repairs and Maintenance, Training, Seminars and Conferences, Rates, General expenses, Compensation of Employees and Advertisement
- Discipline and productivity improvement within the Assembly
- Issuance of administrative directives to the Departments and Sub-structures for effective governance at all levels.

The number of staff delivering the sub program is forty-four (44) and the funding source is GoG and IGF. The beneficiaries of this sub-programme are the Departments, Agencies and the public.

The key issues or challenges facing this Budget Sub-Programme include,

Inadequate staffing

- Inadequate funding for operations
- Absence of capacity building for existing staff

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- To efficiently manage the finances of the Assembly
- To ensure timely disbursement of funds and submission of financial reports
- To provide an independent, objective assurance and special audit assignments designed to add value and improve operations

Budget Sub-Programme Description

The sub-program seeks to implement financial policies and procedures for planning and controlling financial transactions of the Municipality Assembly.

The operations under this sub programme include the following.

- Prepare and maintain proper accounting records, books and reports,
- Ensuring budgetary control and management of assets, liabilities, revenue and expenditures,
- Ensuring inventory and stores management
- Strategically plan for local resources mobilization.
- Departments and Units responsible for implementing this Budget Sub-Programme are the; Finance Department, Budget Unit, Sub-structures, and other stakeholders in revenue Mobilization. The number of staff delivering the sub program are ten (4) and the funding source is GoG, IGF and World Bank (SOCO). The beneficiaries of this sub-program are the Departments, Agencies and the public.

The challenges this Sub-Programme has faced and likely to encounter again are as follows.

- Late releases of GoG funds
- Inadequate IGF mobilization
- Inadequate resources to execute Revenue Mobilization Action Plan
- Rate payers not adequately educated on the need to pay tax
- Inadequate capacity of Revenue Collectors and Urban/Zonal Council Staff.

SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-Programme Objective

- To build the capacity of staff to enhance efficiency and effective performance in current and future jobs.
- Educate staff on discipline and grievance procedure.
- Develop effective and efficient performance management processes

Budget Sub- Programme Description

The Budget Sub-Programme seeks to ensure that staff acquire relevant skills and knowledge and develop managerial and leadership capacity for the effective management of the Assembly. The programme also seeks to produce a performance management system that strives for and rewards high performance, maximizes flexibility and encourages employee professional growth and development.

The Sub-Programme is delivered through training, appraisal and career progression.

The main beneficiaries of the programme are staff of the Municipality Assembly including all departments and the public. The funding for this programme comes from the GoG and IGF. The HR department has one (1) officer and would be supported by administrative officers to carry out the implementation of the sub-programme.

Challenges confronted by this Sub-Programme include the following.

- Lead the collection of data for analysis on cost effective farming enterprises.
- Advising and encouraging crop development through nursery propagation
- Assisting in the development, rehabilitation and maintenance of small-scale irrigation schemes.
- Post-harvest management trainings are provided for farmers to reduce food loses.

The Budget Sub-Programme is basically funded from GoG, DACF, IGF and Donor Partners.

Twenty-five (25) core staff of the Department is involved in executing the Sub-Programme and the benefit goes to the general public.

Key challenges confronting the Sub-Programme are;

- ✓ Inadequate AEA staff
- ✓ Inadequate veterinary staff
- ✓ Inadequate Government funding
- ✓ Inadequate logistics

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- Reduce vulnerability to climate related events and disaster
- Promote effective disaster prevention and mitigation

Budget Programme Description

This programme seeks to safeguard the natural environment and ensure a resilient built environment. In the medium-term, the focus has been on protecting the natural resources including water, minerals, lands and forests; climate change adaptation and mitigation; disasters and reducing pollution. In achieving the overall aim of managing and governing the environment, this programme outlines activities and programmes that seek to:

- ✓ Create awareness to mainstream environment and sanitation into the development process at the community level
- ✓ Ensure environmentally sound and efficient use of both renewable and nonrenewable resources in the process of municipal development
- ✓ Apply the legal processes in a fair, equitable manner to ensure responsible environmental behavior in the municipality

The sub-programmes that make up the programme are:

- ✓ Disaster Prevention and Management
- ✓ Natural Resource Conservation

SUB-PROGRAMME 5.1 Disaster Prevention and Management Budget Sub-Programme Objective

To reduce disaster risks across the Municipality

Budget Sub- Programme Description

This Sub-programme is delivered by the National Disaster Management Organization (NADMO).

The key operations under this sub-Programme are.

- ✓ Ensuring Emergency preparedness and response mechanisms.
- ✓ Organizing Public education and awareness through media discussions, outreaches, seminars and training of community members and Disaster Volunteer Groups (DVGs).
- ✓ Providing skills and inputs for Disaster Volunteer Groups
- ✓ Coordinating the rehabilitation and reconstruction of educational and other social facilities destroyed by fire, floods rainstorms and other disasters. Monitoring, evaluating and updating National Disaster Plans

Funding is mainly by the GoG and IGF. The beneficiaries of this sub-programme are the people in the municipality who are affected by disasters.

The main challenge facing this sub-programme is inconsistent and inadequate release of budgeted funds which affects efficient delivery of the sub programme. To address this challenge, release of adequate funds must be timely and regular.
